MORROW BOYS HOME FROM THE **JOHNSON WINS GRANT** ARGONNE **COUNTY CATTLE CASE** 

#### JOHNSON JURY AWARDS PLAIN-TIFF \$6000 DAMAGES

Attorneys Battle For Days in Famous Case Which Will Be Appealed

THE JURY

\*\*\* Jack, Hynd, W. H. Cronk, C. E. Johnson, E. R. Lundell, Andy Rood, Jr., J. D. ÷ Bauman, C. M. Whittington, 🕂 ÷ 4 Joe Howell, M. D. Clark, C. 🕂 E. Jones, Malcolm Church.

The big damage case transferred here from Grant county went to trial

-

in Judge Phelps' court Wednesday ... ming and has proven to be the star case of the term. This is a case in which James

Johnson is suing Ben Colvin to re- MOREY PLEADS GUILTY AND cover the value of some 30 head of cattle which were stolen from Johnson's range in the forest reserve in Number of Minor Cases Disposed of Grant county during the summer of 1912. In addition to the value of the cattle Mr. Johnson asks for reimbursement for his time and expenses while hunting for the cattle and journed this morning shortly after also punitive damages in the sum of \$30,000.

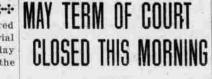

L. Rand, of Baker, are attorneys for dleton, E. Hicks, of Canyon City, and Sam E. Van Vactor, of Heppner, are urday evening Morey withdrew his looking after the interests of the defendant.

In his testimony Johnson told how when selling his beef in 1912 he cut out every avenue that might have out his best young cows and heifers remained for acquital or lighter verand turned them back on the range dict and it is understood that he reintending to keep them for breeding fused to folow the instructions of his purposes, and that a day or so after attorney either while his case was turning them out they were driven being prepared or during the trial. from the range. He recited how, after missing the cattle he started in vs. Morow county, on appeal from ally leading to the Union Meat Co.'s for the opening of three new roads plant in Portland where he found through the Davidson ranch went to of Portland, to the Union Meat Co., awarded some \$1400 damages. for one J. B. Jingles, who shipped whose hides were found and identified, from the Benson Commission Fix and Lester Goff on the charge of

Phil Brady, Jim Daily and Roy Wakefield, well known Morrow county boys, who left Heppner together and remained together thru all the ups and downs of war have now received their discharges and return-

ed home. The three were twice at the front in the Argonne battle and Brady witnessed the death of Jim Shell, of Condon, who was killed by a shell explosion the story of which is told by Colin Dyment and reproduced in this issue.

Mr. Brady says he was not particularly crazy about going across in the first place but that now he would not take anything for the experience. The three boys were in France nine monhs and took part in plenty of heavy fighting during that time.

#### THE GRADUATES

**T** HE present week is a most important one in the lives of a considerable number of Heppner youth, boys and girls-or should we say young ladies and young gentlemen-the class of '19, Heppner High School, who are just

> "Standing with reluctant feet where the brook and river meet,"

Reluctant, perhaps to sever the happy relations of childhood's school days, yet impatient to step out into the larger affairs of life intent on the Great Discovery of just what this old world has in store for them, and just what they will be able to wrest from the fickle hand of Opportunity in the way of achievement, service and success.

It is well for them that they are young, filled with enthusiasm and courage for in this age courage and enthusiasm are two of the vital elements of achievement.

When we older ones witness the closing exercises of their public school days next Friday evening we will fervently bid them God speed on the wonderful journey upon which they now start as we recall Longfellow's lines:

> "How beautiful is youth, how bright it gleams, With its illusions, aspirations, dreams; Book of beginnings, story without end Each maid a heroine and each man a friend.

"In its sublime audacity of faith, 'Be thou removed,' it to the mountain sayeth, And with ambitious feet, secure and proud. Ascends the ladder leaning on the cloud."

#### ELKHORN RESTAURANT WILL CLOSE

Ed. Chin, proprietor of the Elk horn restaurant, has decided to close the business for the present, store his furniture and fixtures and take a vacation. Ed's partner, Ben, went to China for a visit several months ago and according to the last word had from him should have been back in Heppner some time ago. Until

his arrival Ed. does not care to purchase or take a long lease on other property therefore has decided to retire from business for the present. Heppner people will miss the Eikhorn which for many years has been

a landmark. Since the fire last summer the place has done an immense busines. It is said the place fed more than 400 persons last Sunday

**GATES MAKES SURVEY** POWER PLANT CONDUIT

#### SAYS CHEAP LIGHT POWER NOW ASSURED HEPPNER

Five Mile Conduit Will Drop Water 700 Feet-Develop 400 Horse Power

H. V. Gates president of the Heppner Light & Power company and who draulic engineers of the Pacific Northwest, spent Sunday in the city after having been on upper Willow creek with an engineering party making a survey of the line for the proposed power plant where his company proposes to develop a water power for the purpose of developing electric power for use in Heppner, Leréngton, Ione and the intervening

country. To a Herald representative Mr Gates stated that the project has ale dy reached the stane where he can say positively that the plant will be installed and when completed will supply the territory covered with with them, and now was in his hole electrical energy at a rate so attractive that not only will light and power be supplied at only a fraction of the present cost but that Heppner houses with electricity as cheaply as they now do with wood and coal. The water for this purpose will be aken from Willow creek at what is known as the Yoakum place, some creek and will be carried around the concrete conduit to a point near the badly cut up and instantly killed. forks of the creek where it will be

given a sheer drop of 700 feet to the gun battalion lost a pair of fine non

WITNESSES DEATH OF CONDON COMRADE

JAMES SHELL INSTANTLY KILL-ED IN ARGONNE FIGHT

Cleo Drake, Eightmile, Close to Him At Time Escapes Without Scratch

Colvin V. Dyment, American Red Cross searcher with the 91st Division is writing a detailed account of the Argonne battle for the Oregonian and gives the following account of the death of Corporal James Shell of Condon, which was witnessed by Sergeant Cleo Drake, of Eightmile, this county. The story follows:

On the 29th the colonel started for Gesnes with his men. His reputation for indifference to enemy fire was put to the firey test on that afternoon, and it held. He walked along, twirling a cane. He was pretty well over to the right flank and it was improbable that, with fire from two sides, he would get far; and he didn't-only it happened to be a wound instead of death. He lay on the ground mourning. "For years I have been hunting an army," he said, "and now that I've found one I can't go on with them. Just see the go." The colonel was carried back and recovered. He became a colonel of military po-

lice in Paris, and the writer has heard one 91st man counselling another: "If you get in trouble in Paris, make the M. P. tell Colonel Parker. With him a 91st man can't do anything wrong."

Fresh rations and tobacco put men in good spirits over in the damp foxholes on Miller hill, and Private John Boyce of 99 Monte Cristo avenue, Oakland, Calif ..., and Private George Kennell of Hanford, Calif., had both just drawn rations and had tobacco. Sergeant Allen Passenger, of route 4 box 355, Seattle, had just talked 15 feet distant. It was 9 A. M. on the 30th, hundred hours having just begun. Kennell and Boyce were on the front line so close to the top of will cook their food and heat their Hundred Hour hill that the trajectory of a shell would commonly carry it over. Fritz, perhaps crestfallen, over the taking of Gesnes, on the day before and not yet daring to come back to the town in force, was five miles above the forks of the pelting the area heavily to prevent any more such attacks. A shell fell mountain side through a covered in with Kennell and Boyce, who were
