NOTICE

The County Court of Morrow county wishes to call the attention of the public to the fact that on its September meeting, in compliance with the wishes of the representatives of a number of the Road districts who assembled in the court room at that time for that purpose, did redistrict the County in order to make the road districts smaller and more suitable to the residents of the various districts. A number of the districts are petitioning the Court to call a special road meeting in the district in order that the people of the district may talk over the matter of the road situation of the district and vote on a special road tax for the improvement of special places in the district that may especially require it. The present regular district money, which is a 2 1/2 mill tax, the same as before the war, is insufficient to take care of the district needs and a small special tax appears to be the best solution of the problem. Blanks for the petition may be had by applying to the County Roadmaster or Clerk. Such petition the law requires, shall be signed by three or more freeholders of the district and presented to the county court not later than its regular November meeting.

Wm. T. Campbell, Judge. E. L. Padberg, Commissioner. George Bleakman, Commissioner.

The Moral Risk

When the time comes to seek credit, a bank will want to know what you ARE as well as what you HAVE. That's where the moral hazard comes in.

And you can't establish credit over night. Rather, it is a matter of becoming KNOWN at your bank, of establishing confidence by the way in which you have kept your account, regardless of the amount you have to your credit.

Get acquainted—that's the first thing. Then develop that acquaintance into friendship. It will stand you in splendid stead when the time comes. Remembering also, that this bank offers you a complete banking service.

We Say to You As We Say to All—

LET tone decide which phonograph you buy. Listen to different instruments, ask to have different records played. Compare The Brunswick with other phonographs.

Insist on a phonograph which plays ALL records, such as The Brunswick. Be not content with a phonograph designed for but one make of records.

The Brunswick plays ALL records, whatever make. And plays them exactly as they should be played, with the proper diaphragm, needle, etc. And our all-wood Tone Amplifier gives them greater richness.

The new Brunswick Method of Reproduction is the most advanced and finest way of playing yet devised. All old standards are now discarded.

We will be glad to prove to you that The Brunswick is the one phonograph you want. And to offer the same way of proving that Brunswick Records bring new standards. We abide by your decision.
