W. G. MOORE BUYS PROPERTY

Mr. Shutt negotiated a deal yesterday whereby Mr. W. G. Moore, who last summer bought the Lee Slocum saw mill, up Willow creek, has purchased the vacant town lot of Mr. and Mrs. Eugene Campbell, on upper Chase street, at a consideration of \$800. This is a very desirable close-in lot in the burnt district, and it is the intention of Mr. Moore early in the coming spring to erect thereon a fine modern residence, to be occupied by Mrs. Moore and their daughters so that the latter may have the advantages of our excellent facilities. The Herald is hoping that Mr. Moore's example will inspire others to build up this favorable home section of the city.

Mr. Shutt also recently sold the J. H. Cox residence property in west Heppner to Jack McCoolough, the consideration being \$3,500. It is understood that Mr. Cox and family will retain possession of the property until March when they expect to remove to Pendleton to make their future home.

The court is by no means antagonistic to the fair but believes that arrangements should be made to assure to the people of the county a much better annual exhibition than has obtained during the past several years.

Albert is inclined to be non-committal regarding just what the proceedings were while he was present as well as to just what detained his chief but he says that the conference was a regular swell affair right up in the same class with the concatenation of Black Cats. More specific details will be given when Manager Cronk returns and makes a report.

LEXINGTON FARM BUREAU

The Lexington Farm Bureau held a very instructive and entertaining meeting at the hall Saturday evening January 3.

During the business meeting several important subjects were discussed among the most important being the Willow creek irrigation, orchard work and good roads.

W. F. Barnett was chosen to look after the interests of the orchard men of Lexington and vicinity.

Albert Traylor has charge of the irrigation work and S. J. Devine was elected to oversee the road work of Lexington district.

After the business meeting came a short but very enjoyable program consisting of song, "Little Mother of Mine" by Mrs. Johnnie McMillan. Mrs. McMillan's voice is particularly adapted to this style of song, being wonderfully sweet and full.

This was followed by a recitation, "Well Executed," by Little Maxine Devine. Next Rev. Mr. Wurstell made a few well chosen remarks, bearing principally on club work.

Mr. Wurstell is perfectly at home on this subject as on any other pertaining to the welfare of the farmer and the children. This talk was much enjoyed, especially as we all realize that Mr. Wurstell is "one of us."

Miss May Morris, song leader at the Evangelistic meetings now being held in Lexington, favored the gathering with a sacred song, "He Cares For Me."

The last number was a short talk by the Rev. Mr. Pettie. "Service" was the subject chosen and ably handled by Mr. Pettie, our only regret being that more were not present to benefit by this talk on a subject so vital to the welfare of all.

The meeting was then closed after arrangements were made for the next monthly meeting at the hall, February 7, at 2:00 P. M. We hope to have Mr. Hunt with us at this meeting.

The farm ladies are asked to bring sandwiches and doughnuts or cookies.

These meetings would be much more satisfactory in every way if the farmers would endeavor to be on time and bring their families.

And to those who do not know, or understand about these meetings, we would say, come and see.

Ione Property Changes Hands

A. B. Cumins, one of the truck drivers for the school is ill in the Dalles with pneumonia. Mr. Burbee is taking care of the route during his absence.

Maurice Goodwin of Condon, has arrived to be with his father who is manager of the Boardman Hardware Co.'s store and has joined the eighth grade in our school.

Regular meeting of the Boardman Farm Bureau on January 12th. Report of the committee appointed to interview the county court in regard to road matters will be among the items of business.

School began January 13th and we hope to proceed steadily till the close May 21st. Time lost during the cold spell will be made up by adding 20 minutes each day when the days grow longer.

Dr. Bean left Saturday morning to try to make it through to the Monument country where he had two or three sick calls. Dr. Bean received a call to go to the Swook ranch several days ago to attend a man who was dangerously injured by falling from a load of hay but was unable to get through at that time on account of deep drifts near Parkers Mill. He hoped to find the roads partly broken by Saturday so he could make it through.
