## School Supplies

Now that the opening of school is so near all commence to think of school books and other necessary supplies. As the school books are to be changed this year every child will need an entire new set of books, toward the purchase of which the old books will be taken in exchange, providing as specified by the publishers, they are in good condition.

We have in stock a good assortment of loose leaf note books, besides the regular composition books, tablets, etc. Also crayons, paints, pencils, erasers, ink, fountain pens and in fact everything that the child will need in school.

Special attention will be given mail or telephone orders—the supplies will be sent the same day the order is received.
