THE LUXURY TAX HITS US ALL

On and after April 1st, there will be a tax of 5% upon the sales of all articles commonly or commercially known as jewelry, including precious metals or imitations thereof, and ivory, watches, clocks, and opera glasses. This tax is to be collected by the dealer upon such goods when sold to the user, and every store in Oregon handling any of these lines must collect this tax upon all sales commencing April 1st, 1919. In order that a complete list of dealers in these goods may be compiled all such dealers should send their names to the Collector at Portland, stating the business engaged in.

On and after May 1, 1919 there will be a tax collected from the purchaser of ice cream, soda water, and such other refreshments of this kind as are served at soda fountains and similar places of business. Owners of soda fountains and ice cream parlors should be sure to have their names listed with the Collector at once.

On and after May 1st, 1919, the luxury tax will be effective. This provides that a tax of 10% shall be collected from the purchaser by the dealer on carpets and rugs selling at over \$5.00 a square yard; picture frames, trunks, valises, purses, portable lighting fixtures, umbrellas, fans, smoking jackets, men's waist coats, men's and women's hats, caps, boots, shoes, pumps and slippers, men's neckties and neckwear, silk stockings or hose, men's shirts and men's and women's pajamas, nightgowns, and underwear, kimonos, petticoats and waists. Practically every store in Oregon will be affected by this tax, which will apply to all that part of the price for which the goods are sold in excess of the price stipulated in the net.

On and after May 1st, 1919, perfumes, essences and extracts, dentifrices and similar articles, as well as pills, tablets, powders and other medicinal preparations, will be subject to a tax of one cent on each twenty-five cents or fraction. This tax will be paid by stamps affixed to the article by the seller. Other new taxes are on shooting galleries which will pay \$20 a year, riding academies which will pay \$100 a year, "for hire cars" to pay \$10 a year for each car having a seating capacity of more than two and not more than seven,

and \$20 for each automobile having a seating capacity of more than seven. It is the intention of the internal revenue bureau to give wide publicity to the various provisions of the new act, but it should not be forgotten that the taxpayer is supposed to ascertain his liability, and that ignorance of the law is not held by the courts to be valid reason for not complying with the law.

Collector Miller will be pleased to furnish all information upon request, but obviously has no means of reaching everyone affected by the act and notifying them individually of their liability.
