#### WELLS BARBER SHOP HAS NEW LOCATION

The Wells barber shop is being moved this week to the new hotel building, where rooms have been especially planned for this kind of a business. There will be three chairs and they are installing the very latest equipment for the convenience of their patrons.

Due to the scarcity of buildings, the Wells Bros. were forced to operate in temporary quarters for the last year where they have been handicapped for room and conveniences, and were not able to run a fully equipped shop. But they now report to be able to handle their trade in a most up-to-date manner.
