You Can Be Both Tired and Happy

Tired after a day's hard work in the house and happy because you have the most improved washing machine, kitchen range and complete set of kitchen utensils in your house.

If you are not completely equipped with the **HARDWARE NECESSITIES** of life, it will only take us about a minute to prove to you that you are the loser—not only in dollars and cents, but in the fact that you are losing a whole lot of satisfaction.

Mr. AUTO OWNER

Come in and examine the new
"Nonok Bearing Bolts"

Which will put an end to loose bearings in your car. Cars so equipped have been run over 70,000 miles without adjustment and still were running without a "knock." Think what bolts of this kind would mean in that old Ford.

This is not only one of the latest but also one of the greatest discoveries in the perfection of automobile motors.

When the bearing is once taken up it **STAYS**. Don't forget that old adage: "A stitch in time saves nine."

United States on the Way to Become
a Nation of Mollycoddles.

By A. E. ADAMS, American Bankers' Association

The proposed extension of the federal government's postal savings bank system, as announced by Postmaster General Hays, is unwise. Any such extension will only increase government expenses, without giving the public anything of value. The main objections to the system are these:

The government cannot run any kind of business either efficiently or economically.

The postal banks divert credits from their natural channels.

There is no better reason for government intrusion into the banking business than for governmental intrusion into the steel business, the cotton business or any other type.

The greatest difficulty with us in the United States is that we are not self-reliant. We run to the government for everything. We are on the way to become a nation of mollycoddles and the easy prey to demagogues and fanatics.

FINDS JOBS FOR LEGION MEN

Minnesota Department Commander Holds Remarkable Record as Soldier, Citizen and Legionnaire.

Dr. A. A. VanDyke, Minneapolis, Minn., newly elected commander of the Minnesota Department of the American Legion, is accredited, among other things, with having found jobs for 1,300 ex-service men. The new commander has a remarkable record as a soldier, citizen and legionnaire.

When the American Legion came into being, Dr. VanDyke immediately became an active member. He was the first vice commander of St. Paul Post No. 8, which at the time was the largest post in the United States. He has served as chairman of the Ramsey county welfare committee and was a member of the legislative committee instrumental in getting the soldiers' bonus bill before the legislature.

Doctor VanDyke was born in Alexandria, Minn., and was graduated in 1903 from the University of Chicago School of Medicine. He later completed a course in dentistry at University of Minnesota. During the war he enlisted in the signal corps and because of previous training in artillery was sent to the M. O. R. S. camp in New Jersey as instructor.

THE DISABLED ARE FAVORED

Director of the Government Veterans' Bureau Aims to Give the Doubt to Claimants.

Gen. Red Tape, merciless foe of the disabled man, has been almost entirely eliminated through efforts of the American Legion. In its successful campaign for the passage of the Sweet bill—and the efforts of Charles R. Forbes, director of the government veterans' bureau.

Himself a veteran and a Legionnaire, Mr. Forbes has adopted a policy of seeking out the disabled man, instead of letting the disabled man's claim find its way into a pigeon hole via the route of red tape.

The government put an end to divided authority in its dealing with ex-service men with the appointment of Mr. Forbes as head of the veterans' bureau. This bureau dispenses the insurance, looks after hospital care and the difficult task of restoring disabled men to their former earning capacity, or creating them anew through vocational training.

Mr. Forbes' policy in dealing with compensation claims of disabled men and women gives the doubt to the claimant. "No claim," says Mr. Forbes, "shall be disallowed unless the disallowance is imperative, and doubts are to be decided in favor of the disabled man or woman."

HOW TO CURE UNEMPLOYMENT

Secretary of Labor, Writing in Legion Weekly, Tells How Situation May Be Relieved.

Writing in the American Legion Weekly on "Seeking the Cure for Unemployment," James J. Davis, secretary of labor, sums up the cure in a single paragraph as follows:

"Wage earners can help by giving up unreasonable demands, so that employers can afford to start their mills again, or so that buildings can be built—houses, schools, factories, stores. Merchants can help by giving up unreasonable profits, so that more people can afford to buy clothing, furniture, food and general supplies. The landlord can help by lowering unreasonable rents, so that workmen can afford to accept a wage that shall become a living wage as rents are lowered."

Warm Welcome for "Legion" Steamer.

After having clipped ten hours off the record run between New York and Rio de Janeiro, the all-American-manned steamer American Legion, has returned to New York, following her maiden voyage. The vessel, with the majority of its crew members of the Legion, was greeted in every South American port it touched by Legion posts. Along the Platte river from Montevideo to Buenos Ayres, the captain reported, launches put out from shore and their owners cracked bottles of wine and champagne over the bow plates of the ship as she slowly made her way up the river. This, he said, was the South American Legionnaires' way of expressing their welcome.

Buy With Your Eyes Open

When you buy a piano you don't make a selection on guesswork.

You want to see it. You want to hear it played.

Above all, you want a piano that you know by name. You want to buy it from a store you know.

Buying a piano is, for most folks, an event.

Buying food, wearing apparel and household needs is an everyday occurrence.

But, there is no reason why you should not get the same full value for your money. You can.

Good clothes, good tools, good shoes, good soap are advertised by the manufacturer because he **MAKES** them good.

Your merchant here has these goods. He believes in them. He backs up his faith by advertising them.

Read the advertisements. They keep you abreast of the times. They show you how to better your surroundings and yourself. They teach you how to save money and get the most out of what you spend.
