HEPPNER, OREGON, TUESDAY, SEPTEMBER 16, 1919

NUMBER 20

## IRRIGATED DISTRICT MAKES FINE SHOWING

### IRRIGON, BOARDMAN DISTRICTS CARRY HOME MUCH BACON

#### Irrigon First With Community Exhibit—Boardman Leads In The School Club Work

The showing made by the enterprising fruit-growers of Irrigon at the county fair last week was a practical demonstration of what a proper combination of water, soil and sunshine means in the way of production and should be a big help in the work of promoting and getting early action on the John Day project.

Irrigon won in a walk in the community exhibit contest and if there is any good thing that grows out of the ground in the temperate zone that was not included in the Irrigon exhibit this writer did not miss it.

H. W. Grim and M. E. Doble were in charge of the exhibit and are entitled to credit for the attractive display of the numerous products.

Growers represented in the Irrigon display were R. V. Jones, Gene Andrews, Frank Rider, W. B. Howard, Lee Grabill, G. W. Sampson, R. L. Wisdom, Thurston Grim, T. Grim, Lyle Seaman, G. W. Rand, C. E. Glasgow, J. Brackenberry, J. W. Walker, Mrs. C. P. Boies, N. Seaman, C. P. Smith, LaDoble Fruit Farm, and the exhibits covered everything from the meek and lowly peanut, to the modest ground cherry to the rosy peach, the royal purple grape and the mammoth water melon. Only medium-sized melons were brought over this year ranging around 40 pounds each the big ones being kept for home consumption. There were splendid almonds, perfect pop corn, egg plant and perhaps the most unusual exhibit was the castor beans which are said to grow to perfection at Irrigon. There was a sample of Kola Rabi which is like neither a glass of koko kola or a rabbit but rather more resembles rutabaga with whiskers around the top of its head.

Time and space will not permit a detailed report on the prize winners this week but this will be given in a later issue of the Herald.

Boardman, the new town over in the north end whose enterprising people are always boosting their school, was principally represented by the industrial club work of her school children. The exhibit was in charge of Miss Barratt, efficient instructor in the Domestic science department of the Boardman high school, who brought with her a demonstrating class of nine—6 girls and three boys. This exhibit attracted much attention and favorable comment besides being awarded 1st prize as a school exhibit, 1st in canning demonstration and 1st in third year sewing. The exhibit was taken to the state fair being accompanied by Miss Barratt, teacher, and Belle Packard, Dorothy Boardman and Gladys Paine, pupil-demonstrators.

### WILLOW LODGE NO. 66

To the officers and members of Willow lodge No. 66, I. O. O. F. Whereas, it has pleased Almighty Providence to remove by death from our midst, our beloved brother, Frank Anderson.

Whereas, in his death, not only Willow lodge has sustained the loss of an earnest and devoted brother, but the community as well has lost a most highly respected citizen, therefore be it

Resolved, that we, as brothers of Willow lodge No. 66, I. O. O. F., do hereby express our deep and sincere regret on account of the loss we have suffered, and extend to those near and dear to him, our heartfelt sympathy in this their hour of sad bereavement and commend them to Him to whom we would all look for comfort and guidance in the hour of affliction and distress.

Resolved, that our Charter be draped for a period of thirty days, that a copy of these resolutions be spread on the minutes of the lodge, that a copy be sent to the family of the departed brother under the seal of the lodge, and that they be published in the local papers.

Respectfully submitted,  
A. M. PHELPS,  
T. E. CHIDSEY,  
J. C. KIRK,  
Committee,  
Heppner, Oregon, Sept. 10, 1919.

## DISTRESS AMONG THE POOR CLASSES OF SALONIKI

Among the poorer classes of Saloniki and the rest of the Balkan towns typhus found easy victims. These people, as our photograph shows, negligent as to personal cleanliness, unable to get even changes of clothing due to great textile shortage, were practically at the mercy of the disease.

