TOM MOORE in  
"Duds"

from the famous Saturday Evening Post story of the same name by Henry C. Roland, a story of the aftermath of the great war, of the pillage of devastated Europe. Playing with Tom Moore we have Christine Mayo, known as the woman Hercules. The combination of these players in this story makes an unusually entertaining feature.

## EVA NOVAK IN

### "WANTED AT HEADQUARTERS"

HERE'S a real thriller! The best ever since its director, Stuart Paton, made "20,000 Leagues Under the Sea"—the stirring drama of a daring woman who stole a whole express train, carrying ten million dollars in gold—but who couldn't keep a certain young man from stealing her heart, even though he'd been sent to say that she was wanted at headquarters. See bewitching EVA NOVAK play this rousing melodrama and you'll have enough excitement to last you for a week. Don't miss it.

Monday and Tuesday May 16-17

Fire was discovered in the house of Harvey Walpole about 6:30 A. M. Tuesday morning. W. G. Corey who is visiting Mr. and Mrs. Walpole had built a small fire in the heater to make it more comfortable for the children to dress themselves by and in a short time, the sparks were falling down through the ceiling. Mr. Corey ran up stairs and discovered the room full of smoke. He aroused the rest of the family and further attempt was made to gain entrance to the room upstairs with buckets of water, but it was too late. The flames were far beyond control. The fire department turned out immediately to save other buildings and to help carry out every thing movable. Practically every thing was saved but the house is in ruins. This was one of our best residences and its loss is to be regretted.

The baseball game Thursday evening proved to be quite successful and all report a fine time.

W. M. Friend an old time Irriponite, was in town visiting friends Thursday and Friday.

Farmer Smith, of the Union Pacific Agricultural Department has instructed Mr. Seaman, their agent at this place to handle the corn situation in every way as in former years. Those who have not had any free seed corn before, may secure enough to plant one acre without any charge. Those who wish to build silos, enough seed will be furnished free to fill a silo. A supply of seed corn is on hand at both Messner and Irripon stations and the supply at Messner will be shipped to Irripon as may be needed. This is the yellow dent but they also have a limited amount of the white Flint, from stock that has matured in this district planted as late as July 15th. Additional seed may be had at 8-13 cents per pound.

A number of ladies interested in a community day in connection with the closing events of the school, met with Professor Anderson Friday evening and decided to promote a community dinner Wednesday, May 11th. A managerial committee was chosen with Mrs. George Rand at the head, assisted by Mrs. M. E. Lester, Mrs. H. C. Wolfe, Mrs. M. E. Doble, and Mrs. Nora Castle. It was decided to ask each household to provide a well stocked basket of eatables, comprising a substantial proportion of solid foods, and a moderate quantity of pastries, cakes etc. as usual. Arrangements will be made to serve coffee, so it is recommended that the baskets contain a few cups and spoons. Cream will solicited and sugar furnished somehow. Mrs. Doble and Mrs. Howard were chosen to serve coffee; Mesdames H. C. Wolfe, H. T. Walpole, Nora Castle, M. E. Lester, and E. H. Anderson will have charge of the serving of the food. It is believed an efficient and orderly plan has been devised for the service that will meet the approval of all. The dinner will be at the new school building and has already should be placed in the hands of the committee between ten-thirty and eleven-thirty if possible. There will be games and sports of various kinds by the school pupils from ten in the morning until noon. Afternoon entertainment by the school graduating exercises. The play, so much advertised will be given in the evening, beginning at eight o'clock sharp. It is entitled, "Among the Breakers," a drama in two acts with appropriate music between acts. Those taking part have spared no time nor trouble in trying to get their parts down but have had various difficulties owing to some of the participants being called away on business and having to fill in with other new members. There will be no charge to the play or any of the doings and everybody is invited. As the writer understands it, we will be glad to welcome our neighbors from Boardman and Hermiton and from other places. It was the intention to dedicate the new school building on this day and this may be possible yet. The matter has been taken up with the Masonic order and the Tuncan Lodge, of Umatilla, Oregon, and is now trying to get special arrangements to carry out the dedication plan but it is a question if time will permit it. If it cannot be done on May 11th, the dedication will be on a later date before the new school opens for the next term. Everybody in the district will be expected to devote at least a portion of the day to the community meet if at all possible.

Luther Hayden departed for his home in Seattle Thursday going by way of Yukiwa and Pasco.

Mr. and Mrs. Glasgow, of Irripon and Mr. and Mrs. W. A. Ford autoed to Boardman and took in the dance last Saturday night.
