FOREST NEWS

The Five Mile Cattle and Horse Association advisory board met May 2 at the J. G. French ranch. Bids on the construction of that portion of the Five Mile Drill fence north of Squaw Flat were opened. Albert Peterson who has the contract for the other twelve miles of the fence was awarded the contract. Mr. Peterson stated that he would begin construction as soon as the snow conditions permitted, probably about May 15.

There is 12 inches of snow at snow stake No. 31 near the head of Ditch Creek. Around the head of the Potamus and in the vicinity of Arbuckle mountain there is from two and one half to four feet of snow. In most places it is packed so hard that a horse may walk over the top. During the last week of April from six to ten inches of new snow covered the northern part of the Gurdane District of the forest.

Over fifty road and trail signs have been painted during the winter for this district and will be posted this spring to be of service to travelers. This is part of a program of "signing" the forest. It is the desire to place direction signs at all forks of roads and trails and identification signs at all creek crossings, meadows, mountains or points of name along the route.

W. S. Coates of Albee has reported for duty as forest guard in the Gurdane district and is assisting Ranger Woods to repair the 75 miles of telephone line of the district and clear

the woods and trails in readiness for the fire season.

No forest officer will be stationed in Heppner this season to issue stock crossing permits and look after the driveway business, due to a shortage of men in the forest service. Shepherds should obtain crossing permits before leaving their ranches with their sheep.

W. W. Howard, Butter creek sheepman, was a visitor in Heppner Friday.

Mrs. Blanch Watkins and son Dale of Irrigon, were visitors in Heppner during the week.

C. W. Caldwell and sons, of Irrigon were business visitors here Wednesday.

H. W. Grim, well known Irrigon citizen, was a visitor in Heppner Wednesday before the county court.

Mrs. Hanson Hughes went to The Dalles Friday to visit with relatives for a couple of weeks.

Miss Norma Frederick is spending a few days at Pendleton visiting friends.

R. W. Turner goes to LaGrande today on business before the U. S. land office.

The Campbell trained animal show drew a fair crowd yesterday and last night.

A pleasant social dance was held at the pavilion last evening after the circus.

Manager Dave Wilson says it was simply a case of "Too Much Johnson" if you know what that means.

Heppner hall team will go to Arlington for a game next Sunday. No report has reached this office that either team will favor sending to home for an umpire.

Give Us a Fair Rate of Return

is a good slogan for any industry. But it is a very timely one right now for the electrical industry.

Everyone wants good electrical service and every one will get good electrical service, but they must be shown that unless a central station or lighting company is allowed to earn on a full and proper value and not on a depreciated value that central station or lighting company cannot continue to serve in a proper and efficient manner.

Let every man who has a stake in the industry take this fact to heart and convince his neighbors and friends. Put your shoulder to the wheel and then get every one to do likewise.

says the Good Judge

A man can get a heap more satisfaction from a small chew of this class of tobacco, than he ever could get from a big chew of the old kind.

He finds it costs less, too. The good tobacco taste lasts so much longer he doesn't need to have a fresh chew nearly as often.

Any man who uses the Real Tobacco Chew will tell you that.
