NUMBER 43

FAIR BOOSTERS MEET IN BUSINESS SESSION

"HOW TO BUILD GOOD FAIR?" QUESTION DISCUSSED

Board of Directors to Be Representative of Entire County

An important meeting of citizens from all parts of Morrow county who are interested in building a really first-class county fair, which was held in the circuit court room at the county court house Saturday afternoon, splendid work was accomplished and the fair project was given a decided boost.

The meeting was called to order by A. Henriksen, of Cecil, who acted as chairman of the meeting and A. L. Hunt, county agent, acted as secretary. Upon request of the chairman Mr. Hunt gave a brief resume of work accomplished to date following which a general discussion of plans and methods was had.

Principal speakers at that time were Messrs. Gimmell, Goodwin, Tash, Smead and Matt T. Hughes. The general opinion expressed were all unmistakably in favor of a fair—the very best fair that it is humanly possible to create.

Following this discussion a motion was offered by Mr. Hunt and seconded by W. W. Smead that a nominating committee be selected to nominate a board of directors for the proposed association. After discussion, the motion prevailed by a unanimous vote and the following committee was named: C. C. Paia, of Boardman; W. P. Mahoney, M. D. Clark, F. R. Brown, Matt T. Hughes, Fred Tash, of Heppner; Ed Rugg, of Rhea creek; Dell Ward, of Blackhorse.

A motion also prevailed that A. Henriksen be made chairman of the finance committee with power to appoint his assistants.

The following persons were recommended for directors from the different sections of the county by the nominating committee:

Gooseberry, Frank Young; Rhea creek, Ed Rugg; Eightmile, Oscar Keithley; Liberty, Theodor Anderson; Hardman, Fred Ashbaugh; Parkers Mill, Tilden Williams; Lena, Percy Hughes; J. H. Hayes; Pine City, Chas. Bartholomew; Alpine, C. Melville; Wells Spring, Ed Reitman; Heppner, John Wightman, Matt T. Hughes, C. A. Minor, Jeff Jones, M. D. Clark; Lexington, W. G. Scott, Joe Devine; Ione, Chas. Irwin, Chas. Sperry; Morgan, Fred Ely; Cecil, A. Henriksen, Jack Ely; Social Ridge, Roy Campbell; Boardman, Chas. Dilabaugh, W. O. King; Blackhorse, E. M. Hulden, Irizgon.

ATTENTION LADIES

The new Style Book for the Spring of 1920, from the Victor Ladies' Tailoring Co., has been received and awaiting the inspection of the fastidious women of Heppner who are satisfied with nothing short of the best in style and fabric for their spring wardrobes.

Victor garments have a style of their own, are dependable and satisfactory in every particular while the range of prices will appeal to every purse.

We pay particular attention to high-class corsets and we can supply every want in this line either from our stock or by direct and expeditious order. Call and let us show you the many beautiful things the coming season has in store for women who care.

MRS. L. G. HERREN.

J. W. Beymer, president of the Farmers & Stockgrowers Bank, is in Ireland at the bedside of his brother Charles Beymer, of Klamath Falls, who recently underwent an operation in a Portland hospital for a serious stomach trouble. His condition is critical with but slight chance for recovery.

FOR SALE

Two 50 acre tracts in the Teel Irrigation District, near Echo, Oregon. One seeded to 170. For further information address "A. L.", care the Herald office, Heppner, Oregon. 4117

H. S. QUINT WINS FROM CONDON LOSES TO FOSSIL IN FAST GAMES

When Prof. Burlingame chaperoned his hazy quintet of basketball bloods over to Condon and Fossil last week he may have thought he was not putting a sort of finishing touch to their education—but he was. The boys all agree that they learned a number of things on the trip, one being that this life is just one darned thing after another anyway. They party also learned before getting half way to Condon that it sometimes blizzards around a bit in eastern Oregon and also that an automobile will not travel as well after an irreparable breakdown as it did prior to the accident. The young gentlemen also made the more or less startling discovery that the girls of Condon and Fossil are much more bewitching in their general appearance than the boys are and also that the Fossil boys can play a mighty fast game.

