

# The Money Crop

**"WHATSOEVER A MAN SOWS,  
THAT SHALL HE ALSO REAP."**

This is an unchanging law. There is no getting around it. If a man wants corn he plants corn. If he wants potatoes he plants potatoes. Therefore if he wants money he should plant money. How? By planting it in a savings account at our bank, where it will grow. There is no surer crop than the money crop if properly planted and carefully cultivated. Make a start. Let us help you.
