SOCIETY NOTES

BERNICE GITHENS GIVES SLUMBER PARTY

Miss Bernice Githens most pleasantly entertained a half dozen of her girl friends last Wednesday evening at her east side home at a "slumber" party, the guests having been invited to spend the night at the Githens home. The evening was pleasantly passed at games, candy making and bed-time stories, the wee sma' hours being seriously enroached upon before the sounds of merriment were hushed in the little role of the occasion—slumber.

A dainty breakfast was served after which the guests took numerous kodak snaps of each other as mementos of the delightful occasion.

Those present were Helen Barratt, Doris Mahoney, Alma Devin, Elizabeth Phelps, Eulalia Butler and Kathryn Pattison.

LITTLE GIRLS HONOR VENERABLE LADY

One of the most unique birthday parties ever given in Heppner was that given on the Mahoney town last Friday afternoon by the little girls of that neighborhood in honor of their very dear friend, Mrs. Emalie Kelly, who on that day celebrated her 71st birthday.

Mrs. Kelly is just recovering from a recent protracted illness and in honor of her recovery as well as of her birthday, the youngsters planned and carried out the lawn party at which private theatricals were the leading feature.

The little ladies, who range in age around eight or ten years, decided to dramatize the children's stories, "The Three Bears," and "The Carpenter Who Lost His Hump," and without interference or assistance from their elders they put over a grand success inviting as special guests their mothers and all the other ladies of that particular neighborhood.

Some friction is said to have arisen during rehearsal period because of the fact that the boys of similar age in the neighborhood, and who are as warm friends of Mrs. Kelly as the girls are were ignored but the situation was relieved at the last when the boys were all invited to look after the phonograph and help with the ice cream and cake.

The young artists taking leading

parts in the dramatic performance were Misses Patty Mahoney, Mary VanVictor, Inez Hayes, Mary Patterson and Dorothy Pattison.

Mrs. Kelly has been a resident of Morrow county for more than 30 years and is known as one of the county's best loved pioneer women.

MAKRIED

HALFERT-WADE

At the home of Rev. Frank Andrews in this city, Sunday, July 27, 1919, Mr. Frank Halfert and Miss Echo M. Wade, well known young people of Morgan, were united in marriage. The interesting ceremony was witnessed by Mr. and Mrs. Sorenson, friends of the young couple, and Mr. Roy Halfert, brother of the groom.

Mr. and Mrs. Halfert will reside near Morgan.

J. W. Kirschner, county surveyor of Gilliam county, came over from Condon last Wednesday to survey the proposed new Ritter road down Ditch creek.

WEIGHTS AND MEASURES HAMP-ERED ALLIES

Congressman Fiorello LaGuardia of New York, former major in the Air service in charge of fliers on the Italian front, has thrown interesting light upon the difficulties faced by the United States in co-operating with its allies in the world war. Major LaGuardia has telegraphed the World Trade Club of San Francisco, an organization representing 500 leading manufacturing merchants, pledging his support to the campaign that the organization is now waging for the world wide adoption of the metric system of weights and measures, now used by all the world except the United States and Britannia.

In his wire Major LaGuardia points out that the world war showed the imperative need of standardization of weights and measures. He advocates the metric system.

"I still have unpleasant memories of the difficulty we experienced during the war," he writes, "of the loss of time the confusion, owing to different systems of weights and measures used by various allies. We lost more time in translating specifications and more errors were caused on this account than by anything else."

The World Trade Club is receiving similar testimony from a great many persons who had experience with the difficulty caused by our present weights during the war.

LOCAL ITEMS

Mr. and Mrs. Ben Patterson returned Sunday evening from a pleasant vacation trip spent motoring through the Puget Sound country and British Columbia. They report a pleasant trip most of the way with plenty of stretches of "rotten roads" to keep them reminded of Morrow county.

Mr. and Mrs. Haynie, accompanied by Miss Lera Githens, returned from a vacation trip to Halfway, Oregon, Sunday evening after a pleasant visit with friends and relatives. Mr. and Mrs. Haynie formerly resided at Halfway, coming to Heppner a few

months ago when he accepted a position with the First National Bank of Heppner. Miss Githens taught in the Halfway schools last winter making many friends during her stay in that town.

W. S. McKinney came up from Salem Friday to look after business interests connected with the harvesting of the wheat crop on his ranches. Mr. McKinney was a resident of this county for many years, retiring from active business a few years ago when he purchased a home at Salem.

Norton Winnard came up from Eugene Sunday and will absorb some sunshine into his system and some dollars into his pocket in the harvest fields. Norton, who is a student in the University of Oregon, wants to try for the wrestling team next year and thinks harvesting a good way to start training.

ENVIIOUS.

Bugs (in background)—My, she's stuck up, since she's had that new "terpillar neck piece!"

APPROPRIATE.

What did you wear at the camouflage ball last night? Invisible silk!

Gay Anderson received a card from County Clerk J. A. Waters Monday morning written from Hayes,

Kansas, where Mr. Waters is visiting his mother and other relatives and friends.

WHITE STAR BRAND

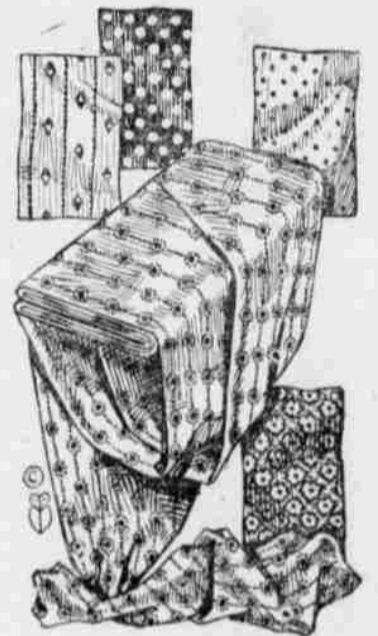

Made by men who know, for people who want the best. Only the choicest wheat carefully graded, and thoroughly washed is used in making our flour. Your baking will prove to you the big advantage of using White Star Brand flour for both bread and pastry.
