NOTICE FOR PUBLICATION ISOLATED TRACT (Public Land Sale)

Department of the Interior, U. S. Land Office at La Grande, Oregon, June 4, 1921.

Notice is hereby given that, as directed by the Commissioner of the General Land Office, under provisions of Sec. 2455, R. S., pursuant to the application of Horace M. Yoakum Heppner, Oregon, Serial No. 019821, we will offer at public land sale, to the highest bidder, but at not less than \$3.25 per acre, at 10 o'clock A. M., on the 16th day of August, next, at this office, the following tract of land: NW 1/4 SW 1/4 Sec. 21 T. 4 S., R. 24 E., W. M.

The sale will not be kept open but will be declared closed when those present at the hour named have ceased bidding. The person making the highest bid will be required to immediately pay to the Receiver the amount thereof.

Any persons claiming adversely the above described land are advised

ALFALFA AS A REFRIGERATOR

Planted Around Farm Houses It Has Been Found to Reduce the Temperature Materially.

Refrigerators indoors are common enough, but it took the farmers in the Southwest to devise one for outdoor use.

A farmer who happened to plant a large field of alfalfa south of the farmhouse noticed during the hot summer that followed that his family did not suffer from the heat as did the neighbors. The thermometer showed a temperature five to ten degrees in his house.

A neighbor suggested that it might be due to the alfalfa. When the temperature was taken at other alfalfa fields and found the same marked difference, the farmers in that region are planting alfalfa around their dwellings and other buildings.

The reason for the success of alfalfa in this case is that the alfalfa absorbs much moisture, the evaporation of which reduces the temperature of the air and lessens the summer heat in the adjoining land over which it blows.

The suggestion now is for farmers that wish to profit from the presence and the board money of summer vacationists to combine the profit and utility of alfalfa with higher rates from hot-weather boarders attracted by the coolness of the ten-acre refrigerator around the house.

Little by little men are beginning to learn how to utilize the means provided by a good Creator for their comfort and well-being.

HE HAD LEARNED SOMETHING

Christmas Incident That Shows the Way of a Modern Maid With Her Victim.

He was a very nervous young man, but he was rather nice, and Elsie thought he was worth encouraging.

She allowed him to take her to tea, she deliberately checked the slipper in his eye at "Hunt the Slipper," and she gave him a dance or two. Once or twice she sat down under the mistletoe, but he didn't seem to notice that.

At last when they were alone in a corner of a room, she stood long and insistently under the mistletoe hanging from a curtain pole of the bay window.

Then, very nervously, he pecked her face. She, of course, protested mildly; but as they seated themselves once more, most respectably on a couple of chairs, she kept the conversation on mistletoe.

At length he ventured: "It is—er—a nice Christmas custom, hanging up mistletoe, but I wonder why they always hang it over doors, windows or chandeliers?"

"Because it's not necessary to have any out on the stairs or in any other dark places," she murmured softly.

FOR SALE OR TRADE

Have 470 Gilliam county wheat ranch, 270 acres in cultivation, 140 in wheat this year, balance in summerfallow, located 6 1/2 miles S. W. of Rock creek station. Is assessed at \$7200 with \$2800 school loan on it. Buildings are fair. For valuation or can use up-to-date Heppner home in the deal if priced right. Write giving particulars.

Let Borneo Keep It. Widows and widowers who weep twice a day for a year, and who are allowed to eat only on every second day of a month, figure in the funeral ceremonies of the head-hunting natives of Borneo.

Everything for QUALITY -nothing for show

THAT'S OUR IDEA in making CAMELS—the Quality Cigarette.

Why, just buy Camels and look at the package! It's the best packing science has devised to keep cigarettes fresh and full flavored for your taste. Heavy paper outside—secure foil wrapping inside and the revenue stamp over the end to seal the package and keep it air-tight.

And note this! There's nothing flashy about the Camel package. No extra wrappings that do not improve the smoke. Not a cent of needless expense that must come out of the quality of the tobacco.

Camels wonderful and exclusive Quality wins on merit alone.

Because, men smoke Camels who want the taste and fragrance of the finest tobaccos, expertly blended. Men smoke Camels for Camels smooth, refreshing mildness and their freedom from cigarette aftertaste.

Camels are made for men who think for themselves.

Camel

Firestone

30x3 1/2

STANDARD NON-SKID

The Fastest Selling Tire In America

The increasing popular demand for the Firestone Standard 30x3 1/2 inch tire over a period of years has given us big volume. Our Plant No. 2 devoted wholly to this size tire with a capacity of 16,000 tires and 20,000 tubes per day cuts costs on every operation. On May 2, we dropped our price to \$18.95 passing on to the car owner the full benefits of this big sales volume and this labor-saving plant. This tire has been our standard for years—four plies long staple fabric—extra gum between plies—heavy non-skid tread. The greatest value ever offered car owners. Insist on a Firestone.

Our Cord Tire Values

Firestone Cord tires are made exclusively in Plant No. 1. Our process of double gum-dipping each ply of cord gives thicker insulation. The massive non-skid tread, with extra thickness where wear is most severe, gives real effectiveness in holding the car against slipping and adds many extra miles of service.

Firestone Cord tires are sold at the lowest prices in cord tire history: 30x3 1/2, \$24.50; 32x4, \$46.30; 34x4 1/2, \$54.90.