### BERT PECK MAKES FINE EXHIBIT

B. H. Peck, who by the way is a real farmer, never fails to be at the county fair with a splendid exhibit. While Mr. Peck's place is a "dry" farm, pretty well up in the foothills on upper Rhea creek, he made a showing of products that would indicate that Mr. Peck and his family could live very comfortably for a long time if cut off from all trade relations with the outside world. There was wheat, corn and potatoes and butter and honey and eggs—all kinds of fruit and vegetables. By way of letting the public in on his secret of raising such a varied display on a dry ranch, Mr. Peck had this sign over his exhibit: "It's the soil and a little rain."

### MORROW COUNTYANS DRAW SEATS AT WILSON MEETING

In the seat lottery for the President Wilson meeting at the Portland auditorium Monday the following Morrow county men drew tickets:

Lawrence Shutt, S. E. Notson, G. W. Swagart, Hanson Hughes, Heppner; Emmett Callahan, Boardman; Mr. Shutt went to Portland last week to spend the winter and will be present at the meeting and Mr. Swagart went down Sunday. Mr. Notson and Mr. Hughes could not get away for the trip and it is not known here whether Mr. Callahan will attend.

### IRRIGON FRUIT INDUSTRY GROWS

M. E. Doble, manager of the Doble Fruit farm at Irrigon, and also the warehouse owned by the same company, was here last week looking after the Irrigon exhibit. Mr. Doble says the fruit industry is growing in his section and indications for the future are good.

Mr. Doble says some seven cars of apples are being shipped from his town to New York and Seattle and the shipments of melons and grapes have been heavy.

### BRANCH TRAIN HAS ACCIDENT

Heppner citizens received no mail last Sunday evening the reason being that the big locomotive that ambles along over the alleged railway between here and the Junction blew out a cylinder head and went into the ditch a mile this side of Lexington that same evening. Nobody was hurt and the addition of a few hours delay in arrival is nothing when a community gets used to it which Heppner is.

### THE SPICE OF LIFE

**His Qualifications.**—An American girl once withered the former Crown Prince. She met him in Berlin before the war. He was making his usual bid for a pretty girl's favor. "I suppose it is difficult for you as an American to realize," said the Prince, "that I can trace my ancestry back twenty-seven generations." "Is that so?" said the girl. "What else can you do?"—Paterson Press Guardian.

## NEW HOTEL PROJECT NOW SEEMS ASSURED

### FINANCIAL ARRANGEMENTS ALMOST COMPLETED

#### V. W. Burke Meets With Hotel Directors Who Make Application For Loan

After any months of vexatious and discouraging delays the matter of financing the hotel project seems to be entering the final lap.

V. W. Burke, representing the Western Building & Loan association of Salt Lake, arrived in Heppner Monday and at a meeting of the Directors accepted an application for a loan and immediately forwarded the same to his company's headquarters at Salt Lake, and returns are expected to be received here by the last of the week.

Mr. Burk assured the board of directors that he did not anticipate any delay in having the matter consummated and everybody interested, either directly or indirectly will be mightily pleased to know that Heppner's second greatest material need is to be speedily met.

Several weeks' precious time has been lost in the hotel matter because of failure of the building committee to locate Mr. Burke who makes his headquarters in Portland. John F. Vaughn, chairman of the committee went to Portland several weeks ago but failing to meet Mr. Burke in the limited time at his disposal he turned the matter over to Mr. Bennes, the architect in charge, to attend to. Mr. Bennes, it seems, misunderstood just what Burke was wanted and for several weeks was on the trail of the wrong man who was out of the city while the other Mr. Burke was in Portland all the time looking for business in the form of just such loans as the hotel company needed.

However, all's well that ends well and if no further delays arise Heppner may hope to soon see a new hotel in course of construction.

Everett Pattison left for Portland this morning for a few days visit.

E. G. Noble and "Stoney" enjoyed their vacation this week by moving the harness shop into new quarters.

George E. Sperry and George Sperry, Jr., accompanied by the two Mrs. Sperry's, are at Pendleton for the Round-up.

**Miles High.**—They are mighty proud of their one sky-scraper up in Seattle.

It is a long, skinny building that stands on one leg like a stork and blinks down disdainfully from its thousand windows on ordinary fifteen-story shacks.

A San Francisco man recently in that city was incautious enough to express surprise.

"What are those posts sticking out all the way up?" he asked a Seattleite.

"Those are mile-posts," said the Seattle man.—San Francisco Chronicle.

