

LUMBER BARGES WILL FLOAT DOWN RIVER

On Thursday two men stopped in Boardman at the Highway Inn. They had a very unusual trip, having come down from Lewiston, Idaho in a row boat. Their purpose was to

sound the river, going as far as Cecil. Plans are under foot to ship barges of lumber from Clearwater, Idaho, to Cecil where it will be transferred to steamers and shipped east by way of Panama Canal. Thus far the shallowest water found was four feet.—Boardman Mirror.

"Fatty" Arbuckle says he is going back on the stage again, but if he does he should take the position of stage carpenter.

We said the other day that we had heard of every kind of an insurance company, from the company that insures one against loss in case of an auto wreck to the company that insures fairs and entertainments from incurring a loss, but had never heard of a company that insured safety for bandits and other law breakers. The minister was standing near-by and said he represented that company.

There is some consolation in learning that where a murder would be committed for \$35 in 1919, the sluggers demand an average of \$65 per murder this year. Money being scarce, murder should fall off considerably.

Moving picture makers are discontinuing the practice of holding leg shows because they have so much competition in every day life.

Looks like the high school and college girls are going to ruin dame fashions decree that rolled stockings and see-more petticoats should be worn.

A cook book says, one can discover a bad egg by its odor," but when a frugal housewife goes into a store to buy a couple of dozen eggs she don't feel like breaking them open to see if they smell good or not.

the time until about two o'clock in the morning. Everyone reports a most enjoyable evening and wishes Mr. Glasgow many more happy birthdays.

Mrs. F. H. Ricks has a purse full of money now days. She took so many blue ribbons at the North Morrow County Fair at Boardman and the Morrow County Fair at Heppner that she has enough to make a fancy pillow. The ribbons were from chickens, various farm produce, canned goods and fancy work. She promises even a greater exhibit next year and hopes to secure enough blue ribbons to make a table cover.

Sunday School will hold Rally Day Service Sunday October 23rd. Rev. Harper will be in Irrigon for two or three days the last of the week to work up interest for the occasion. There will be a short program and an interesting hour is promised. Everyone is cordially invited. Rev. Hillis will also be here for Sunday evening service, October 23rd and expects to hold protracted meetings for a week or two.

Mrs. E. F. Fagerstrom and Mrs. H. T. Walpole are organizing a women's chorus and reports good progress. It look as if considerable religious work will be undertaken and Rev. Hillis will likely take the Irrigon-Boardman field, recently made vacant by the resignation of Rev. J. W. Hood.

Several have made repeated experiments poisoning rabbits with the formula so successful early in the summer, namely, application of poison paste mixture on cedar sticks and all report no success at this time. It would seem that rabbits would not like to salt at this time of year and the poison should be applied in some other way now. In the spring rabbits even gnaw the ties on the railroad track where the salt has run off refrigerator cars and we should plan extensive work with sticks next spring. Other poisons should be used in the meantime.

FARM REMINDERS

As the ewes come off the summer range it is a good time to cull them. Sort out all ewes with udders spoiled by caking or injured teats, also all "gummers" and those with spread teeth such that it will be hard for them to stand the winter. With sheep prices low, this is a good time to pay attention to general conformation in culling and thus build up an attractive uniform flock. Select ewes having strong, straight backs and good coverings of wool.

COUNTY TREASURERS NOTICE

Notice is hereby given that all Morrow County Warrants, registered up to and including February, 28, 1921, will be paid upon presentation at my office.

Interest ceases after November 1, 1921.
