

MADE LONG TRIP ALONE

Did you ever run across a fair young thing gazing helplessly at a puncture, waiting for a man to help her out? Remember that time and then look at Maud Younger, former society girl of San Francisco, now legislation chairman of the National Woman's party, who arrived in Washington after a 3,500-mile trip alone from the Pacific coast. The dog in the picture is Sandy, presented to Miss Younger on the way across the continent.

Dr. E. R. Hunlock, Grand Chancellor of the Knights of Pythias of Oregon, was here for a few days last week making an official visit with Doris lodge of this city. Dr. Hunlock formerly practiced medicine in Lone Rock and Heppner and has a wide circle of acquaintances throughout this section of the country.

She Wanted Another.
Edith visited the new arrival at my home, and was told that an airplane dropped it on the roof of a hospital and that the doctor brought it up. Before Edith reached home, she saw an airplane and cried out, to the amazement of passersby: "Please, mister, drop one, drop one."—Exchange.

IRRIGON SCHOOL CLOSES

Continued From Page One
Moore, and class prophecy by Hazel Smith. Marshall Markham was the only high school graduate. He gave us a fine talk on Colombia telling us where it is situated and the great opportunities for the American people to develop the country. Before leaving the stage his two nieces Dorothy and Billy Jane presented him with two beautiful bouquets. We are all very proud of Marshall.

To top off the day a dance was given after the play in the Wadsworth hall and everyone enjoyed it.

The Holmes ferry is now in operation west of Irrigon and cars are crossing daily. Hurrah for happy Holmes!

Judge Campbell of Heppner was

an Irrigon visitor Monday and looked over the roads and ferry landing grounds.

Mr. and Mrs. H. C. Wolfe have a house full of visitors this week. Mr. Wolfe, and Harves sister Mrs. F. B. Toner and two children motored over from Yakima Sunday.

Gordon Holmes, ferryman, and H. W. Grim motored to the county seat May 4th in connection with the ferry franchise. We expect to announce operation of the ferry within a few days.

Mr. and Mrs. R. M. Trafton, and party of Malta, Montana, have been Irrigon visitors for several days on account of being held up for repairs for their car. Mr. Trafton is in the general merchandise business at Malta and also vice-president of the Malta National Bank. They left Malta last December and have taken the route through California and are now on their way back home.

Mr. D. R. Glasgow, attorney of Spokane Washington, delivered a short address in the course of which he told of graduating days in his boyhood and he told of the greater opportunities the boys and girls of today have than when he went to school. For now there are high schools in every town and the colleges and normal schools are a common thing now, while in the early years they were few and far apart. The representatives of the railroad company could not come. H. W. Hicks is on the sick list, Farmer Smith and Wm. McMurray, the traveling passenger agent, did not get back from an eastern trip. On account of the absence of these speakers Mr. Andersnoeda mekHiesv.ers Mr. Anderson made other arrangements to fill in time mapped out in the original program. The ball game added a big attraction to the plans of the day. Raymond Jordon pitched and Dale Watrens caught for the makeup team and won the day by a score of 12 to 7.

The drama a play in two acts entitled, "Among the Breakers" was given free to complete the school program and proved a complete success. The auditorium was crammed full and many people stood far out in the hall. The cast of characters were: David Murray, A. J. Strader; Larry, Battie and; Bruce Hyler, N. Seaman; Clarence Hunter, Lyle D. Seaman; Peter Paragraph, Ishmael

Hendrick; Scud, Merrill E. Doble; Miss Daze, Mrs. E. F. Fagerstrom; Ness Starbright, Miss Winifred Stewart; Biddy Bean, Mrs. M. E. Doble; Mother Carey, Mrs. N. Seaman; Prof. E. H. Anderson acted as director. Music was furnished before and after the acts by Hendrick's.

Messrs. A. H. Allen, W. B. Howard, and C. W. Caldwell of the school board and clerk M. E. Wadsworth have sacrificed a great deal of their time in the construction of this school building and they have enjoyed to some extent the fruit of their labors, and the district can well be proud of their fine school.

Regular meeting of the Irrigon

Commercial Club Friday evening, May 6th was a very lengthy affair. The new proposed pipe line connections for an irrigation system for the town was left to a committee to look into legal points and report as soon as possible.

The club meeting of the school District was followed by the hay growers association meeting. County agent Hunt and Charles Powell explained the workings of the association and booked up some of the hay growers. The matter of storage facilities seemed to be the only objectionable point but it is believed this can be overcome in the near future.
