NUMBER 50

COUNTY COURT HOLDS ITS REGULAR SESSION

BILLS ALLOWED. ROAD MATTERS CONSIDERED

Location of Heppner-Irrigon-Boardman Road to Be Asked of Highway Commission

County court met in regular session last Wednesday continuing in session for two days.

Many bills were audited and allowed and road matters were considered.

Dr. M. M. Johnson was appointed county veterinarian at Thursday's session. The road petition of F. D. Cox et al. was continued for the term as was the petition of E. Bergstrom et al. for the vacation of a county road.

The road committee appointed at the Alpine road meeting some time ago to take up the matter of the proposed road between Heppner and the north end of the county was present and considerable discussion of this important matter was had.

The committee presented the following resolution to the court:

There was a meeting of the special Farm Bureau road committee at the court house on Tuesday, and passed the following resolutions:

1st. Moved by W. H. Stewart and duly seconded that the north Morrow county road committee ask the County Court of Morrow county to secure a reconnaissance survey for a market road from a point upon the Columbia River Highway between Boardman and Irrigon to Heppner by way of Lexington, taking into consideration the interests of the neighborhoods of Alpine, Irrigon, Boardman, Wells Springs and Lexington, and that this survey be made before January 1st, 1921.

2nd. Moved by Amos Straight and seconded by W. H. Stewart that this committee request the County Court to appropriate the market road money for 1921 upon the road above designated, beginning at or near Lexington and constructing the road as far as the funds will permit.

3rd. Moved by Amos Straight and seconded by C. E. Glasgow that this committee does agree to remain intact for the purpose of its appointment and hereby tenders its services to the County Court to assist in working out any road problems in the northern part of Morrow county.

Dated and signed at Heppner, Oregon, this 6th day of April, 1920, by

WILL KEEP POPCORN WAGON MOVING

An ordinance was passed at a council meeting last Wednesday evening providing as follows:

"An ordinance to license persons, firms or corporations selling goods, wares or merchandise or other commodities upon the public streets or places within the corporate limits of the city of Heppner, unless such persons, firms or corporations are permanently located within a building, and prohibiting such persons, firms, or corporations so licensed from remaining upon any one block in said city for a longer period than 30 minutes in any two succeeding hours, and providing a penalty for violation thereof."

This ordinance will have the effect of putting the electrical popcorn wagon out of business or on the perpetual jump.

WILL ENTERTAIN EPISCOPAL GUILD

Ladies of the Episcopal Guild will be entertained at a card party in I. O. O. F. hall Thursday, April 22nd, at 2:00 P. M. Hostesses of the occasion will be Mesdames Fred Lucas, Emmett Cochran, Guy Boyer and Arthur McAtee. All members of the guild are expected to be present.

The following duly appointed committee:

J. PERRY CONDER, Chairman, DAN McDEVITT by AMOS STRAIGHT, S. J. DEVINE, CHAS. E. GLASGOW, S. H. BOARDMAN by W. H. STEWART.

The court advised the committee that it is not in accordance with the present procedure of the state highway commission to order a survey of any road until money is available to at least start construction and for this reason a complete survey is hardly advisable at this time. However, it is understood that the commission will be asked to make a general location of the route to be followed by the road leaving the actual location, until such time as some funds are available for construction.

The request of the committee for the county court to set aside the market road money next year with which to start construction on the road was favorably considered.

It is to be hoped that the way will open for the early completion of this road as it is a much needed factor for the proper development of northern Morrow county as well as for the business and commercial welfare of Heppner, the county seat.

LEGION WILL PERFECT ORGANIZATION SUNDAY

CHARTER EXPECTED TO ARRIVE BY THAT DATE

Thirty-Three Members Are Already Signed. Much Interest Manifested

Ex-service men of Heppner and vicinity are expecting the charter for their new American Legion Post to arrive before next Sunday when another meeting will be held in the council chamber at which it is expected a permanent organization will be perfected.

Much interest is being shown in the proposed organization by the ex-service men, realizing as they do that the Legion will prove of inestimable advantage to them in the years to come.

Those who have already signed the application for membership in the post are:

Marshall Phelps, Lester Doolittle, Glen Jones, Clarence Bauman, Clarence Hesselstine, Glenn McFerrin, Walter Hayes, Ray Rogers, Harold Cohn, Henry Cohn, Harvey Bauman, Berl Gurdane, Stephen Irwin, Cecil Lieuallen, Harry Hurley, R. AND THEY'RE \$16 PER SACK IN HEPPNER

San Francisco, April 10.—Thousands of sacks of potatoes are hoarded in California warehouses, according to a report made following an investigation by the officers of District Attorney Matthew Brady.

In Stockton warehouses there are approximately 200,000 sacks of potatoes, the report said. In one warehouse the investigator reported employees had told him only 200 sacks of edible potatoes could be secured out of a lot of 1600 sacks. Out of another lot of 1500 sacks, only 300 were fit for human consumption, the report said. Potatoes in the warehouses have been rotting for three months, the investigator said.

Why not go to "hoarding" these spud profiteers in a nice, quiet cell in the penitentiary for awhile and let them do some rotting?

MAYOR CAME OUT AHEAD

When Mayor Vaughan returned from Baker the other evening he found a big placard on his Court street residence offering the property for sale at the modest price of \$1000. The low price was explained by the statement that the mayor had left town while financially embarrassed and that his condition would not probably be improved by a week's sojourn in Baker. The mayor also found, scrawled on his front porch a wild-eyed sheep which he lost no time about taking to his ranch and putting in a safe place. The mayor feels that he is lucky to be alive seeing that his friends didn't sell him out of a home and he is one perfectly good old ewe ahead of the game.

