She Keeps Faith With You-Will You Keep Faith With Her?

Quietly, but effectively, the Greatest Mother in World is toiling and drudging for you and yours.

She has not forgotten the crippled, blinded remnants of the war in army and navy hospitals. To the victims of disaster in war she still brings blessed relief.

She does more. She takes to her arms the victims of disaster in peace, the victims of floods, fires, tornadoes and other catastrophes. Over 30,000 such unfortunates were shielded and sheltered by her this year.

In preventing diseases through education, in saving lives through careful nursing and by teaching first aid in accidents the Greatest Mother in the World-your RED CROSS-is keeping faith with you; keeping faith not only in your own country-aye, in your own vicinity-but also in devasted foreign lands.

Will you keep faith with her? The good she has done in the past has been possible entirely through the help of your membership. Will you continue to sustain her as she continues to sustain you? Then join the Red Cross or renew your membership. Send your application on the enrollment blank below to your nearest Red Cross Chapter.
