LAUGHTER OF CHILD SCARCE IN POLAND

"In all the time I was in Poland, I scarcely once saw a child laugh," declared Dr. Harry Piota, discoverer of the typhus bacillus, in a report to the European Relief Council on medical conditions among the Jewish population of Poland, based on his recent investigations there for the Jewish Joint Distribution Committee.

"The most deplorable sight of all the miseries in Poland is the condition of the children," Dr. Piota said. "Infant mortality is exceedingly high because of under-nourishment and the high percentage of contagious diseases. In large part mothers must resort to artificial feeding as they are unable to nurse their children. In many cities I saw underfed children, suffering with diseases, wandering about the streets with no place to go, begging for bread."

Tuberculosis has become prevalent among the Jewish children, largely due to the overcrowded conditions in which they are forced to live, their lack of nourishing food and warm clothing, according to Dr. Piota. Typhus, which killed thousands of Jews last winter in the worst epidemic Poland has ever seen will recur again, he said, as conditions are much worse among the Jews than ever before.

"Favus, a contagious skin disease, is now rapidly spreading from child to child," he continued. "In Vilna there are 11,000 cases among the Jewish children alone. Smallpox, too, is prevalent throughout Poland and the Ukraine and children, with widespread eruptions and temperature, have been seen running about the streets. There are thousands of cases every year, which vaccination would prevent, but there is no vaccine."

Dr. Piota told how in Lithuanian villages he found children, six and seven years old, unable to walk or talk, the result of malnutrition. In regions where whole towns had been destroyed during the war, he found families crowded in miserable dug-outs.

LEGAL NOTICES

SHERIFF'S SALE

Notice is hereby given that the undersigned Sheriff of Morrow County, Oregon, will, pursuant to an execution and order of sale duly issued out of the Circuit Court of the State of Oregon for Morrow County, on the 19th day of November, 1920, in the suit now pending in said Court wherein R. Y. McCune, as guardian of Joseph Kenneth McCune, a minor, was plaintiff, and R. C. Grimm was defendant, upon a judgement and decree rendered in said Court on the 6th day of November, 1920, in favor of said plaintiff and against said defendant, sell, at public auction, to the highest bidder, for cash in hand, at the front door of the County Court House, in the City of Heppner, in Morrow County, Oregon, on the 7th day of January, 1921, at the hour of one o'clock in the afternoon, the following described real property of said defendant, to-wit:

All the undivided one-half interest in and to that tract of land situated in the County of Morrow and State of Oregon, commencing at a point on the West line of the East one-half of the Southwest quarter of Section twenty-two, Township five North, Range twenty-six East of the Willamette Meridian, said point being at the intersection of said line with the North boundary line of the O. W. R. & N. right of way and distant fifteen chains, more or less, from the Southwest corner of the East one-half of the Southwest quarter of Section twenty-two, Township five North, Range twenty-six East of the Willamette Meridian; thence South ninety-nine chains and forty links, more or less, to the point of beginning, containing 126 acres, more or less, to satisfy the judgment recovered by the plaintiff against the defendant in said suit, for the sum of \$765.75, with interest thereon at the rate of eight per cent annum from the 6th day of November, 1920, and the further sum of \$100.00 attorney's fees, and \$19.00 costs, together with the accruing costs of and upon this writ.

Dated at Heppner, Oregon, this 4th day of December, 1920.

GEORGE McDUFFEE,
Sheriff of Morrow County, Oregon.

Yet to Be Determined.

London Punch declares that an American newspaper has announced the grafting of a tomato onto upon a potato plant so as to obtain a crop of fruit above ground with roots below. "But," says Punch, "the article doesn't state whether the plant should be known as the 'potato' or the 'tomato'."

Remarkable Swimming Feats.

Capt. Matthew Webb, in 1875, succeeded in swimming from Dover to Calais in 21 hours and 45 minutes. On September 5 and 6, 1911, Thomas William Burgess, an Englishman residing in Paris, swam from South Foreland, England, to Le Chatelet, France. The time was 24 hours and 35 minutes.

POLAND NOW RIVAL PLIGHT OF BELGIUM

Children Chief Sufferers in Land Stripped of Necessities, Says Relief Worker.

Poland is in the destitute state for want of food and clothing among the poor that Belgium would have been during the war, had there been no commission for relief in that country, according to Dr. Vernon Kellogg, American Relief Administration official, who recently returned from Warsaw.

Dr. Kellogg was a member of Mr. Hoover's staff in Belgium, and at the conclusion of hostilities, entered Poland as the Hoover emissary in charge of food relief. He first entered Poland in 1915, a few months after the German occupation. His report of starvation, disease and suffering that existed at that time is one of the most harrowing documents in the records of American relief work overseas.

Dr. Kellogg made the following statement regarding the work after the armistice:

"With Warsaw as our headquarters, we began operations in Poland in January, 1919, and within a few weeks there was established a steady importation of food into that country. Tons and tons of it came from overseas through the Port of Danzig.

"It was impossible to do all that the administration wanted to do, because the need of Poland was too great, but it was agreed that enough food should be sent to Poland to care for the four million people until the great agricultural districts could again pro-

vide for them.

"But in addition to these four million people who so pressingly needed relief, there was another call for relief from a source that could not be resisted; the children of the land. Many of these were orphans, hungry, emaciated, destitute and diseased. So the American Relief Administration added to its work by instituting a system of feeding these children. In a few months a million and a quarter Polish children were getting a free meal every day of special food prepared to counteract the effects of their previous undernourishment."

To finish the job eight great organizations have united under the name of the European Relief Council to raise the funds necessary to care for the food needs and the medical needs of the 3,500,000 children of Eastern and Central Europe. These organizations are the American Relief Administration, the American Red Cross, the American Friends Service Committee (Quakers), the Jewish Joint Distribution Committee, the Federal Council of the Churches of Christ in America, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A.

How to Test a Current.

To find out if an electric circuit is fed by continuous or alternating current, approach a magnet to the filaments of an incandescent lamp. These will be attracted if the current be continuous; they will vibrate if it be alternating.

Proper Pride Necessary.

Pride, like indandum and other poisonous medicines, is beneficial in small, though injurious in large quantities. No man who is not pleased with himself, even in a personal sense, can please others.—Frederick Saunders.
