Minutes of Morrow County School Board Convention.

The school board convention of Morrow county was called January 29, 1920, by the county school superintendent, Mrs. Shurte, who acted as chairman.

The meeting was called at 9 o'clock. Mrs. Sylvia Missildine was appointed secretary. Mr. E. H. Anderson led the opening.

Messrs. Matthews and Kirz, representing the cannery of Libby, McNeill & Libby, of The Dalles, outlined a comprehensive program of fruit planting for cannery use, as well as one for early gardening for the Portland and Spokane markets.

Following the Farm Bureau meeting all adjourned to the community church where the ladies of the Aid Society invited all to attend "their own birthday party." Cocoa and cake were served.

About \$50 has now been raised as Boardman's quota for the European relief.

In school matters the first semester has just closed and the second will begin immediately, Jan. 17. The boys of the high school have just completed a quarter-mile running track and straightaway, and spring training for the county meet at Ione May 13 will begin at once.

The advanced English class has taken up the publication of a school paper, a three-column folio, called the Boardman Utellem. Other schools are asked to exchange.

The boys of the class in physics have just about completed the construction of a wireless station, and efforts will be made to receive the inaugural message of President Harding on March 4. This week will be especially observed in all grades and a special campaign will be staged to see which grade can get the largest percentage of its members to establish the accounts with the school thrift bank.

Mr. Notson then spoke interestingly on the influence of good pictures and playground apparatus. He urged the great importance of reading and of having an abundance of good books for the schools.

Following the intermission, M. B. Signs spoke on community service and organization. Mr. Signs showed clearly what such service meant to a community and how various organizations could be federated.

Mr. E. R. Curfman urged the importance of prompt and accurate reports from teachers and clerks.

On account of the lateness of the hour the addresses of Mr. E. H. Anderson and Mr. H. C. Seymour cannot be published.

The report of the resolutions committee was then read and adopted, and the meeting adjourned.

Report of the resolutions committee:

1. Resolved, That this convention hereby express its thanks to Miss Dafee, Mrs. Frank Turner and the eight girls who furnished music for our pleasure; to Mrs. Woodson of

the Heppner Parent-Teacher Association, to the superintendent of the Heppner high schools for courtesies, to the school board of the Heppner district for use of the Heppner school building, to the janitor of the building for his services, to Mrs. Missildine and to all others who aided in making the convention a success.

2. Resolved, That the salary of the county school superintendent should be made adequate to the importance of that office.

3. Resolved, That this convention is not in favor of any measure that will reduce in any way the present income to the state and county school funds.

4. Resolved, That we approve the annual school board convention and recommend that it be called in the month of January.

5. Resolved, That we approve the minimum salary schedule adopted last year, viz.: \$1,200, and that this schedule be in force for the coming year.

M. R. Morgan, B. F. Morgan, Sylvia Missildine, Howard M. James, Adam Blahn, E. H. Anderson, committee.

Adopted by unanimous vote of members present. E. H. ANDERSON, Sec. Resolutions Com.

School Notes

On Saturday, January 25, 1921, the freshmen gave an oriental social in honor of the three upper classes in the basement of the schoolhouse.

The room was very artistically decorated with Japanese lanterns extending from the ceiling. The pillars and windows were cleverly decorated with the colors of each class.

Many rugs and cushions adorned the floor, on which the little Japanese girls representing the Orient sat. Little incense burners were placed about the room on small pedestals. The electric lights were shaded with yellow paper, giving an oriental appearance to the room.

After everyone had assembled the evening was delightfully spent in playing various games.

After playing a few round card games, refreshments, which consisted of punch and cake, were served by Japanese waiters.

After the refreshments everyone departed for home with many words of praise upon their lips.

After the basketball game Saturday evening the Pilot Rock boys were entertained by the high school in the basement of the school house.

The room was decorated very prettily with the high school colors—purple and gold. Many flowers and a few rugs adorned the room.

The party began with a speech by the president of the student body. Following this were speeches by the captains of the two teams and by the coach and the professor of the Pilot Rock school.

After the speeches a few games were played, but as the eyes on the team were hungry from their strenuous exertion in the game, a call for refreshments was soon heard.

The refreshments, which consisted of cake and coffee, were served in buffet style.

After partaking of these delicious treats, and as the hour was very late, a motion for adjournment was made and sanctioned. By opinion expressed later, everyone seemed to have had a splendid time.

A basketball game will be played at the exhibit hall next Friday evening between the Heppner high school basketball team and the Possil basketball team.

Examinations for the first semester will begin on Wednesday of this week.

CONDON IRISHMEN TRY TO HELP O'CALLAGHAN.

Protest Against Deportation of Lord Mayor of Cork.

At a meeting of local citizens of Irish blood held in this city last night a protest against the deportation of Mayor O'Callaghan of Cork, was unanimously adopted.

Resolved, That we as citizens of the United States emphatically protest against the deportation of Donald O'Callaghan, Lord Mayor of Cork, and urge that he be treated with the consideration due to him as a distinguished citizen of the Irish republic, and the democratic elected mayor of one of its important municipalities.

"We further protest against violation of the traditions of our government, since its foundation, in according a haven of refuge and asylum to the citizens of oppressed countries struggling for their freedom.—Condon Globe-Times.

Chinamen Outdress Women. In China the men as a rule are more extravagant in dress than the women.

OREGON CO-OPERATIVE WHEAT GROWERS.

