CECIL NEWS -

Situation Alarming!

"The Coal situation in the United States today is becoming alarming. It is impossible to secure mine labor. The car situation is becoming acute and of nation wide scope with no immediate relief in sight. Due to the long, hard winter, coal stocks of both commercial consumers and industrial users are depleted. The situation is most unusual."

Freight rates advance soon.

Mine rates are advancing.

Only 190 Coaling days before Christmas.
