### AN APPRECIATION

To My Friends and Patrons of  
 Morrow county:

As I have disposed of my business interests in Heppner and am leaving soon for another state where I expect to engage in business and establish a home, I take this means of expressing my sincere thanks for and appreciation of the splendid patronage I have received at your hands.

Most of my life has been spent in Heppner and it is with the keenest regret, now that the time for leaving approaches, that I am surrendering the close business associations and personal friendships that have come to me with the passing years.

Nowhere do I expect to meet better people than I am leaving in Heppner. Nowhere will I find more kindly neighbors or more loyal friends; and to the good old town, the warm-hearted friends, the kindly neighbors, I extend greeting and wish for all, as the golden years pass, all the good the gods have to bestow.

With kindest regards to all,

Matt T. Hughes shipped two cars of fat cattle to Portland early last week and found a pretty slow market, he reported, when in town this morning. One car was extra fine stock averaging around 1300, and they went for \$7.65, or \$1.35 less than Mr. Hughes paid for them a year ago last fall. That shows how the customer is getting his in these readjustment days.

Morrow county wheat fields, sheep bands and cattle heads never were in better shape at this season than at present. All that is needed to start the golden twenties rolling around are markets for what we produce at decent prices.

F. A. McMenamin reports that very good prices were secured at several public sales he has conducted within the past week or so. "It is really surprising," Mr. McMenamin said, "how many people are able to pay cash for their purchases and take advantage of the discount."

### IRRIGON

A special meeting of the Irrigon Commercial club was held Tuesday evening and a committee named to perfect a better irrigation system - the town ditches and the railroad park now under lease by the district farm bureau. A committee was also appointed to make a membership drive and collect funds for the purchase of a new engine for the Irrigon Rapids power plant, including publicity program. It was also decided that new officers for the coming year should be elected at this meeting, and the following officers were elected: M. F. Wadsworth, president; M. E. Doble, vice-president; N. Swanson, secretary and treasurer; and three members of the executive board, consisting of P. L. Walte, B. B. Lane and H. C. Wolfe. A committee was appointed to work in connection with the farm bureau committee on the ferry landing and roads, and this committee of M. E. Doble, W. R. Walpole and Charles Powell has since held a meeting with the farm bureau committee, and Gordon Holman, ferryman, and a gang of volunteers have been on the road and landing work this week.

The Irrigon league baseball started this season at Irrigon, Sunday. Stanfield played the Irrigon boys, the score ending in favor of Stanfield 3 to 2. The Irrigon boys have agreed that they would stay strictly to the agreement not to ship in or otherwise accept any outside help under any circumstances, win or lose. If there should be any home games in the Irrigon team at the end of the season, it would be all from home products. It is claimed that Stanfield had men who played with Holts, Nolan, Holman and other players last year.

The Irrigon school fall team returned to Boardman Friday, playing the Boardman school team, and returned feeling quite jubilant that they managed to score seven runs against Boardman's thirty three. Our hero was badly crippled on account of one of the best players, Marshall Merham, nursing a badly sprained ankle, and the Knight boys was unable to take part. The boys did not expect to get further than first base. This, however, only makes it one and one.

Walter J. Mead, of Nehalem, was in Irrigon Thursday, trying to work up a rural telephone line. His proposition did not appear very attractive to our people and it was planned to organize in the near future and build our own line.

The committee on the North Morrow County Fair reports having come to the conclusion that they would give the fair a trial, at least, and are to notify the Boardman district accordingly. We could make it one glorious success if we only make up our minds to have it so. We challenge any community for their ability to raise so many different kinds of exhibits, and their quality has no equal.

Mike Marshall, one of the big land holders in the Boardman district, was in Irrigon on business Saturday.

Ira B. Hartzell, of Yakima, arrived in Irrigon Sunday and has rented the eight lots and the house where Mr. Samson lived, of the Beckley properties, and will move his family to Irrigon in the next week or ten days. He has some particular tract of land in mind which he intends to buy soon.

Among those who participated in the Eastern Star dance at Umatilla Tuesday night were the Glasgows, Grims and Benfields. All had a fine time.
