The Herald A Year \$2.00

Wallpapers Painted by Hand. The revived interest of American home decorators in the old-time wallpapers has resulted in a finding of some excellent specimens, put away 100 years or more ago in some attic. Eighteen rolls of paper were recently discovered in an old New England house that tell the story of Pizarro's visit to Peru and illustrate also the habit of the old-time wallpaper makers in going far and wide in history and geography for their subjects, says the Christian Science Monitor. These old wallpapers were often painted by hand or made by the old art of hand-block printing, although nowadays they are reproduced, literally or otherwise, by printing from wooden blocks. The Pizarro paper was probably brought to America as long ago as 1735.
