## The Man in the Tobacco Store Says

—it does beat all how men are taking to Real Gravely, now that they know it costs nothing extra to chew this class of tobacco. All you have to do is to get a man to take his first plug of Gravely. Let him get the pure, satisfying Grave-

ly taste, and learn for himself how much longer the small Gravely chew stays with him than a big chew of ordinary plug.

*It goes further—that's why you can get the good taste of this class of tobacco without extra cost.*

## LOCAL ITEMS

Mr. and Mrs. A. L. Ayers went to Portland this morning to spend Thanksgiving.

County Agent Brown drove over to Umatilla Saturday evening to catch the Spokane train on a visit with his home folks.

Mrs. Fred Elder came out from Portland last Wednesday to visit for a few days with her mother, Mrs. Adkins and other relatives and friends.

F. L. Ballard, assistant county agent leader for Eastern Ore., with headquarters at The Dalles, was here Saturday attending the Farmers' annual meeting.

Frank Anderson, a prominent farmer of the Rhea Creek district, and vice-president of the Farmers & Stockgrowers National Bank, was made president of the county agricultural council last Saturday and S. H. Boardman, of Boardman, was made vice-president. C. E. Jones, who has served the council as secretary-treasurer the past year was re-elected.

Mrs. Mabel Curtis, of Marshfield, Ore., was here several days last week visiting her mother, Mrs. W. W. Smead, her sister, Mrs. W. O. Bayless and other relatives and friends. Mrs. Curtis was a former well known Heppner girl and has many friends here. Before coming here Mrs. Curtis visited other sisters at Nampa, Idaho, and at Pendleton. She left for home Sunday morning.

C. D. Morey, who farms in the Findley section north of Lexington, was an interested attendant at the farmer's meeting Saturday. Mr. Morey was also an interesting attendant at the meeting inasmuch as he took a prominent part in the discussion of various problems. Mr. Morey is particularly interested in a campaign looking to the eradication of the squirrel and rabbit pests, as these animals inflict heavy losses on the farmers of his section every year.

*Dr. McMurdo, who has been very ill, is on the street again looking and feeling fine.*

## CHANGES OWNERSHIP

Henry Schwarz has disposed of the People's Cash Market to C. D. Watkins, of Wasco, who took over the business last Friday morning. Mr. Watkins expects to occupy new quarters in the building about to be erected adjoining Hill's garage as soon as it is completed and says he will install a strictly modern, sanitary market. Mr. Schwarz has not indicated just what he will do in the future but it may be depended upon that he will continue jolting his friends just the same.

## Wars are won with metal—save it.

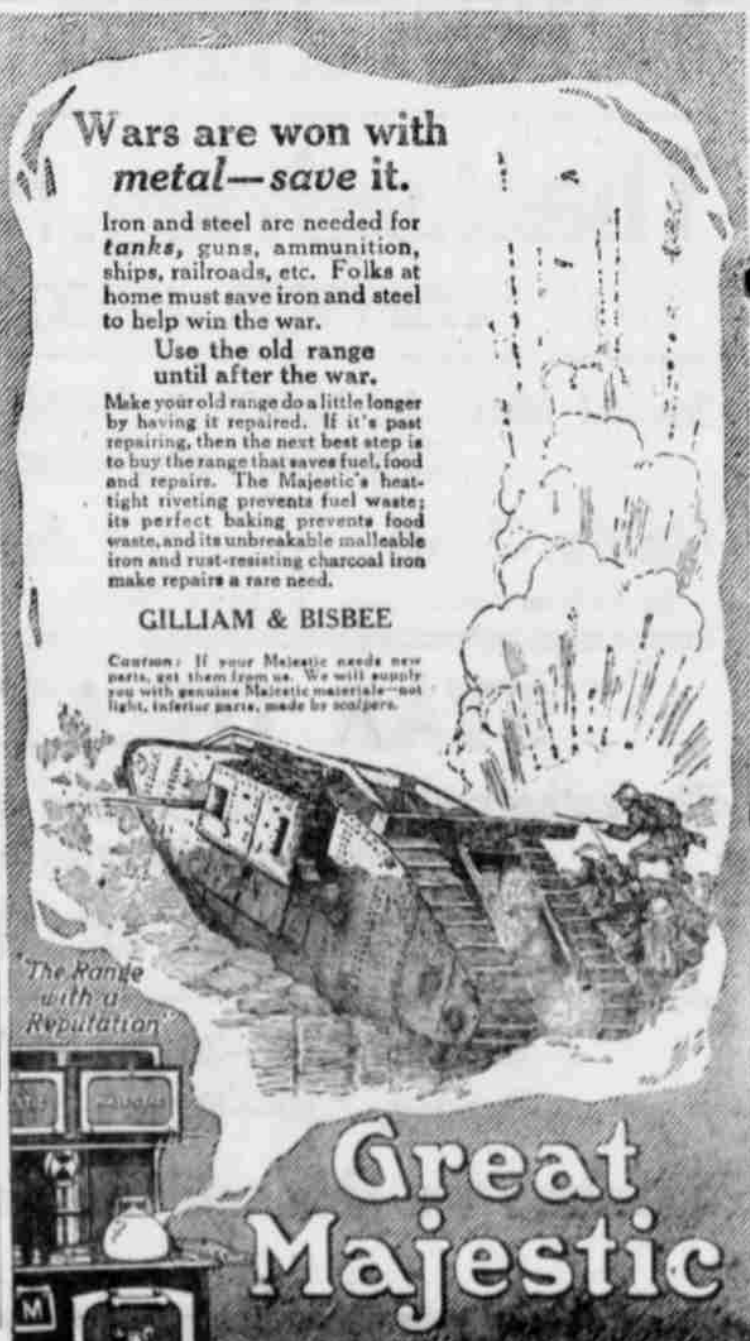

Iron and steel are needed for tanks, guns, ammunition, ships, railroads, etc. Folks at home must save iron and steel to help win the war.

Use the old range until after the war.

Make your old range do a little longer by having it repaired. If it's past repairing, then the next best step is to buy the range that saves fuel, food and repairs. The Majestic's heat-tight riveting prevents fuel waste; its perfect baking prevents food waste, and its unbreakable malleable iron and rust-resisting charcoal iron make repairs a rare need.

GILLIAM & BISBEE

Caution: If your Majestic needs new parts, get them from us. We will supply you with genuine Majestic materials—not light, inferior parts, made by scoundrels.
