IRRIGON

The Fourth has passed without any mishap, a real sane and safe celebration. Here and there a small firecracker could be heard but due caution was used and none fired where fire would be liable to start or cause injury to any one, yet all report having had a fine time. Mr. and Mrs. Glasgow, Genavie and Mr. Mrs. W. T. Eggleston motored over to Prosser, Grandview and Sunnyside Washington, via our ferry line and whilst in Prosser visited Mr. and Mrs. W. H. Strampher, and other friends around there. The members of the Neighbors of Woodcraft and families had their picnic at Patterson Wash. being the guests of Mr. Jacobson, the pear king of that part of the country. All the automobiles that could be had, were mustered into service and a big feast had been prepared by the ladies and the ferryboat applying between Irrigon and Holme landing was kept busy from early morning until late in the evening and as many as seven cars were taken over at a time. The feast was spread in the shade of Mr. Jacobson's orchard where they had tables all arranged for the guests and a most enjoyable day spent. Mr. and Mrs. J. A. Graybeal entertained a big crowd on their lawn the entire afternoon and evening. Among those present being Mr. and Mrs. McCoy and family, Mr. and Mrs. J. Beryand family, Mr. and Mrs. D. C. Brownell and family, Rev. J. W. Hood, and others. Mr. and Mrs. H. E. Henby and family of Hermiston spent the day with Mr. and Mrs. H. C. Wolfe.

Mr. and Mrs. Duncan and son of Unatilla motored down the river view boulevard the afternoon of the fourth and had their picnic dinner in the shade at Eggleston's at the west end of the Boulevard. Miss E. W. Chappell and six others were in the party with the Duncans.

Mrs. Jones and children of Kamela Oregon were visitors at Brays during the past week. Mrs. Jones reports a big crop of huckleberries in sight.

Mr. B. B. Lewis has been employed by the O. W. R. & N. company as signalman and is relieving Mr. C. D. Albright at Messner. Mr. Albright is being on a vacation back east at this writing.

Mr. W. H. Pierce and family of Chehalis Wash. are camped in the shade on Seventh Street and are trying to make some arrangements to hire some one to improve their place and get it into alfalfa this fall.

Mr. and Mrs. Otto Coets and family of Ogden Utah, who are motoring through to Condon where they expect to live in the future, camped in Irrigon a couple days last week.

The Unatilla Ferry Boat spent one night at Irrigon last week visiting the Irrigon ferry. We hope they don't cultivate to close friendship and get to running back and forth visiting to much of the time.

(Ferries are too numerous anyway.)

Mr. George Cauldwell had his car wrecked on the evening of June 30th by a party travelling in a speedy roadster under Idaho license. They struck from behind taking off one wheel and turning the car completely up side down. George was driving the car and had his father and Eneast Fagerstrom with him and how they escaped with their lives cannot be figured out. None were injured except for a few bruises.

George telephoned to Arlington soon as he could pick himself up and the party was arrested there and their names and license number taken but later escaped. They hope to trace the license number up and have parties brought back for trial.

Mrs. E. F. Fagerstrom and children left Wednesday for Oak Grove Oregon to visit Mr. Fagerstrom's people and be gone a couple of weeks while Mr. Fagerstrom completes their new house during his spare moments.

Mrs. J. W. Hood and children left Wednesday for Seattle to reside there with her folks until Rev. Hood knows where he will be transferred to. Mr. Hood is expecting word daily where he is to go.

Dale Watkins drove over to Heppner with a load of new potatoes for M. E. Doble Friday, returning the following day.

The Commercial Club at its regular monthly meetings had only very little business to transact. The regular meeting night was changed from the first Friday to second Friday owing to the hall being occupied on the first Fridays in the future.

M. E. Doble has been experimenting on something that is valuable to the farmers of this project and the whole west for that matter, and that is poisoning rabbits this time of year

He places one ounce of poison in five or six quarts of water with a couple cups full of sugar and some salt and soaked new small potatoes in this liquid and spread them where the rabbits seemed to be thickest and the first four days buried 156 Jack-rabbits. In doing this he only used very small potatoes and did not cut them. They should be put out of the reach of stock and very few in a place

CECIL

T. Taylor, who has been visiting with his old school pal J. M. Melton, of The Lookout, for a few days left Tuesday for his home in Weston.

Miss Zella Kelly, of Pardale was the week end guest of Mr. and Mrs. George Krebs at the Last Camp.

