BOARDMAN HAS FIRE AND BURGLARY SCARES

HARPER HOME DESTROYED—TRADING CO. ENTERED

Project Farmers Turning Attention To Dairying. Several Cars Milk Stock Coming

BOARDMAN, Or. Oct 17th.—(Special.)—An attempted burglary is reported this morning by the Boardman Trading company. A hole was cut in the back door to allow a hand to be inserted so that the key might be turned. No cash is missing, though there was considerable in the cash register. A cursory inventory shows no definite loss and it is suspected the culprits were frightened away before accomplishing their purpose.

The size of the opening indicates that either boys or a man with a very small hand was guilty. Later developments show that two coats valued at \$23 each to be missing.

Prof. Jackson, of the U. S. Biological Survey has arrived in Boardman to continue the rabbit extermination campaign recently started. Two drives a week during the next month are planned, following with poison if a good bait can be found.

Business activities in Boardman are no the increase. Following the opening of a first class barber shop by Joe Webster of Tigard, Or., Dr. Ray Logan of Umatilla, has opened an office and will give two days a week to this territory. The post office has moved into new and commodious quarters in the Root building, and A. E. Partlow has opened a meat market.

The people of the Boardman project realize that there can be no permanent agriculture where the crop is raised and shipped out of the country and nothing is returned to the soil. This is especially important in an irrigated section. The application of manure increases the yield of alfalfa. This calls for livestock. It is important that the hay be fed on the farm and the produce shipped out in concentrated form. Interest in dairying has increased to such an extent that several carloads of milk stock are enroute to Boardman, having been selected by various parties interested. A. R. Ayers, of Boardman, C. C. Calkins, county agent; W. O. King, L. V. Kutzner, and Ray Brown. Financial arrangements have been made with the Arlington bank and the Western National Bank to carry the coal through. A cheese factory organization has been completed with R. Wassmer, president; Dale Albright, secretary; and R. Wassmer, T. E. Broyles, and Paul Smith directors. A cheesemaker is expected within a week and it is planned to begin cheese making by November 1st.

The home of Deputy Sheriff D. E. E. Harper was totally destroyed by fire last Tuesday night together with

MANY MALLOW COUNTY LAMBS GOING TO IDAHO

Ten cars of lambs were shipped out from Ione last Friday and 30 cars left the Heppner yards Saturday. Shipments being consigned to Idaho where they will help furnish a market for the \$3.00 alfalfa hay with which that state is overstocked.

Several counties in southern Idaho are quarantined against the shipping out of any alfalfa because of the presence of weevil in the fields and the only salvation for the industry just now seems to be the importation of livestock to eat the crop on the ranches.

DON'T GET DISCOURAGED; LET US HELP YOU

Did you ever stop to think how much difference there is between being "discouraged," and being "discouraged?"

A disappointment is, according to Brother Webster, the defeat of an expectation or hope. As an illustration; some reader of the Herald puts on a short advertising campaign. He may be a merchant, a farmer, a stockman, a laborer, or professional man, but he has something to sell and advertises it.

If the results of this advertising campaign do not come up to expectations, the man is disappointed. But if the man gets discouraged, especially after but one try, he'll never head the list or come any where near the top of the list as a man of fame.

Mr. Webster says the man who is discouraged is a man from whom the courage has been wrested or extinguished. In other words the man who is discouraged is like a diseased pair of tonsils. He's no good for himself or for anyone else.

And the right kind of a man sometimes comes out of the lake of discouragement by bumping up against an occasional honest to Pete disappointment.

The Herald is here, day after day, year after year, trying in its own way to assist those who are discouraged, and always in shape to help a man or woman who has been disappointed. We'll admit that it is easier to help the latter, but as we are not picking out an easy path, we are here to do our mite in every case.

No matter what you have to sell. No matter how much money you care to use in giving the article or articles publicly, we can give value received, and the results will be proportionate with the amount of space used.

We help you prepare your ad whether it be a farm sale, a want ad or a regular or special merchandise sale. Call us up.

all its contents. The origin of the fire is a mystery no one being in the house at the time. A hobo who had been hanging around town for a day or so was forced to move on Tuesday evening and some think he may have returned and fired the house as a matter of revenge. The loss is estimated at around \$1800 with \$1200 insurance.

BOYS' AND GIRLS' CLUB CHARTERS RECEIVED

Mrs. Lena Snell Shurte, county school superintendent, has recently received from the Oregon Agricultural college, charters for the following projects:

Pig club, Poultry club, Calf club, and Sewing club, of Boardman.

Willow Way Cookery club, Willow Way Garden club, Heppner. The Willow Way clubs represent the B. H. Peck district on Rhea creek.

Mrs. Shurte has also received a "Certificate of Achievement," for the Boardman Cookery club for the year 1920-21. The members of this club are: Katherine Brown, Rachel Johnson, Diebert Johnson, Edene Larson, Ed McClellan, Nellie Messenger, Violet Gilbreth, Marie Messenger, Cathleen Marshan.

Mrs. Shurte is also in receipt of a complimentary copy of the Oregon State Song from the office of the State Superintendent of Public Instruction. The music for this song was composed by Henry B. Murtagh, the words are by J. A. Buchanan. The song is endorsed by the superintendent of public instruction and is published by the society of Oregon composers. The song was selected by competitive contest.

Mrs. Shurte has ordered a number of copies which will be used at the coming teachers institute and a copy will be presented to each teacher as a souvenir of the meeting.

FORMER HEPPNER WOMAN NOW SALVATION ARMY WORKER

Mrs. L. N. Basey, a former well known Heppner woman, who with her husband operated the old Mountain House Hotel in the early days before the old Palace hotel was built, was here several days last week in the interest of the Salvation army of which she has been a member for many years. Mrs. Basey is now a collector for the army and was here collecting money to help carry on the work of that most worthy organization. Mrs. Basey joined the army here in Heppner about 20 years ago and since that time has devoted her life to carrying on its religious and philanthropic work. Her home is now at Wauato, Washington, although she retains her membership in the Salem, Oregon corps of the army.

Freeman Hammond's "Second Childhood" Declared to Be Classic of Modern Lyceum

Distinguished Young American Artist, Heading Freeman Hammond Company, to Appear in Local Lyceum Series in Near Future.

Mr. Freeman Hammond, one of the most promising young artists of the plattform, has made a most enviable reputation for himself during the past two seasons, through his intensely human little sketch "Second Childhood." It is said to be one of the finest and most artistic impersonations ever offered by any one. It will be given here in the near future when the Freeman Hammond Company appears.

Mr. Hammond's characterizations are splendidly done in his every effort. He works in costumes and grease paint and does every one of his characters with an ease and naturalness that is indicative of a wonderful art. With Mr. Hammond appear two clever assisting artists in dramatic and musical numbers.

Messages Personal to You

Not letters or telegrams but almost as personal as letters or telegrams.

The advertisements in this paper—they were written for you and printed for you.

You would not lay aside a letter or telegram without opening it.

Neither would you lay aside your newspaper without reading the advertisements.

Merchants and manufacturers are talking to you. They are telling you of their

goods and their wares and their services. They tell of opportunities They give you invitations.

It is impossible for these merchants and manufacturers to send letters to all the readers of this paper.

So here in the paper today are the letters to the whole community—and to you as a part of the community.

Reading them will help you to economize and post you on store news just as well as if each advertiser sent you a personal letter.
