FOUND HUNTING POOR IN LANE COUNTY

Mr. and Mrs. Chas. Latourell and Mr. and Mrs. O. T. Robinett, who went to the coast section of Lane county a couple of weeks ago on a hunting trip, have returned and report hunting poor in that section. The party were unfortunate in going into the locality where a party of Corvallis business men had preceded them and who were arrested and taken out by game wardens for hunting with dogs and killing deer. The Corvallis men had a big pack of hounds in the woods and had chased all the deer out of the country or into the dense thickets where they remained hidden, making hunting in any orthodox manner useless. They are said to have five female deer in their possession when arrested and paid fines aggregating \$750. That did not help Mr. Latourell and his party out any in having a successful hunt so they soon broke camp and came home. They say there are signs of deer being plentiful in that section and had the game boys stayed away they would have had a different story to tell on their return as well as more meat.

VISIT RAMIER NATIONAL PARK

J. A. Waters returned to Heppner last Tuesday and is again at his desk in the county clerk's office after a delightful vacation spent by himself and family at Tacoma and Ramier National Park. Mr. Waters says the park is well worth a visit, being a real beauty spot. They stopped at Paradise Inn which is an far up the mountain as the stages run and from there made excursions to places of interest higher up the mountain. They got high enough to be able to look down on the big glaciers and found much interest in watching the great blocks of ice break off and fall with

deafening noise. The weather was fine on the mountain and they all enjoyed the trip. Mrs. Waters and Wilbur stopped in Portland where they will spend the winter, Wilbur being a student at Hill Military Academy.

SUGGESTS IMPROVEMENT OF PALACE HOTEL CORNER
Editor Herald:

There has been much talk about cleaning up the Palace Hotel corner. If there is no prospect of a building being put up on that corner within a reasonable time, it might be possible to get the corner improved in this way: Let the City Government or the Commercial Club secure some sort of a lease on the lot for a term of years. Then let the Boy Scouts and other boys remove the brick from the basement. The basement could then be easily fixed to hold water and could be used as a swimming pool. A fence or screen could be built around the pool. I think the corner would be improved in appearance, and I am sure the boys would enjoy the pool during the summer months.

WHEELER COUNTY HAS NEW SHERIFF

C. A. Johnson was appointed sheriff of Wheeler county, at Fossil, last Tuesday, taking the place made vacant by the resignation of Sheriff Oscar Kelsey whose resignation was requested by the county court as a result of the report of Crandall & Roberts, expert accountants, stating that the sheriff's books showed a shortage of \$19,973.82. Mr. Johnson was the fifth man to whom the court offered the position, the others declining because of the \$1600.00 salary being deemed not sufficient for a man to live on and keep his books straight. Mr. Kelsey has been sheriff for several terms.

it's toasted, of course. To seal in the flavor—

Mr. Cronk who has been district manager for that company in this county for a couple of years suffered a severe breakdown in health several months ago and in order to find a more salubrious climate the company has decided to transfer him to Hood River where he will make his home while looking after the company's interests in that section. Mr. and Mrs. Cronk have made many friends in this county during their residence in Lane and Heppner all of whom will regret their leaving while wishing them a full measure of health and prosperity in their new home. They will leave for their new home within a few days.