The party set forth Friday morning by auto and soon met the blizzard which raged on that day and soon after passing Hardman their car broke down. Mr. Ackley, who was taking the car to Condon, gathered the boys in and finally succeeded in landing his load of ten in the Wheat City very much frozen and covered.

That evening the lads covered themselves with glory and bruises in a swift game fit which they won by a score of 17 to 22.

Next day the party drove to Fossil where they engaged the live wire Fossils in a hot tamale game in which in a whirlwind of bruises, abrasions and black eyes the Heppner crowd managed to lose a closely fought game to the tune of 23 to 32. The boys all swear by the great horn spoon that they never had so much fun before in all their long and eventful lives and they also aver with much vehemence that Burlingame managed two bully games for them.

MORROW COUNTY PIONEER PASSES

(From our special correspondent) Ione, Or., Feb. 23.—Mrs. Ellen A. Griffin, wife of Frank Griffin, passed away at the home of her daughter, Mrs. George Ritchie, in this city, on Wednesday, February 18, 1920, at the age of 64 years, 1 month and 20 days. The cause of death was kidney trouble and she was confined to her bed for only a few days.

Mrs. Griffin and her husband came to Morrow county from Delta, Iowa, about 28 years ago and settled on a homestead in the Gooseberry country, where they have since continuously resided. Mrs. Griffin, before marriage, was Miss Ellen A. McNabb and was the eldest of a family of ten children. She was a member of the Ione Christian church and was also a charter member of the Ione Rebekeh lodge and always took an active part in her church and lodge duties. In fact her main object in life was to make others happy.

Mrs. Griffin leaves to mourn her loss a loving husband, three sons, Fred, Philip and Francis Griffin, of Ione, and three daughters, Mrs. George Ritchie and Mrs. Glenn Ball, of Ione, and Mrs. Ralph Kaiser, of Maupin. Five sisters and two brothers also survive her. Mrs. Griffin will be remembered by a host of personal friends for her many excellencies of character.

The funeral was held on Sunday, services being conducted by Rev. Hall pastor of the Congregational church. Interment was made in the Odd Fellows cemetery.

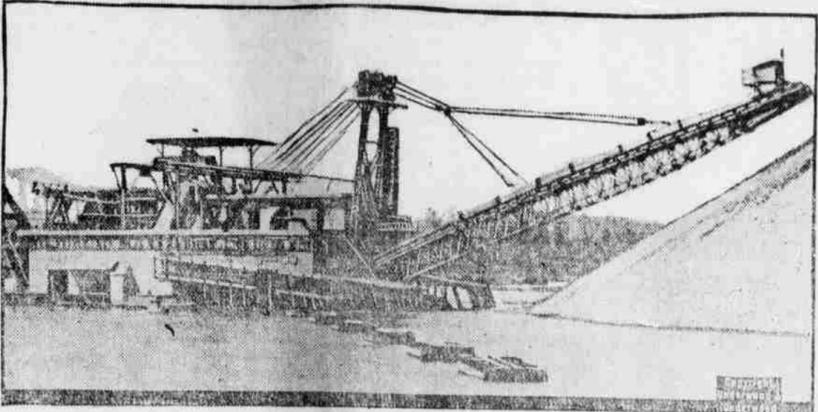

SURVEYORS BUSY

The surveyors have been busy for the past few days surveying the J. W. Morrow plat on the East Side, preparatory to the laying out of city blocks. It is presumed that grading will soon begin for the serpentine road which will be built and an easy grade made to reach the new platted addition.

The people of Heppner are sure glad to learn of Mr. Morrow's decision to turn his East Side holdings into this new addition and realize the advantage and beauty it will afford to our city.

