Forty years in the District of Columbia without having set foot on the streets! Such was the record of several of the sisters of the Visitation convent, formerly located at Connecticut avenue and L street Northwest. I am told on authority. For forty years these sisters lived in the school, taking their exercise in the spacious grounds back of the building, surrounded by a high wall. As you go past the building now you see it almost razed to the ground by wreckers, the building and site having been sold recently for a big price. So the good sisters at last came forth from their cells and trod again the streets of the national capital for the first time in forty years.—Washington Star.

If--

An Oregon family of four had \$100 a month to get along on in 1913, but had grown into a family of ten with only \$45 a month income in 1920, how in the world would it live?

That Is the Case With

The State University, the Agricultural College, and the Oregon Normal. In 1913 they had 2250 students; now they have 5400. And \$1 in 1913 is only as good as 45 cents today, in purchasing power.

If You Yourself Were Responsible

could you carry on the work of the College, University and Normal on the same state support as in 1913?

You Could Not

Neither can the State University, the Agricultural College, and the Normal School do it. Will you not help these three institutions to continue their useful and productive work for Oregon by voting on May 21 for the Higher Educational relief measure?