The wheat growers of Sherman county certainly gave the Oregon grain growers a start worth remembering. About 250 farmers attended the meeting in spite of the storm, and signed up almost an even 500,000 bushels in the space of about 20 minutes.

Manager Jewett of the Washington wheat growers stated that they had agreed to field a harvest of that amount in 1921.

Dr. Hector Metcalf of Corvallis and Manager Jewett of Spokane contracted the signing, and each gave a clear and rapid exposition of the plan and grower's contract. Following Mr. Jewett the farmers gave him an interesting half hour, during which time he answered every question offered without evading one, and that his answers were satisfactory is proven by the unprecedented amount signed up.

The incorporators of the organization are A. R. Shumway of Milton, H. B. David of Joseph, Wallowa county; A. V. Swift of Baker county, S. J. Devine of Lexington and Howard Anderson of Eightmile for Morrow county, and Fred Cox and V. H. Smith of Sherman county. These men will act as temporary directors until about the 1st of March, when a preliminary election will be held. It is probable that the regular election will not be held until about May.

Those who attended the meeting from Morrow county were Rufus Snyder, Andy Road, Fred Lucas, Doll Ward, S. J. Devine, Howard Anderson, Billy Haden, L. A. Hunt and E. M. Hildren.

A strenuous campaign will be put on during this month, and as it is felt that a great deal depends upon getting a good start and men to assist are very scarce, County Agent Hunt is taking a vacation with the consent of the executive committee and will devote the month of February to helping organize the Oregon wheat growers.

Contracts will be mailed to every farmer and business man as soon as a supply can be obtained from the printers. L. A. HUNT, County Agent.

VIENNA AT MERCY OF INTENSELY HUNGRY MOB

San Francisco Jan. 31.—Vienna is apt to be stormed by a hungry mob. The populace is growing angry and an outburst is expected any day.

That is the statement made by Lieutenant-Colonel W. B. Causey, technical advisor to the Austrian government for the European Relief Council, received by cable at New York and telegraphed here today. Lieutenant-Colonel Causey is preparing a detailed report on conditions in the Austrian capital.

His preliminary report reads in part: "Vienna will most likely fall into the hands of the pillagers for the hungry and turbulent elements are increasing daily. Hotels in the principal streets are protected by screens at night. The communists are demonstrating against profiteering. The Socialist Arbeiter Zeitung has issued bitter denunciations.

"The crisis has been precipitated by the impossibility of meeting the state payroll. Nearly everybody on the roll for there is no other institution to work for. It is not to the socialist theory of government but to the force of circumstances. Wages have shrunk until the majority of citizens subsist only by means of state and foreign relief. Any talk of discontinuing relief would be suicidal. It would plunge the children into torture. The European relief council cannot stress too strongly the compelling demand for relief. It is absolutely imperative that 300,000 children be maintained at the feeding stations this winter."

Former service men met last Monday night and organized a local post of the American Legion, with twenty charter members, and elected the following officers: Charles Dane, commander; Raymond Turner, vice-commander; Joseph Mason, adjutant; Dr. C. R. Walker, financial officer; Fred Nicholson, chaplain; Elmer Griffith, sergeant-at-arms.

Frank Engelman is yet in Portland undergoing treatment, but he writes he is much improved and hopes to be back on deck in Ione in a few days.

C. B. Sperry's condition has so far improved that he is now able to sit up a good portion of each day. His many friends hope to again see him at his office in a short time.—Ione Independent.

Fresh, Pure Lard. We render fresh, pure lard three times a week and have reduced the price of same to 25 cents a pound. Order a Heppner-made product. It's strictly first class. CENTRAL MARKET.

YOU NEED A SAFE DEPOSIT BOX

—Because your stocks, deeds, wills and securities will be beyond the reach of fire and burglars. —Because no one can molest your private letters. —Because you'll not mislay your diamonds, jewelry and valuables. —Because you cannot afford to take great risks when a safety box costs you less than a cent a day.

First National Bank Heppner, Oregon

"Try It Out Yourself" says the Good Judge

And you will find how much more satisfaction a little of this Real Tobacco gives you than you ever got from a big chew of the ordinary kind. The good, rich, real tobacco taste lasts so long you don't need a fresh chew nearly as often. So it costs you less. Any man who uses the Real Tobacco Chew will tell you that.

Oregon Normal School

SUMMER SESSION ANNOUNCEMENTS

The summer term of the Oregon Normal School will be held as follows:

MONMOUTH—Regular courses six weeks, beginning June 27, 1921. Elementary Teachers' Training course twelve weeks beginning June 27, 1921. PENDLETON—Regular courses, six weeks, beginning June 27, 1921.

—For detailed information concerning Monmouth, write to J. H. Ackerman, Monmouth, Oregon. —For detailed information concerning Pendleton, write to H. E. Inlow, Pendleton, Oregon.

Proper Flower Arrangement. The essential point in all flower arrangement is that there shall be form and balance, yet that the composition shall not be perfectly symmetrical, as perfect symmetry is not found in nature. In order to attain the desired effect the flower stalks and branches used are carefully bent and twisted, and this work is done with such delicacy and dexterity as to conceal the fact that their forms have been altered by artificial means.

Redwoods in Italy. California redwoods are commonly found planted in every section of Italy, and they seem to develop splendidly under the conditions of the Italian climate, says the American Forestry Magazine. In Bologna recently a redwood tree over four feet in diameter was cut, which had been planted only about 60 years ago. Sections of this tree are now exhibited in the Museum of the Royal Forestry college at Florence.