### COUNCIL HOLDS ADJOURNED MEETING

Heppner city council held an adjourned meeting Monday evening when an extended conference was held with the representatives of a Portland firm of bond brokers.

The gravity water project has progressed to the point that it is expected an election will be held early in November to vote on the question of issuing \$100,000 of water bonds.

### COMMERCIAL CLUB MEETING WEDNESDAY EVENING

A special meeting of the Heppner Commercial club will be held Wednesday evening when the Oregon-Washington highway project through this county will be taken up. A delegation of road boosters headed by County Judge Campbell will go to Portland Thursday to be present at the State Highway commission meeting Friday when it is expected something definite regarding early construction work on the highway will be accomplished.

The meeting Wednesday evening is to secure an expression of the citizens and business interests of the county regarding the best course to pursue. Representatives from Ione, Lexington, Cecil and other parts of the county are expected to be present.

### DIRECTOR CENTER RESIGNS

Oregon Agricultural College, Corvallis, Sept. 15.—Announcement of the resignation of O. D. Center, for the last two years director of extension service at the college, has been made. He will have charge of extension work in McLean county, Ill., at an increased salary. His resignation will become effective between October 15 and November 1. McLean county has a larger budget for extension work than the whole state of Oregon from state sources.

Director Center as director of extension work and president of the Oregon Dairy council, has done effective work in building up the agricultural industry of the state. Work of the extension service has grown materially.

### FORMER HEPPNER WOMAN GOES AS MISSIONARY

From the Oregonian we learn that Mrs. Ida Warnock, of Albanay, who will leave in a few days for Mahagua, Central America, as a missionary for the Baptist church, was entertained by the women of the Baptist churches of Portland, at the home of Mrs. R. S. Orelman, Laurelhurst last Saturday. Mrs. Warnock was a former resident of Heppner where she still has a large circle of friends who will wish her a large measure of success in her new field of labor.

### MRS. SCRIVNER MAKES FINE DISPLAY

Mrs. W. P. Scrivner had a splendid display of jellies, jams and preserves at the fair last week. Out of a total of seven varieties exhibited she captured 5 first prizes and one second prize. Mrs. Scrivner has been an exhibitor at the Morrow county fair for five years and during that time she has carried away 34 first and 15 second premiums.

Mrs. Scrivner requested the Herald reporter to express her appreciation to friends who supplied flowers which added to the attractiveness of her exhibit. She does not care particularly either for the honor of receiving awards nor for the monetary value of the prizes but is actuated only by desire to help make the Morrow county fair a success.

Mrs. Scrivner is a pioneer resident of Heppner having lived here for 30 years, and since the death of her husband, W. P. Scrivner, she has been associated with her son, Clarence M. Scrivner, in carrying on the extensive business established by his father.

### GENERAL BULLETIN NO. 11.

At a recent meeting of the Directors of the United States Grain Corporation, at New York City, it was determined to define a little more clearly, what constitutes a retail transaction in the purchase of wheat.

Under the license requirements, retailers are not required to have licenses, but it is now determined that the purchase of wheat direct from the farmer for the purpose of resale, or manufacture, no matter how small the quantity cannot be considered a retail transaction and such dealers must hold license.

Retail dealers who purchase wheat entirely from licensed operators, are not required to have license. License blanks may be obtained upon request at this office.

M. H. Houser  
Portland, Ore.

### SMALL BLAZE BRINGS BIG ALARM

A spark from the smokestack at the power house started a small blaze on the roof at 5:30 Monday morning while the fire was soon extinguished with trifling damage, getting that wonderful fire syren squealed was a different matter. Somebody turned the bloomin' thing on and after it had howled is head nearly off and the fire had been forgotten it refused to be turned off. The machine got a short circuit or a long breath or something and the way it continued to disrupt the atmosphere was painful. The syren is a wonderful success—as a nuisance.

### OREGON BLUE BOOK

A copy of the Oregon Blue Book for 1919-1920 has been received at this office for which the secretary of state's office has our thanks. The book contains the names of all state, county and municipal officials in Oregon as well as a large amount of statistical matter and official information. Several new features have been added since the last issue of two years ago and it would be hard to find as much valuable information regarding our state in such small space and with such convenient arrangement.

