NUMBER 19

GRIM REAPER CALLS FRANK ANDERSON

PROMINENT FARMER-BANKER DIES AFTER HEMORRHAGE

Deceased, Resident of County 36 Years, Mourned By Wide Circle of Friends

Frank Anderson, vice-president of the Farmers and Stockgrowers Bank of this city, and one of the most prominent wheat farmers in the county, died at Heppner hospital last Friday afternoon following an operation performed on Thursday to relieve a serious stomach trouble. The operation was successful and the patient came out from the anesthetic in good condition and was thought to be on the way to a speedy recovery when during the night he suffered from a severe internal hemorrhage which so weakened him that he was unable to

Transfusion of blood from the veins of his brothers, Ben and Alfred Anderson was resorted to following the hemorrhage with the hope that such an operation might save his life but was without avail and he passed away Friday afternoon.

Relatives, friends and business associates of Mr. Anderson all over county will sincerely mourn his untimely passing, in the prime of life and the full flush of bodily vigor, and to his immediate family will be extended the earnest sympathy of a host of friends.

Deceased was a native of Kansas and had been a resident of Morrow county since 1893 when he came with his parents to the Eight-mile country. He engaged in farming and was eminently successful. Because of industry and business ability he prospered in his chosen vocation and when the Farmers and Stockgrowers National Bank was organized here two years ago he was elected vice-president of that institution. He was president of the Morrow County Farm Bureau at the time of his death and was also affiliated with the Odd Fellows' fraternity being a member of Willow Lodge, of this city. He was aged 49 years and 6 months.

Mr. Anderson was married December 20, 1914 to Miss Hilma Bergstrom, of Eightmile, and she, with a son aged three years and an infant daughter, is left to mourn the loss of a devoted and indulgent husband and father. Four brothers, Edward, of Wallowa county and Howard, Alfred and Benjamin Anderson, of Eightmile, and one sister, Mrs. Martin Johnson, who resides in southern Oregon, also survive him.

The funeral, which was largely attended, was held Sunday afternoon the services being conducted by Rev. T. S. Hansaker. Interment was in the Masonic cemetery.

CARD OF THANKS

We wish to extend our thanks and appreciation to our friends and neighbors for their thoughtfulness and help during the last illness of our husband and brother, Frank Anderson, and for their sympathy in our bereavement and for the beautiful floral offerings.

Mrs. Hilma Anderson, C. J. Anderson, Howard W. Anderson, E. A. Anderson, Alfred E. Anderson, B. O. Anderson.

VISITS BROTHERS IN ALBERTA

Mr. and Mrs. M. D. Clark and daughters, Misses and Mary and Margery and Miss Gladys Lane, returned from Portland Saturday evening where they have been spending several weeks vacation. Leaving the city of the party at Portland Mr. Clark journeyed on to High River, Alta. where he visited for a time with two brothers who are in business there. One brother, Charles Clark is in the newspaper business at High River and M. D. found all the home news received in the Herald at his brother's office upon his arrival. They all read the Herald up there with much interest and seem to like it.

SECOND HAND STORE OPENS

D. J. Donhouse has opened a Second Hand store in the building on upper Gale street at the rear of Ottos music store. Go out May street past the First National Bank and turn to left. It will pay you to look over his stock.

LIEUT. WM. C. BUELL HAS CLOSE CALL

Lieut. Wm. C. Buell, skillful aviator, of Walla Walla, who was scheduled to give an airplane exhibition at the Morrow County Fair this week will be unable to be present as advertised on account of an accident he met with last week when a made-in-Walla Walla plane he was trying out went into a tail spin at a height of 1000 feet and dropped to the earth. Lieut. Buell sustained a broken leg and a passenger who was riding with him came out with a fractured skull and other serious injuries.

Another aviator has been secured by the fair board and the flying program will be carried out as advertised.

REFRESHING SHOWERS BREAK LONG DROUGHT

FIRST RAIN FALLS THURSDAY DUST NUISANCE ABATED

Stockmen Elated Over Prospects of Plentiful Pasture for the Fall Season

After one of the most protracted droughts in the history of Morrow county Old Man Dust, who has been the tyrannical destroyer of the comfort and—to some extent—the prosperity of the people of this section of Oregon for the past several months went in the ring last Thursday noon with the Rain god and took the count. Since that date refreshing showers have been frequent and the dust-cursed roads have been suddenly changed into quite respectable, solid-surfaced thoroughfares.

