#### WHICH IS YOUR COLOR?

ONE of the disadvantages which offsets the many advantages of the ready-to-wear trade in the country is, that all women wear certain set styles and color combinations, regardless of their fitness. The small blonde who ought to buy a dress of some soft shade between violet and blue, gets an ordinary sort of blue that makes her commonplace instead of distinguished in appearance. The tall, dark woman with the same rich coloring, finds the same style and color, and buys and wears an identical dress. Ten to one she should be wear-

ing a bronze color and lines that cling, while the small blonde should have something fluffy and frilly.

If you buy your clothes ready-made you can only pick the best of the limited choice. If you have them made to order you can select styles and colors to please yourself. If you are colorless, pale skin, and mouse-colored hair, avoid neutral shades, and black. A soft color combined with something quite vivid is best for this type, which can stand neither too dull nor too bright colors.

If you are dark, rose pinks, browns, pastels of any color; black if your skin has color; cream white, yellows, will be lovely. If you are blonde yellow is impossible. Black, deep blue, violet, dark brown, gray blues, pinks, lavender, greens of a soft tone—these are most becoming. If you are lucky enough to have Auburn hair, greens of any shade, rich browns, gray, gray-blue and green-blue, lavender, orchid, coral pink, never plain pink, cream white if touched with color. Study yourself to see which shades are best.

No exigency, however serious, will present to this nation an insurmountable crisis. Every problem is solvable. Readjustment demands the best there is in us as a nation, mentally and spiritually. We shall adhere to the true, clean things and never abandon our high ideals. Dead branches fall from the live oak during the hurricane, but the fiber of the tree tightens, and the roots drive into the soil. This nation is a success; it is still the hope of the world; it must be made a yet greater blessing to the sons of men.—Will H. Hays.

#### SUGGESTIONS FOR SUNDAY NIGHT SUPPER.

In the majority of homes, Sunday dinner is the finest meal of the week because all the family are at home and have leisure to enjoy it, except perhaps the over-worked mother, who has to prepare it. Much of the work may be done before and each may have a share in the preparation of the meal, if planning is done. Even with a good dinner served at a later hour than usual, something is needed to satisfy the family hunger in the evening.

A very nice arrangement, where the children are old enough and the father enjoys it, is to take turns in planning and serving the Sunday supper. If served picnic fashion, with paper plates and napkins, that does away with the bugbear of dish-washing.

The meal may be served in the living room around the fire, if cool, or on the porch if pleasant. A tea wagon or wheeled tray will carry almost all the meal for an ordinary family, saving many steps.

A platter of sandwiches and a pitcher of lemonade for a warm day, or a cup of tea or chocolate, potato chips, olives, a simple salad and some fruit as dessert is sufficient for a Sunday supper.

Cup custards, with little cakes, make a most tasty dessert, all prepared beforehand and ready. They are easily served.

With a combination toaster and broiler, with a chafing dish, one may have an endless amount of good things, prepared while you wait. The guest who is fortunate enough to be invited to help get supper needs no other entertainment.

A simple menu which is also appetizing is buttered toast, hot, crisp and delicious, with marmalade, tea, small cakes and fruit.

Age of the World.

John Von Muller, a historian who spent much time in research work on the age of the world, arrived at a conclusion which in 1920 would make the world 7,942 years old. His figures are generally accepted, because they are based on Biblical references and facts.
