### Starving Chinese Clamor For Garbage Thrown From In the Circuit Court of the State of Origon for Morrow County, MORROW COUNTY, Oregon, Diner.

Conditions too appailing for description and missary too swint to look upon were witnessed only six weeks ago in the famine districts of North China by W. A. Sellwood, Y. M. C. A. asoretary and graduate of O. A. C., who has just returned from 18 months' service in Russla and China, and who travelled 10 days, covering 800 miles, through the famine stricken section from Pekin near the northorn boundary, to Nan-\$ing, near the Chinese coast.

"That ten-day journey was one long herror," said Sellwood. "I am haunted yet by the memory of the drawn, deagairing faces and the pitiable cries for food of the starving, half-naked men, women and children who crowded under the train windows, lifting up their arms in desperate supplication to us, every time the train slowed up or stopped. There are 45,000,000 Chinese confronted with starvation in the famine district, and the daily death rate is 15,900 a day. Typbus and pestilence are adding their toll to that of wholesale starvation, and conditions are simply beyond any adequate description.

'In Russia I have seen corpses stacked up like cordwood, and many other things very abooking to people who live comfortable, well-ordered lives here in the United States, but these were nothing to the tragic things that were visible on every hand all along 800 mile journey through the the 800 mile journey in the The IN THE NA famine districts of north China. The OF OREGON: corpaes were not shoked up in orderly fashion as in Russia. Long ago all dogs, cats and even rats have disappeared in this land of horrors, except for a few wild, half crazed dogs that are dreaded by the emuciated human creatures because they fight so creatures because they fight so tenacionaly for food and sometimes at tack the chultren in their desperate humar.
