SHEEPMEN PLAN ALL DAY MEET JANU'RY 28

John Kilkenny, president of the Morrow County Wool Growers associ-ation, has asked the county agent to get word to the sheepmen of the county to the effect that the Annual meeting will be held in Heppner on Saturday, January 28th, beginning at 10 o'clock. There will be at least one good address in the morning, perhaps a dutch lunch at the hotel at noon, another short address after noon and the transaction of considerable business which will be of considerable business which will be of interest to every sheepman in the county. Among other things the question of the price of shearing sheep for this year will be discussed. Representaties of the different shearing outfits will be present as well as large sheep owners from Gilliam and Umarilla counties.

Mac Hoke, secretary of the State of the total total the secretary of the State of the secretary of th Wool Growers will be present, and we are depending on R. A. Ward, manager of the Pacific Wool growers association, getting here for the event if possible.

Pass the word on, for every sheepman should be present.

A meeting of the officers of the John Day Irrigation district was held at the office of Sam E. Van Vactor their attorney, last evening when the votes cast at the recent district election were canvassed and C. A. Mi-nor was declared duly elected. Forty-nine votes were cast at the three polling places, of which C. A. Minor received 46. Three votes were cast for S. H. Boardman, at the Eightmile voting place, but it is understood he was not a candidate for the position, his name being writin on the ballot.

John H. Lewis, district engineer was present at the meeting and it was understood this morning that he is to submit a proposition to the directors today for a compromise and attendance cancellaton of his contract.

HAY RACK PARTY AT LIEUAL-LEN RANCH

Cecil Lieuallen entertained about at the Lieuallen home on Rhea creek.

The trip from town was made in the good old-fashioned way with a hay rack and four trusty steeds. Half buried mid the sweet smelling alfalfa with many warm robes and blankets. the trip was made a most enjoyable one, but was only a side issue when compared to the hospitality and en-entertalment offered the merry-makers at the farm house. From dominos and checkers to

singing, dancing, and last but not least, eating, the party was a great success in every sense of the word and every one present declares they could not have wished for more.

A CORRECTION

A news item which was printed in the Herald of January 3rd which sta-ted that James M. Forrest and Miss Sophia Cox had been recently married, proves to have been untrue. The item came to this office in a signed letter from Monument and was takes in good faith and published. The writer of the letter is guilty of a most contemptible act and our advice is that he should lose no time in gett-ing in touch with Mr. Forrest and squaring the matter before other steps are taken.

The End of a Perfect Day

Pursuant to authority given is Chapter 127 of the 1919 Session Laws, of the State of Oegon, the Morrow County Court has instructed the County Agent to serve notice to parties owning, leasing, occupying, possessing, or having charge of, or dominion over, any land infested with jack rabbits, that steps must be taken immediately to exterminate the same under the supervision of the County Agent.

Procedure will be as follows: 1 .- Poison will be furnished free as long as funds voted for that pur-

2.—Each individual will be quired to provide proper bait treat put same out on lands he owns or controls, which are infested with rabbits. 3 .- Poison will be placed in the

hands of committeemen, in areas that are infested, from whom it can be secured. It is also available at the County Agents office. 4.—Prepare poison bait as follows

Dissolve one ounce of strychnine sulphate in one gallon of boiling water and sprinkle on 10 to 12 pounds of alfalfaleaves, last cutting of alfalfa hay, or wheat or rye heads, or short headings. Stir the but constantly so that all will become thoroughly dampened. Put out in trails in the can-yons where the rabbits are congregat-

ing while the sheep are off of the range. When the sheep are on the range the pens can be used. These must be baited however before put-
