

Notice the Nobs

They're scientifically placed to prevent skids and those dangerous side slips.

Their firm, sure grip means safety. And yet, they don't "fight the road."

Just the tires for *our* kind of roads.

There are four other United States Tires—every one of them a good tire.

No matter what your individual needs may be, we can fill them.

United States Tires are Good Tires

We know United States Tires are GOOD Tires. That's why we sell them.

LIBERIA'S PRESIDENT HERE

President-elect C. D. B. King of the republic of Liberia, and Mrs. King, who have been visiting in Washington. Mr. King attended the peace conference in Paris and then traveled over much of Europe.

RESCUING THE DROWNING

Capt. Frederick C. Mills, field agent, life-saving section, Atlantic division of the American Red Cross, and naval aviators at various points have been giving demonstrations on the swimming benches to spread the knowledge of Red Cross methods of resuscitating persons almost drowned. The photograph shows the "lock hold," applied to a person rescued from the water.

GRABBERS

The Reformer—Do you think that statesmanship in this country is on the decline?
The Politician—My boy, no statesman in this country would decline anything.

BAD TABLE MANNERS

She (after the reception)—That man who sat next to me at the dinner had bad manners!
He—Strange! I thought he had!

DESCRIBED.
"Pa, what is red tape."
"Red tape, my boy, is the government string to efficiency's pocket book."

A SURMISE.

Bug — Well, well, this certainly must be the Black Sea!

WILL BE TRIED FOR CRIMES

General von Heimrich, one of the German military governors of Lille during the occupation, whose extradition will be demanded by France so that he may be tried for many crimes of which he is accused.

American Sailors Increasing.
The proportion of native-born and naturalized Americans among the officers and crews of American merchant ships during the fiscal year ending June 30, 1919, increased to 47.6 per cent, of the total and is now substantially the same as in 1914, but native-born Americans comprised four-fifths of this percentage for the last fiscal year and two-thirds during 1914.

Encouraging Bolshevism

Everything that falsely encourages unrest also encourages bolshevism.

Misunderstanding of American industrial organization, and of its benefits to mankind, leads to unrest, dissatisfaction, and radicalism.

For example, the Federal Trade Commission tells the public that the large packers had an agreed price for lard substitute (made of cotton-seed oil.)

It reproduces letters taken from the files of one of the packers, showing that such agreed price existed.

But it failed to mention that the agreed price was determined at the request of and in co-operation with the Food Administration!

Even the Department of Justice, in its unjust attempt to create prejudice against the packers, has made public these same letters, with no explanation.

How long must this kind of misrepresentation continue? In so far as it is believed, it not only breeds discontent, but results in injustice to our industry.