Not since March has there been enough rain to be of any appreciable value to growing crops or range pasture but in spite of the marked deficiency of moisture the crops have generally been fair in yield while the quality of the wheat is practically all No. 1.

Most of the harvesting and threshing was completed before the rain with the exception of the Hardman country and other districts lying in the higher altitudes of the foothills. It is not expected, however, that the rains will continue long enough to cause any particular loss in those sections and the needed moisture will put the summer fallow in fine condition for early seeding while stubble plowing will also be helped.

Stockmen are perhaps the best pleased men in the county as the feed on the fall and winter ranges is shorter than it has been for years and sheepmen are already seeing visions of fresh, green feed for their flocks when they come out of the mountains next month.

The rain will also prove of great value to the Morrow County Fair which opens Thursday by putting the dust out of business and making everybody feel in the right humor to thoroughly enjoy a few days vacation.

WORK STARTS ON ELKS' BUILDING

It's no bluff this time. The Elks are not "going to build;" they are building. A crew of men started work Monday morning excavating for the foundation and things are humming around there something like a bee hive in swarming time. The workers are tearing thunder out of the short-cut trail from the Herald office to Main street and henceforth the heavy traffic which is continually headed towards this office to buy a year's subscription or a lot of advertising space or some first-class job printing will have to make a square corner around the Palace ruins. It's a good deal of a nuisance to the general public in getting to the Herald office under full steam but such is the price of progress in Heppner.

If you want what you want when you want it try a classified ad.

Herald Presents 16-Page Edition

It is with considerable pleasure and not a little pride that the Herald today presents its readers with a 16-page, 3-section Morrow County Fair edition, in an effort to do what it can to advance the interests of Morrow County's annual festival.

It has been no small task for two men to undertake the work of four in getting out an edition of this size and the cramped quarters in which the Herald is still doing business have added to the handicap. But, as compared with the tabloid edition of July 5, 1918, the morning after the big fire, or even with the paper as it appeared last Fair time, when printed at Ione as a 4-page, 5-column sheet, it is "some paper" and, we believe, marks a commendable degree of progress.

The Herald appreciates the loyal support it has received from the business men of Heppner and the citizens of Morrow County which is evidenced by its constantly growing list of bona fide subscribers and its liberally patronized advertising columns.

Special attention is called to the colored supplement section devoted to the Pacific International Livestock Exposition Building which we believe will be of more than ordinary interest to every citizen who appreciates importance of the stock industry to this country.

Morrow County Fair Program

THURSDAY, SEPT. 11 MORNING

11:15 Band concert, Campbell's band

AFTERNOON

1:30 Band concert Campbell's band

2:00 Address Mrs. Edith Tozier Weathered

ANOTHER ARTESIAN WELL STRUCK NEAR IONE

Bert Mason, merchant of Ione, was in the city Monday bringing word that a promising artesian well was brot in at the Martin Behm ranch, 12 miles east of Ione, last Friday. The new spouter is situated about one-half mile from Well springs, a famous watering place in that section and which has always been considered in the nature of an artesian spring. The well flows 12 gallons per minute without casing and the well has not even been cleaned out since the drill was withdrawn. The drilling was done by Wade & Bowers, of Ione.

BIG PARADE WILL BE FEATURE ON FRIDAY

CAMPBELL'S BAND SCHOOL CHILDREN SOLDIERS MARCH

Sixteen Decorated Floats Will Take Part—Tractors and Live Stock Much in Evidence

E. S. Liljeblad, who has been made director of the big parade to be pulled off on the second day of the Fair gives the information that everything is practically in readiness for the event with promise that it will be an honest to goodness parade that would do credit to a much larger town than Heppner.

Mr. Liljeblad is still busy putting the finishing touches on the 16 floats which are being prepared under his direction by different business concerns of the city and a large number of the school children are being coached in a "letter drill" which will be a feature of the parade.

Another interesting feature will be the dress parade of ex-soldiers, sailors and marines many of whom were on the other side and took a hand in reducing Heinie to a condition of innocuous desuetude. J. A. Waters and Dr. H. C. Bean are in charge of this feature and as Mr. Waters was master of ceremonies last year when the boys were drafted and is acquainted with practically every boy in the county who entered the service, and as Dr. Bean was himself in the army, it may be expected that the soldier feature will be worth while.