IONE HIGH WINS BY ONE POINT MARGIN

EGG CITY TEAM HOLDS EASY LEAD

School Teams Plan Easy Season—Town Team is Getting in Shape

In by far the fastest base ball game of the interscholastic season Ione HI triumphed over Heppner HI for the first time in two years.

Coach Burlingame's sandlotters showed lack of experience in baserunning and fielding, but hit hard in the pinches.

The Egg City boys played better in every department of the game and much credit must be given to Davidson, their shortstop, who made some wonderful catches and whose hitting featured. For Heppner Irwin easily starred, hitting two 2-baggers and a single in four times up. Reasoner also showed well for Heppner.

Friday, April 16th, Heppner HI meets Moro HI, its old enemy at Heppner and Saturday, April 17th, Lexington journeys to Heppner to cross bats with the local hi school.

Standings of the interscholastic league:

Clubs	W	L	Per ct.
Ione	2	0	1000
Heppner	1	1	500
Lexington	0	2	000

The town team worked out Sunday and promising material appeared and everything looks like a grand season for the club.

Mrs. Mary Hayes and family, who removed to Pendleton last fall to reside, have returned to Heppner and are located in the Florence property at May and Court streets. Mrs. Hayes' health is not good, the lady being confined to her bed most of the time.

CHI-NAMEL DEMONSTRATION

Miss Adkins, a demonstrator of Chi-Namel, the wonderful paint, or varnish or something, is at Gilliam & Blabee's today and tomorrow showing customers what wonderful results may be obtained from the use of that product. Miss Adkins is an attractive instructor and while generally the ladies of the community are supposed to be interested in such demonstrations, Frank Gilliam remarked that many Heppner men are taking the Chi-Namel lessons saying they will pass the information along to their wives at their leisure.

MRS. BRIGGS OF THE POULTRY YARD

Members of the senior class will present a three-act comedy under the above title at the high school auditorium next Friday evening and those in the know aver that the entertainment will be worth several times the price of admission. Some of the players themselves admit this fact and they also say that perhaps the only reason why the play and the company have not had a 200 night run on Broadway is that they have not yet taken the show to New York.

FOOD SALE

Ladies of the Episcopal Guild will hold a food sale in the show window of the Star Theatre Saturday, April 17, 1920, beginning at 10:30 A. M. Drop in and get something nice for lunch or dinner.

NOTICE

If there is any one in Oregon that holds any account against me by note or account in any form, present the same and it will be promptly paid and those indebted to me will take notice that they must settle by note or otherwise or cost will be added.

It B. F. SWAGGART.

FOR SERVICE

I have for service at Jake Well's ranch a Jersey Bull, Service Fee, \$2.50. Guarantee service.

50-52 W. LETHERMAN.

FINE WHEAT RANCH FOR SALE

480 acres, 4 miles west of Heppner county seat. No better wheat land in Morrow county, Oregon, \$20,000. \$5,000 cash, balance on better terms than some fathers would give to his son. If you can show me that you are not a crook. Plenty of live water in two places. 300 acres enclosed hog-tight. Old farmers have said, "On this farm I have seen the best wheat I have ever seen grow." On spring plowing, seeded the 20th of April. I have bagged 27 bushels of wheat to the acre. The First National bank of Heppner can close a deal for me according to their instructions which you can see by calling on them in person; but don't write to them, but there is no restriction to you writing plenty to me.

W. S. McKIMMEY, Salem, Oregon.

TO MAKE HEPPNER A CLEAN CITY

Co-operating with the Women's Civic club the P. T. association and all citizens who want to live in a clean town, the city council has decided to furnish free transportation to all rubbish, garbage, trash, etc., to the city dump pile during the week beginning April 19. Property owners are expected to clean up their premises and place the refuse in boxes, barrels, or other convenient form for loading on the truck.

This is a good chance to get a public service free so better get busy with that rake during the next few days.

MUCH ACTIVITY IN IRRIGON

County Agent Hunt visited Irrigon Saturday evening when an interesting and well attended meeting of the local Farm Bureau was held.

Mr. Hunt says the rapid growth in population and development of that section of the county is truly marvelous and new people are coming in all the time.

At the meeting Saturday evening 115 were present and much interest was shown.

C. E. Glasgow was nominated for irrigation district director for the West Extension District to take the place of J. H. Camp, who has announced his resignation.

The proposed new school building was discussed and Mr. Hunt understands that the deal was closed Sunday for the purchase of several acres of well located property as a site for the school. The people have already voted to build a new school and an election will be held April 2 to authorize a bond issue for the purpose.

An interesting game of ball was played Sunday afternoon between the Irrigon and Umatilla teams in which Umatilla won in a close game of 6 to 7. In the last half of the game not a score was tallied by either team.

MATERNITY HOME

I have arranged to take a limited number of maternity cases at my home in east Heppner and assure the very best attention and care to all patients.

For full information write or phone.

FIRST NATIONAL DOUBLES SAFETY DEPOSIT FACILITIES

The First National bank has doubled the capacity of their safety deposit vault by adding 286 new boxes for the use of patrons of the bank. The cost of the new installation was in excess of \$1200.00.

The business of the First National has grown so rapidly during the past two or three years that the demand for safe boxes for the use of patrons has for several months exceeded the supply and it was to meet this increasing demand that the new boxes were added.

"DRUGLESS MEDICINE" AND "BLOODLESS SURGERY"

DR. J. PERRY CONDER AND ONE OF HIS CASES OF "BLOODLESS SURGERY"

With thorough anatomical knowledge there is no limit to what you can accomplish. Here is a case in point, but only one of many. It is not chance, but the result of a practical working knowledge of applied anatomy which makes diagnosis possible and brings about results in the treatment of these cases. Dr. Conder is now treating cases which have baffled the specialists of the East but received immediate relief upon being treated at the Sanitarium here in Heppner.