J. W. Osborn made a business trip to the county seat Saturday.

Mr. and Mrs. Yoakum and Mr. and Mrs. Funk and children made a short call in Cecil Saturday before leaving for Wasco where they spent the week end.

W. G. Palmateer, of Windybrook, Walter Pope and Robert Lowy were visiting at the home of A. Montague in Eightmile Sunday.

Through the kindness of Mr. and Mrs. George Krebs, of the Last Camp, the residents of the Cecil community were invited to celebrate on their beautiful lawn the Fourth. A large party was in attendance. Games and amusements of every description were thoroughly enjoyed by everyone present. The ladies served dinner and supper from well filled baskets. Mr. George Henricksch, of Strawberry ranch was the orator of the day, and he was ably supported by the village constable John.

The first wheat of the season was brought into Minor & Hynd's warehouse July 8th by Fred Manikin from his ranch near Cecil.

Peter Baurfiend left on the local Friday for Heppner where he will attend to some business matters before leaving for his annual vacation to Ritter Hot Springs.

Mrs. Jack Hynd and son Herbert and daughter Miss Violet left Sunday to join the mayor at Rose Lawn, Sand Holow, where W. G. Hynd joined the party all bound for Ukiah and the springs to enjoy a few days vacation.

Mr. and Mrs. A. E. Wait, of Tentville spent the week end with friends in Canby.

George A. Miller took a rest from his labors in his harvest fields at Highview Wednesday and paid Arlington a visit.

Mr. Clarence Winter and family passed through Cecil on their way to Crater Lake where they will spend their vacation.

Mrs. Madames Johnson, Myers and Miss Georgia Summers were passengers on the local for Ione Wednesday.

Mrs. Roy Garlick and Mrs. A. C. Ayers of Tentville, accompanied by Mrs. Nic Schnarter and children of Rockcliffe, were doing business in Ione Wednesday.

Mr. and Mrs. H. J. Streeter and family spent Monday visiting their friends in Morgan.

Mr. J. H. Crane, of the Oregon Hassam Paving Co. of Portland, was in Cecil Wednesday looking after his company's interests. The rock closed Saturday as that work is completed at the Cecil end of the road and arrangements are being made to transfer all machinery etc. to Morgan as quickly as possible.

Mrs. E. J. Logan, of Portland arrived in Cecil Wednesday accompanied by her sister Mrs. Weltha Combest. They intend visiting for some time among their friends in Morrow county before returning to the city again.

Mr. Everett Logan and daughters, Doris and Danna, of Fairview were callers in Ione Friday.

Mr. and Mrs. George Henricksch and daughter, Mildred, of Strawberry ranch were visiting at Willow creek ranch Thursday.

Mr. and Mrs. L. L. Funk and children of Morgan were calling in Cecil Thursday.

Mrs. Edwin Fanshiers and friends of Four Mile were making calls in Cecil Sunday.

Brown Coal.

Germany expects brown coal to make her rich again. The beds of this newly discovered fuel are only a few feet below the surface of the ground, so that the material can be taken out with dredges. No shafts will be required; no timbering, no costly machinery, and no explosives. Of course "brown coal" is only coal in the making, with about one-third the heating value of bituminous. It contains more less carbon than the latter, more ash, and a good deal of water.

Important Experiment.

Domestic production of chaulmoogra oil, long used in Asia for the treatment of leprosy, is made possible through a consignment of seeds of the Hydrocarpus tree, sent from Siam to the bureau of plant industry. They will be experimentally propagated in Florida, Porto Rico and Hawaii. The oil formerly was obtained only from seeds of another tree grown in Burma.

Notice To Hotel Patrons

The Hotel Patrick will be closed after July 10 in protest to the unreasonable charges made for lights and water and other commodities necessary to the operation of the hotel, and will remain closed until a fair and reasonable adjustment can be made.

The Romance of the Indian Blanket

A WOVEN chronicle of Indian lore—of myths suggested by the setting sun, the rippling waves, the geese flying southward. There's interest for everyone in these impressions preserved by the Indian squaw in her weaving—now carried on by the Oregon City Woolen Mills where her crude handloom ceased.

These Indian Blankets are so true in design that most of the Indian tribes of the West wear them.

Jacobs' Oregon City Indian Blankets serve a score of needs—for motoring—for traveling—for home use—especially to those people who enjoy out-of-door pleasures. Their brilliant, barbaric beauty and the symbolism of their designs add much to their interest. They are dyed in the wool—their colors are permanent.

Come in and let us show you the newest designs in "Oregon City" Indian Blankets.
