

Hank pinned
the bee on Ed
for fair

Ed never could see any
chew but a big hunk of
oversweet tobacco. "You
take this plug of Real
Gravely," says Hank. "Take
a small chew—two or three
squares. See how long it
holds its pure, rich taste.
If you don't admit that
Gravely gives you tobacco

satisfaction without extra
cost, I'll buy your plug for
a month." Hanged if Ed
didn't walk in next day,
grab off a plug of Gravely
and throw down his money
just like a little man!

*It goes further—that's why you can get
the good taste of this class of tobacco with-
out extra cost.*

Why Meat Prices Vary in Different Stores

Prime steers.....	\$19.00@20.35
Good to choice steers.....	17.00@19.50
Common to medium steers.....	16.75@18.75
Yearlings, fair to fancy.....	16.00@19.50
Fat cows and heifers.....	8.25@15.50
Canning cows and heifers.....	7.50@ 8.25
Bulls, plain to best.....	6.50@12.50
Four to fancy calves.....	6.75@15.75
Western range steers.....	10.00@15.50

These newspaper quotations
represent live cattle prices in
Chicago on December 30th, 1918.

The list shows price ranges
on nine general classified groups
with a spread of \$13.85 per cwt.
—the lowest at \$6.50 and the
highest at \$20.35.

Why this variation in price?

Because the meat from differ-
ent animals varies greatly in
quality and weight.

Although the quotations
shown are in nine divisions,
Swift & Company grades cattle
into 34 general classes, and each
class into a variety of weights
and qualities.

As a result of these differences in
cattle prices, (due to differences in
weights and meat qualities), there is a
range of 15 cents in Swift & Com-
pany's selling prices of beef car-
casses.

These facts explain:

- 1—Why retail prices vary in different stores.
- 2—Why it would be difficult to regulate prices of cattle or beef.
- 3—Why it requires experts to judge cattle and to sell meat, so as to yield the profit of only a fraction of a cent a pound—a profit too small to affect prices.