Campbell's Cornet band will head the parade and will furnish music during the entire meeting.

In addition to the floats by private firms or individuals there will be a handsome Liberty float and also one representing Morrow county.

Another feature of more than ordinary interest to the farmers will be the tractor feature in the parade. Practically every type of tractor in use in the county will be represented and besides the parade the tractor showing will be a feature of the occasion.

Stockmen will no doubt be particularly interested in the live stock exhibit and the director says most every kind of domestic animal that can be rode, drove or towed by a halter rope will be on the job.

The parade is scheduled to start promptly at 10:30 A. M. Friday morning and everybody should make a special effort to be on hand and see it all.

WATCH FOR THIS ROOSTER AT THE FAIR

Little Miss Dorothy Herren will have on exhibition at the fair a fine big rooster that is her very own by right of discovery, raising and education. One day about a year ago Dorothy and a friend of hers were playing in the back yard when they heard a very small and plaintive "peep." Looking around they found an egg from a hole in the shed from which protruded a very small bill. They hastily picked the shell away and brought forth a tiny chicken. No baby ever received more careful nursing than did the small chick at Miss Dorothy's hands and now he is a big, dignified rooster as big as a—well you can see him for yourself at the fair. Dorothy does not know his pedigree but says he is just as smart a chicken as tho he was a thoroughbred.

WOMEN'S RELIEF CORPS MEETS TOMORROW

A meeting of the Women's Relief corps will be held tomorrow, (Wednesday) afternoon at the home of Mrs. D. E. Gilman on Chase street. All members are urged to be present.

ROUND-UP SPECIAL ON HEPPNER BRANCH

Arrangements have been completed for running a special train from Heppner and all other stations on the Heppner branch to the Round-up at Pendleton. The train will be made up of sleepers and the round trip fare is \$15.50 which includes berths on the train three nights and grand-stand tickets two days. Tickets are now on sale for this train and reservations should be made at once to secure best accommodations. Bert Mason, of Ione, is in charge of the arrangements and all expecting to make the trip will find this not only the cheapest but the most satisfactory plan.—Adv. 1920

KING COMES THROUGH LIKE A GOOD FELLOW

VICTOR EMMANUEL GIVES LANDS TO PEASANTS

Helps Men Who Helped Win the War. Asks to Pay Taxes Like Common Folks

King Victor Emmanuel, of Italy, has decided to surrender all the crown properties in favor of the peasants and for national work for former soldiers.

Premier Nititi, at one of the first sittings of Parliament, which is to be opened Wednesday, will make this announcement.

The crown properties of Italy are larger than those of any other country.

During the war the king gave over his splendid royal palace at Caserta for the use of soldiers. His intention now is that the vast lands which he possesses shall go to the peasants who fought in the war, while his palaces, castles and other buildings shall be utilized for philanthropic purposes.

In addition, the king has expressed a desire that his private patrimony be taxed like that of any other citizen.

TOM MIX IN "WESTERN BLOOD"

Tomorrow night at the Star Tom Mix will be seen in the great production, "Western Blood," which is said by critics to be the greatest play ever filmed for real western "pep" and action. You will be the loser if you miss this great show. It is a hum-dinger and many of the scenes will make your heart quit beating for something less than 15 minutes.

STATE GAME WARDEN'S NEWS BULLETIN

The Federal season for duck shooting will be followed by the State Game authorities according to an announcement made by Carl D. Shienmaker, state game warden. For all of Western Oregon, or game district No. 1, which, taken in all the counties west of the summit of the Cascade mountains, the season opens on October 1st and closes on January 15th, both days inclusive. For Eastern Oregon, or game district No. 2, the season opens on September 16th and closes on December 31st, both days inclusive.

The courts have uniformly held that the federal laws are supreme and if seasons are to be changed they must come through the federal government and not the state. Sportsmen throughout Oregon will, therefore, observe the federal laws and seasons with reference to the shooting of ducks. However, all other provisions of the state law, with the exception of the opening and closing dates, will be enforced as there is no conflict with reference to bag limits, hours for shooting and methods of pursuit. The bag limit for migratory birds is twenty-five in any one day and not to exceed thirty in any seven consecutive days.

One Good Sign. Jack had just entered the fifth grade. His former teacher of the fourth grade met him one day and asked him how his present teacher liked his class. "I guess she likes us all right," he said, "for she hasn't taken the smile off her face yet."
