Methodist Centenary \$105,000,000 Fund Will Save Indian Children

In spite of agitation and education, child marriages still persist among the high-caste Hindus. In India mothers grow up with their children. This 18-year-old girl is the mother of three. Her children are bright and well-fed, but the great proportion of babies die of starvation and neglect before reaching maturity. The missionary doctor is waging war against the ignorance and superstition which have doomed hundreds of thousands of children to death. The Methodist Episcopal Church will advance India's physical and moral welfare during the next five years by the expenditure of \$5,344,780 out of its Methodist Centenary world betterment fund of \$105,000,000 now being raised for hospitals and mission schools, manned by trained workers.

PASSENGER TRAIN SERVICE IN APRIL

R. H. Ashton, regional director of railways in the northwest region, sends out a statement showing that during the month of April, 85.81 per cent of all trains arrived at destination on time and that only 3.13 per cent arrived one hour or more late, the majority of these more than one hour late being due to matters over which the management had no control such as storms, etc., which is not a bad showing.