Every reader of the Herald who wishes to be posted on state affairs should secure a copy which will be mailed free from the office of the secretary of state upon request.

### MRS. MAHONEY LEAVES FOR AN EASTERN TRIP

Mr. and Mrs. W. P. Mahoney and their daughter, Miss Vera Mahoney, drove over to Pendleton Monday evening from where Miss Vera will go to Seattle to resume her work in the Washington University and Mrs. Mahoney will go east to Bonners Ferry, Idaho, where she will visit for a short time later continuing her journey to Minnesota and Dakota where she will make an extended visit. Mr. Mahoney will return to Heppner this evening.

### CATTLE SHIPMENT MONDAY

R. J. Carsner, Peters and other cattlemen of the Pat Spray country, made a shipment of cattle from the Heppner yards to the Omaha market Monday last.

### WE WEAR A SEVEN AND THREE-QUARTER HAT

"The smaller the head the larger it swells."—Oregon Voter.

## AIRPLANE CARRIES MANY PASSENGERS

### ACE OF HEARTS POPULAR SATURDAY AND SUNDAY

#### Thirty Heppner People Make First Air Voyage. Some Satisfied Others Want More

The Ace of Hearts, staunch passenger-carrying air liner which "dropped in" on Heppner last Saturday morning and remained until Monday noon did a lively business Saturday afternoon and Sunday altogether giving 30 Heppnerites their first view of the old home town from the clouds.

The Ace of Hearts is the property of the Ace Aircraft-Corporation, of Portland, and is piloted by Lt. A. F. Roth, who served two years in France in active air service. Tom Sketchley, field manager, was here also, looking after the business affairs connected with the ship and, considering the delay in getting to Heppner Mr. Sketchley says they enjoyed a very fair business. The ship was scheduled to reach Heppner at 9:00 a. m. Friday morning, but a heavy wind storm at Pendleton Wednesday afternoon so damaged the craft that the entire day was required to get it again in an air worthy condition.

To a Herald representative Mr. Sketchley said that they expect to make Heppner another visit next year when they may bring two or three extra ships with them which will be offered for sale. Already there is said to be one prospective purchaser in Heppner.

Opinions differed among those who "went up" as to the desirability of air travel some freely admitting that they had enough while others are willing to take another "flyer" when ever opportunity offers. Seven ladies were among the flyers as a rule they seemed to enjoy the experience more than the men. Miss Essie Shutt, who was the second passenger Saturday, was delighted with the experience and would like to have a plane of her own and Mrs. R. J. Vaughn was also much pleased with the experience. Mrs. Vaughn described the ride as perfectly delightful and said her only regret was that the trip could not have been longer. Others of the lady passengers expressed similar views.

W. B. Barratt said he felt that he got the worth of his money but he did not make any reservations for next year and F. R. Brown, secretary of the fair board, said, "plenty, thank you; this little old earth is plenty good enough for me." Andy Rood, Jr., makes no bluff at pretending to like it. Mr. Rood says that when he sailed over the cemetery the monuments looked as big as houses and he felt like singing the old song: "I've Left My Happy Home for You." Sheriff Shutt liked the experience all right but he says they flew too high to be able to locate any moonshine plants and County Clerk Waters who also claims to like it thinks he really prefers his desk in the court house as a permanent habit.

A list of those who went up follows:

- E. H. Kellogg.
- R. W. Ager.
- W. B. Barratt.
- M. Musum.
- Guy Boyer.
- L. Copenhagen.
- J. Crawford.
- A. B. Bowker.
- A. D. McMurdo.
- Mrs. Ruth H. McMurdo.
- Miss M. Clowry.
- E. M. Shutt.
- C. J. Peterson.
- W. Y. Ball.
- Mrs. J. P. Vaughn.
- J. M. Hayes.
- D. E. Sperry.
- G. R. Thornton.
- H. Case.
- J. J. Kelly.
- E. W. Gordon.
- J. A. Waters.
- Andy Rood, Jr.
- H. Cox.
- Mrs. R. J. Vaughn.
- Mrs. Westhoff.
- Miss N. Hughes.
- F. R. Brown.
- O. H. Hayes.
- Miss Essie Shutt.
