N. E. (Pat) Crow has returned from an extended eastern trip during which he visited relatives in Nebraska, Missouri and Ohio. HIGH SCHOOL NOTES

A great wave of relief has swept through the high school during the last few days because examinations are over for this semester. Of course there were a few failures as usual but that is always to be expected. The photographer, Mr. Reeves, left last week for Hood River after taking all the pictures for the high school annual, "The Hehisch."

The Junior class is bringing an ecocutionist and impersonator, Miss Katherine Trevette, to Heppner for February 4th. The recital is to be at the high school auditorium and we hope to see everybody there. The Junior class elected the following officers Monday for the new semester: Roland Humphreys, president; Pearl Hall, vice president; Annie Hynd, secretary; Reita Neel, treasurer. The new officers elected by the Senior class were: Herbert Hynd, president; Mae French, secretary; Albus Devin, treasurer.

The gentlemen were acclaimed as not only liberal providers but first class cooks as well. During the meeting steps were taken towards making up the financial budget for the coming year. It is understood that negotiations are under way for securing the services of Rev. R. S. Hughes, of Turin, as pastor of the church. Mr. Hughes may arrive in time to hold services next Sunday.

COUNTY AND TOWN MEN UNITE FOR BIG FAIR

(Continued from Page 1) mously voted to organize a stock company with a capital stock of \$25,000 at least 50 per cent of which must be subscribed for in shares of \$50.00 each. Upon motion which carried unanimously, the chair was authorized to appoint a committee of nine, of which the chairman should be one, to draft a definite plan for the organization to be submitted to the county court at its next regular meeting on February 5th. The following committee was appointed: L. A. Hunt, P. A. Brown, C. V. Paine, Matt T. Hughes, Jack Hynd, John Wightman, S. A. Patterson, M. D. Clark, A. Hendrickson.

F. R. Brown was appointed to advise County Judge Campbell of the action of the committee. The present plans of the promoters of the new fair association include all features needed to make it a real, modern county fair combining the agricultural, horticultural and live stock interests of the county. It is the purpose to scatter the stock subscriptions over the entire county, the idea being to enlist the personal interest of as many people in the success of the fair as is possible. This will mean that the managing board of directors will be selected from all parts of the county so that it will be in fact as well as in name a McCreary county fair.

A track-plan race track will be a feature of the grounds and plenty of comfortable stabling for race horses will be provided. It is believed that this can easily be made the best racing meet in eastern Oregon and that good accommodations coupled with Heppner's climatic advantages will attract many horsemen who will thus their stock here during a good part of the year.

MAKE INCOME TAX RETURNS NOW

The following letter has been received from Milton A. Miller relative to income tax returns: The time has again arrived for making out your Income Tax Returns. The law provides that all returns must be in the office of the collector of internal revenue at Portland on or before March 15th, 1920. Those failing to comply with the law are subject to heavy penalties. All tax payers are urged to make out their returns at once, thereby avoiding the rush at the last hour. For the purpose of assisting tax payers of Morrow county in making up their income tax return for 1919, Deputy Collectors Chamberlain and Wilkinson from the internal revenue office will be at the following named places on the dates given below: Heppner on February 26 to March 1st, 1920 inclusive. From on March 2nd to March 4th. For any information you may desire in preparing your statement, please call upon the deputy collector as per announcement herein made. Respectfully, MILTON A. MILLER, Collector of Internal Revenue.

APPLE SCAB CALLS FOR SPRAY

Control of apple and pear scab calls for thorough spraying with a fungicide just as the buds open enough to allow the spray to reach the unfolding leaves. Lime-sulfur 1-25 has been proved by the O. A. C. experiment station plant pathologists to be superior. The source of next spring's new attack is a fungus now on the fallen leaves, which will discharge its spores into the air whence they are carried to the new leaves and blossoms. Hence plowing under the leaves will greatly weaken the attack.

NOT EXEMPT FROM INCOME TAX

(Continued from Page 1) from her husband. But if there is voluntary, continuous separation, whether or not granted by court decree, each must take the status of a single person with respect to income tax.

SHOULD URGE PASSAGE FEDERAL ROAD AID ACT

(Continued from Page 1) losing some of the valuable trained personnel which will go to other states where large bond issues are available, and when work reopens new men will have to be obtained to take their places. Federal aid is the greatest incentive to the public in voting highway bonds, and with the question of authorizing \$10,000,000 additional appropriation for roads now about to be presented to the people of the state, the knowledge that no more federal aid was to be available would be disastrous. Another urgent reason for immediate action is that it takes many months to develop plans and surveys for highways and to complete preliminary details, and to postpone action until the present fund is entirely used up would mean a lapse of construction work after the completion of present contracts and before new ones could begin. Many contractors would leave with their equipment and renew activities later would probably be at a higher price with more limited competition.

If congress will set at once and appropriate \$500,000,000 more to be expended at the present annual rate of \$10,000,000 per year, Oregon will be assured of \$1,576,152 per year for a period of five years and a steady construction program will be assured. A total approximately \$27,880,760 to balance against the \$10,000,000 which the voters of Oregon are now asked to authorize.

Julius Meier is chairman of the Oregon delegation aided by the government: Charles Hall, I. J. Simpson, Truman Butler, John B. Yeon, Ben C. Jones and H. C. Nunn, members. They will leave for the east on February 5th and will be met in Washington, D. C. on February 19th by three delegates for each of the states of Idaho, Nevada, Utah, Wyoming, Montana, New Mexico, Arizona, Colorado, South Dakota, California, Washington and Alaska.
