HIGH SCHOOL NOTES

The students are delighted to see the interest that the parents and friends of the school are taking in their welfare. The greatest news, at present is the playground apparatus. We certainly appreciate your hearty support.

The tennis season will soon be here. We are hoping to have a permanent tennis court before the year is over, but in the meantime we are going to play on the old court across from the hospital.

The girls are glad to see that the volley ball and net are here. The girls are gradually buying equipment to help them in their gymnasium work. They are going to help pay for such equipment from the proceeds of a program to be given the latter part of April.

The final presentation of the play will be given in the evening of March 29, at 8:00 o'clock, admission 35 and 50 cents. If you want to have a hearty

laugh, come and see it. It will be worth your while, and will be a great help to the students. One-third of the proceeds is to be given to athletics and the rest will be applied on the new clock system which has been recently installed.

We are very glad to see Ruth Huddleston and Erad Frad back at school again. However, word has just been received that Erad Frad is now suffering from a relapse of the flu.

ANNOUNCEMENT

Morrow Heights Addition

I have long since believed that one of the first and most necessary requisites for the upbuilding of a community is good wholesome water. Now that Heppner proposes to supply this factor, and having often been requested to sell building sites out of my East Side property, I have concluded to put it on the market for sale in lots and blocks, and the plat is now nearing completion under the supervision of Mr. S. C. Martin, a civil engineer of wide experience.

The tract is easily accessible, has a fine view and its subdivision makes it desirable as home sites. One of these days you will want a home in Heppner. Why not buy a lot now when it can be had at a reasonable price, on very easy terms and in what is surely destined to be a most beautiful residential district.

If you have never walked up on the hill, do so now. You will be surprised at the beauty of the location with a view scarcely anticipated, Mt. Hood being clearly outlined in the distance. Candidly, I am surprised and much gratified at the easy grades possible to reach the property as worked out by Mr. Martin, who is on the ground, and who will be pleased to give any information concerning the plat.

Perhaps it is not entirely out of place to say that in platting this property I am as much interested in making it a beautiful home site as I am in the profit that may be realized, but I do not want any one to buy unless they feel it will be profitable to do so. Nevertheless, I have no hesitancy in saying that in my opinion, before you have made your last payment, under the liberal terms I propose to offer, the lots will have greatly enhanced in value.

WATCH THIS SPACE FOR SUBSEQUENT INFORMATION.
