**Grease Spots on Wallpaper.**  
To clean wallpaper of grease spots, buy an ounce of pipe clay at any drug store and make a thick paste. Apply to the spots and allow to remain overnight. In the morning rub off with a clean cloth. It makes the paper like new, removing all the spots.

**Stones Swallowed by Elephants.**  
The habit of swallowing bones appears to be more or less common among elephants. The British museum contains a collection of 108 stones, averaging the size of a hen's egg, all taken from the stomach of one African elephant.

**Superstitions About Leeks.**  
Leeks are supposed to be harbingers of good fortune in Wales, and when one finds a leek growing on the wall about the house there is expectation of some great happiness coming to the inmates. In other times the leek was supposed to keep witches away.

## FIRED FAST. HIT THE MARK

Auditor of Legion's National Finance Division Made Record With Field Artillery.

A record for fast firing and direct hits with field artillery, may be far removed from keeping records and accounting expenditures. But the American Legion considered this recommendation when it chose William N. Day, Grand Falls, Mont., as auditor of national finance division. He is still scoring bulls-eyes.

Twenty-five minutes to one minute was the reduction Day's battery, "F" of the 16th Field artillery, made in the time experts required to train 6-inch rifles on a target. A German train, sighted on the St. Middel front, was hit by Day's guns on the third round and completely demolished on the eleventh. With shells of all calibers dropping on his battery every half-minute for more than two hours, the battery came through without a man wounded and with three guns in action.

Mr. Day says that he finds the addition of a column of figures almost as exciting at times as the bombardment of an enemy fleeing target.

## THE SOLDIER AND STATESMAN

Texan is Newly Appointed Director of the Legion's National Americanization Commission.

"He can tell you about an ordinary baseball game in such words and expression that you will be grief-stricken," is what they say of Alvin M. Owsley, Texan, newly appointed director of the American Legion's national Americanization commission. Mr. Owsley, who left off being assistant attorney general of the largest state in the Union to join the Legion organization, has become a "soldier and a statesman" of national prominence at the age of thirty years.

In the West, the Texan has long been known as a speaker of unusual ability. When he went East and had as his field Americanism, its origin and its purpose, Mr. Owsley began delivering addresses of such eloquence and inspirational context that he became in constant demand and his reputation as a master of diction naturally followed.

Oversens Mr. Owsley commanded a battalion of 36th Division Infantry until his promotion to division adjutant. As head of the Legion's legislative committee in Texas, he obtained a \$2,000,000 hospital for service men at Kerrville, Tex.

## BEAUTY AS "MISS LIBERTY"

Seattle Legion Selects Charming Miss to Serve in Recent Patriotic Exercises.

"Talk about the beautiful French girls and rave about the dark tresses and flashing eyes of the Italians and Spaniards—we've got them beaten to death with our own Americans," declared the American Legion of Seattle, Wash., in selecting Miss Helen Worthington of their city to represent "Miss Liberty" in patriotic exercises recently. Beauty experts with varied experience in the A. E. F. were called upon for their opinion and they held that "Miss Liberty" had even the heart-breakers of the Latin countries fashed to the mast, not excepting the painted ones in the Louvre at Paris.

Miss Worthington is a home girl and was not a little embarrassed at the honors the Legion showered upon her as queen of the festival. She was unmarried at the last report, although her mail has greatly increased in volume with those who would alter her singular course.

## Posts in Foreign Countries

The ranks of the American Legion have been extended into the second great country with the recent formation of a post in Constantinople. The posts are going to Germany. Service men with the Near East relief and the American Foreign Trade corporation are organizing the standing post. A charter recently issued to a new post in Tolu, Spanish Honduras, makes a total of 25 posts in 19 foreign countries.

## A GREAT SHOW IN NOVEMBER

The preliminary classification for the Pacific International Live Stock Exposition has just reached this office. It is to be held in North Portland November 5 to 12. The exposition management has increased the prize money in almost every classification. The total money offered by the exposition and stock association is more than \$70,000 for the winners down to tenth place in some instances.

Among the new features of the show this year is the Winter Poultry Show of the Oregon Poultry and Pet Stock Association, which is to be held in conjunction with the other livestock. Milk goats form a new class, with \$500 offered as prizes. The Angora goat people give a thousand dollars for champions alone this year.

One of the most interesting and important features is the dairy products exhibit, under charge of J. E. Dorman connected with the dairy extension of the federal Department of Agriculture. The display and competition in butter, cheese and other dairy products this year will be better and keener than ever before.

The horse show is always thrilling and attractive, and more horses and a livelier time is anticipated this fall than ever.

The Pacific International Live

Stock Exposition is the largest livestock and dairy show in America to-day last year they were inclined to be a little patronizing—until they saw what we had. Then they were amazed, not only at the number of entries, but at the remarkable quality of the stock. As a matter of fact, the west coast has as fine examples as can be found of the great beef breeds, the four great dairy breeds, the sheep of all classes, the fine commonly recognized American breeds of swine and the four heavy horse breeds.

Last year there were over 3000 individual animals, each the pick of the west, at the show. This year indications are that there will be many interested in livestock. This is an opportunity to see and study your favorite breed, and a wonderful chance there will be to compare dozens of the best with each other.

## Seek Employment Worth While.

Let your employment be such as may become a reasonable person; and not be a business fit for children or distracted people, but fit for your age and understanding. For a man may be very busy, and take great pains to so little purpose, that, in his labors and expense of time, he shall serve no end but of folly and vanity. There are some people who are busy, but it is, as Dominian was, in catching flies.—Jeremy Taylor.

## When food gets scarce does the hen stop scratching? No, indeed, she scratches a darn site harder.

When times are hard and no money in sight,  
Shall we go to sleep or continue the fight?  
We'll take a lesson from the hen and work the harder brother,  
We'll all pull together and help one another.  
And when the clouds have rolled away and the sky again is clear,  
We'll scratch some more and cast away all thoughts of this bad year.

Then our record will be clear, our credit will be good and the horrors of war and the deflation period will be forgotten.
