

POPULAR HEPPNER COUPLE WED

Coming as something of a surprise to their many Heppner friends was the announcement of the marriage of Mr. Claire V. Hopper and Miss Bernice Dafee, which took place last Thursday evening at the home of Mr and Mrs. H. M. Cox, at Arlington.

Taking advantage of the Armistice holiday the happy couple procured their license Thursday afternoon and drove to Arlington where the ceremony was performed as above stated, when they continued their trip to Portland.

Mr. and Mrs. Hopper returned to Heppner Monday evening and were accorded a hearty welcome by their many friends here who had specially prepared the bridal suite at Hotel Patrick for their reception.

The bride is a most charming and talented young lady and is instructor in music at Heppner high school and the groom is a successful young business man of this city. They will reside in Heppner and are now kept busy receiving the congratulations of their many friends.

BASKET SOCIAL AT ALPINE

A most successful affair was the basket social given at Alpine school house, October 29th where Miss Alice Barburg is the teacher.

After a short but interesting program given by the school children, Ralph Finley, acting as auctioneer, sold the lunch baskets, netting \$70.80.

Competition was keen among the children in trying to secure "certain" baskets, one youngster even becoming so excited as to raise his own bid.

After the basket supper, votes were sold on a huge chocolate cake which was awarded to the most popular girl, Miss Pearl Parks winning the honor. The cake brought \$49.20 bringing the total receipts up to \$120.00. The money will be used for standardizing the school.

Over 100 people were present coming from Sand Hollow, Butter creek, Pine City and South Springs.

WOOL GROWERS MEETING POSTPONED

Because some of the outside speakers who were to have important part in the program of the Wool Growers Meeting which was scheduled to be held this coming Saturday, were unable to attend and the meeting has been postponed to a later date. Announcement of the date of the meeting when set will be made through the papers by President John Kilkeny. This meeting probably will not be held until sometime in December or possibly the first of January.

C. W. Shurtz went to Arlington and Hermiston this morning on a business trip.

Hopper lodge of Elks will hold a card party in their club rooms tomorrow, Wednesday, evening and all members of the order and their ladies will be made welcome.

J. E. Moore and wife, Lone Rock, J. N. King, Ione, Joe M. Simas and Chas. Bennett, Monument, Shelly Baldwin and D. C. Duall, Lexington, were among the arrivals at the Patrick Monday evening.

Vernon Wade, of Stanfield, sustained a crushed ankle last Sunday at the Finley ranch, north of Lexington, when a bucking broncho threw him into a concrete watering trough. He was taken to a Pendleton hospital for treatment.

Owing to practically a cash demand by wholesale houses, after November 8th, without any exceptions our business will be conducted on a cash basis.

IRRIGON

C. E. Glasgow, Secretary of the Farm Bureau, and Hugh W. Grim, chairman, motored over to Heppner Wednesday, returning the following day. Mr. Glasgow was summoned by the county court to assist in making up the county budget and Hugh accompanied him to attend to various other business matters. They also secured a line-up on the funds available for road work and expect to get Frank Markham, our district foreman, to work a gang on the River-view Boulevard next month after other work is out of the way. A pit will be located this coming week and everything set in readiness as soon as local help is available. The Farm Bureau had a very interesting meeting Saturday night and decided to take a list of the farmers wishing to buy corn, and ship another car from the east. Those who want to get in

on this should make their wants known to Mr. Glasgow at once.

O. Aleckson, of Seattle, who has been visiting his niece, Mrs. W. T. Egleston, for the last week or ten days left on No. 1 Monday.

Wain Steward and Miss Winnifred Steward have returned from Laurel, Washington. Wain put in several months in the box factory at Laurel which is closed now and Miss Winnifred has been there a couple of weeks visiting her brother.

Lyle D. Saling's father and mother of Portland, are here for a couple of weeks, guests of Lyle and Mrs. Saling.

E. C. Bedwell and family arrived Saturday from Condon across country in their car. Mr. Bedwell is taking charge of the railroad section here, at least for the time being, while John Kuvallis is in Portland.

Rev. Hillis closed the protracted meetings Monday evening. The meetings were attended by large congregations every evening throughout the two weeks service.

Mr. Adams, the hog man, and Mr. Dayton, of Hermiston were in Irrigon on business Monday.

Looks like the Irrigon district has made the best record paying taxes this year. Reclamation service reports indicate many farmers behind with their taxes, which is the general condition in most parts of the coun-

try, but it is reported that nearly 100 per cent of the road taxes for this district is now available, indicating farmers about Irrigon being a little ahead of the average farmer now days. Such is a record to be proud of.

The Hay Growers association has stopped shipping hay for the balance

of the week because the state inspector condemned the wagon scales and new scales will not be ready before new scales will not be ready before N. Seaman reports having placed an order for another car load of seed potatoes for next year, to be shipped from the field this month. These are to be certified stock.
