That good Gravely taste!

Real Gravely is the common-sense chew for men. It is economical. A man gets his tobacco satisfaction out of a smaller chew and fewer of them. The good Gravely taste lasts a long while. Two or three small squares of Real Gravely stays with you

longer than a big hunk of ordinary plug. Each piece is packed in a pouch. These are the plain facts about Gravely Plug Tobacco.

It goes further--that's why you can get the good taste of this class of tobacco without extra cost.

NOTICE.

Having sold my property and about to leave Heppner I wish to announce that all accounts due me have been left with S. A. Pattison, at the office of the Heppner Herald where payments may be made and receipts received. The fire caused me heavy loss and I need every cent due me to help re-establish myself in business. Please call and give this matter your early attention. GEORGE W. VERDOT, Heppner, Oregon, Sept. 28, 1918.

The Yukon miner is turning from gold to silver mining. While the value of the former, or its purchasing power, has decreased, that of silver has been doubled.

There is great activity in two silver bearing areas tributary to Dawson, the Mayo district on the upper Stewart river and along the Twelve-Mile Creek. These fields are 150 miles apart. Silver was discovered in these areas years ago, but no work was ever done.

The Canadian government has dispatched a party of geologists to investigate the prospects of developing the silver mining industry in this section.

Rain Drowns Sparrows. Rain fell so hard in a storm at Moundsville, W. Va., recently that hundreds of sparrows were drowned.

THE CITY ELECTION

The coming city election promises to be interesting with two complete tickets in the field. Besides the "Women's ticket," the personnel of which is printed in another column, another ticket, headed by Mayor Smead, and with Fred Tash, Hanson Hughes and J. O. Hager for Councilmen, and J. P. Williams and L. W. Briggs for recorder and Treasurer, is announced. It is also understood that C. L. Sweek, present incumbent, will be on the ballot for re-election.

GOOSE HUNTERS GET GAME

A party of Heppner sportsmen consisting of Gene Noble, Snider, the lee men, Storm and Kenneth Mahoney, bankers and Mr. and Mrs. Ben Patterson, drove to Arlington Sunday and enjoyed some fine sport shooting geese. When the Herald man started out to secure a honker for his own use Monday morning, however, he had ill luck. Ben and Gene and Storm and Snyder all steered him in Kenneth's direction as the only man who had a surplus and Kenneth declared the bunch had given the h. m. a bum steer. A fat goose would be acceptable from any of them next time they go, for a fat goose is always better than a bum steer.

SOLDIERS' CHRISTMAS PACKAGES

The local chapter of the Red Cross has been notified that the time for sending Christmas packages to the soldiers overseas has been extended to November 20th. Those interested will please take notice.

Wars are won with metal--save it.

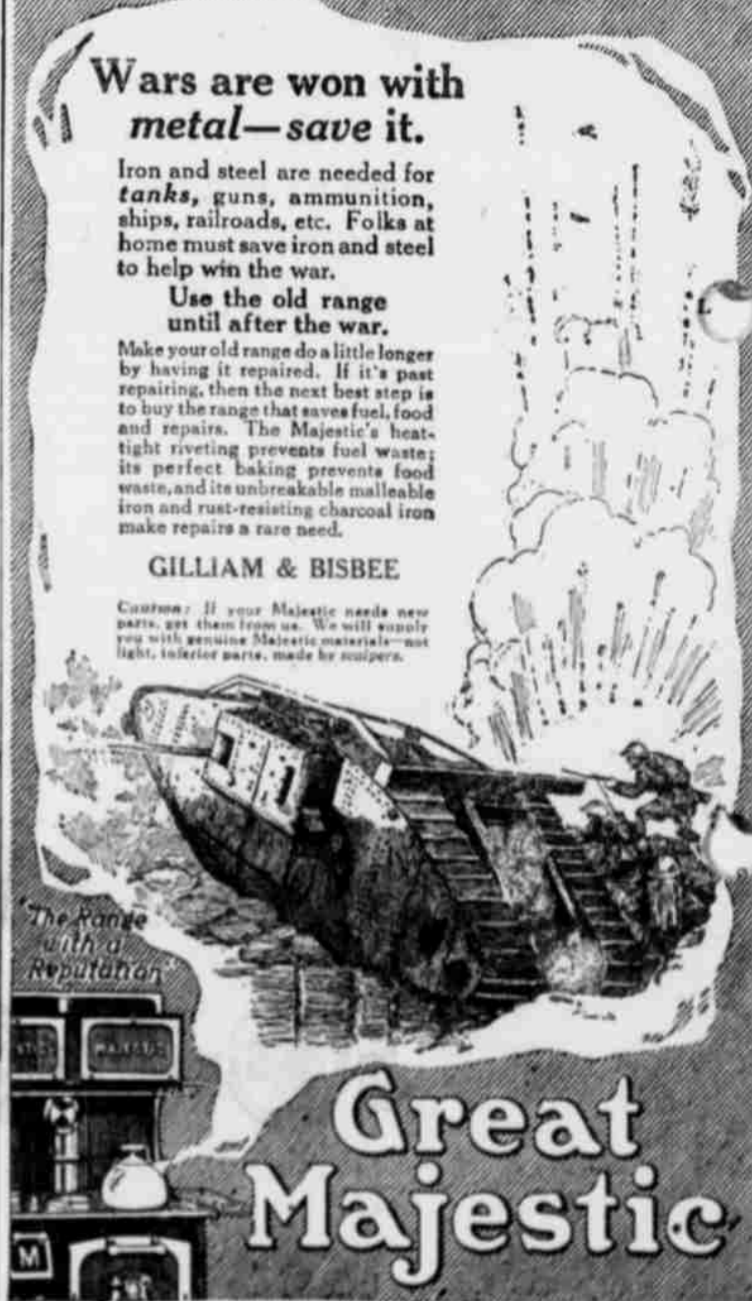

Iron and steel are needed for tanks, guns, ammunition, ships, railroads, etc. Folks at home must save iron and steel to help win the war.

Use the old range until after the war.

Make your old range do a little longer by having it repaired. If it's past repairing, then the next best step is to buy the range that saves fuel, food and repairs. The Majestic's heat-tight riveting prevents fuel waste; its perfect baking prevents food waste, and its unbreakable malleable iron and rust-resisting charcoal iron make repairs a rare need.