The Herald advertisements are for you to read so you should read them and know where to do your shopping to the best advantage to you. No, that isn't a flag truce "Ole" Peterson wore home from the Fossil game Sunday. That is a decoration "Ole" received for winning a rickshaw walk during which he took a promenade around the hall walking on his right eyebrow.

WORLD'S BIGGEST GOLDDREDGER AT WORK

This gold dredger, at Marysville, Cal., is the biggest in the world and has a record of taking \$80,000 worth of gold from the stony bottom of the American river in one week.

Irishmen Subscribe Liberally For Irish Bond Certificates

INCOMPLETE REPORT SHOWS HEARTY SUPPORT

Morrow and Gilliam Reported Over Top But Full Report Not Yet Received

That Irishmen and their friends in Morrow and Gilliam counties are ready to back the cause of Irish freedom with liberal subscriptions to the first issue of bonds of the Irish Republic is shown by the following incomplete report of the recent campaign for subscriptions. F. A. McMenamin, who has charge of the campaign, reports that the full amount of the quota, \$12,500 for the two counties has been subscribed but not all subscriptions have as yet been officially reported. The following subscribers, however, have been reported and the remainder will be published in a later issue:

FOR RENT

Good rooms by day, week or the month. Inquire at this office or phone 135. 42-43

PIONEER HARDWARE FIRM IN NEW HOME

GILLIAM & BISBEE GETTING SET- TLED THIS WEEK

New Structure Matter of Local Pride to Ever Loyal Heppnerite

Gilliam & Bisbee, Heppner's pioneer hardware and implement merchants, are getting settled in their fine new building this week which traveling men and others who should know, declare to be the finest building in Oregon, outside of Portland, that is exclusively devoted to hardware and implement business.

The new building, which is a handsome structure of concrete with white and red pressed brick trimmings, is a source of pride not only to the owners, but to every loyal citizen of Heppner as well, being not only "a thing of beauty", but also a substantial monument to the importance of Heppner as the commercial center of this section of Eastern Oregon.

The building is 50x142 feet, two stories high and with a full basement with a one-story wing 27x60 making a total floor space of almost 23,000 square feet.

The building was erected by the firm with T. G. Denise, well known Heppner builder in charge of construction. The cost of the building complete came somewhat under the \$50,000 mark but Mr. Gilliam says that had they let a contract in the regular way the cost would have run considerably over that amount.

The sales room is 50x90 feet well lighted with a handsome full plate glass front and fitted with the most modern shelving, counters and fixtures. A roomy and well lighted office opens off this room at the rear. Behind the sales room is a big warehouse receiving room into which the largest size truck can drive with its load of merchandise. This room is about 50x50. A big freight elevator has been installed in this room on which all kinds of machinery and other merchandise can be transferred to the second floor or basement as desired.

The top floor, which is not divided, will be used as a show room where a sample of every implement, wagon or machine handled by the firm will be on exhibition. The basement will be used for storage.

The 27x60 wing is used exclusively as a plumbing and sheet metal working shop and is conceded to be the largest and best equipped shop of its kind in Eastern Oregon, if not in the state outside of Portland.

The firm is the oldest business institution in Heppner. The store was started by Frank Gilliam in July, 1887, a man by the name of Coffee being interested with him in a small building where the First National Bank now stands. The following year 1888, Henry Heppner erected the old red brick front building which now adjoins the First National Bank, and the hardware store was moved into the new building on a wheelbarrow. About the year 1899, T. H. Bisbee bought the Coffee interests in the firm and from that time until the present the firm name of Gilliam & Bisbee has been a household word all through the Heppner country. At Mr. Bisbee's death, which occurred several years ago, his son, L. E. Bisbee, succeeded to the business.

The firm employs a total of some eight people.

For all the local and county news you should read the Herald, only \$2.00 for a full year.

Manager Latourell announces the expected arrival of a car load of Fordson tractors tomorrow and that another carload is due to arrive any day. Mr. Latourell says they may joke, they may jolly "bout the o'Fed as they will, but the "pull" of the machine is manifest still.
