Mrs. Ben Fleming writes from Weed, California, to have their copy of the Herald sent to that address. Mr. and Mrs. Fleming went south several weeks ago and located at Weed. They encountered a big blizzard in the Shadigo mountains but found things pretty good at Weed where Mr. Fleming went to work the morning following his arrival for the Weed Lumber Co.

Ku Kluxers at Medford and Roseburg are reported to be taking the law in their own hands and maltreating citizens whom they suspect of wrongdoing or of not doing just as the K. K. wish them to do. Properly constituted authorities should turn the tables of these knights of the nighties and give them a taste of their own medicine.

Mr. and Mrs. Claud Jewett came over from Echo last week and expect to locate in Heppner. Mr. Jewett has been working with sheep for several years and will have charge of Pat Connel's bands in the mountains this summer and in the fall he expects to buy a band of ewes and go in business for himself. Mrs. Jewett left for Baker Friday morning where she will visit her parents for a week or so.

George Burnside and Alvin McCarty, of near Hardman, were in town Friday and replenished their stock of garden seeds from the government sack at the Herald office. Mr. Burnside says it is still winter at his place, the frost not having yet left the ground and at the McCarty place, in the mountains south of Hardman, there is still three feet of snow on their garden spot. Alvin McCarty is the son of W. A. McCarty. He had his left arm fractured and dislocated at the elbow some time ago and he was in town to have further treatment for the joint which is stiff.

ELKS' DANCE, APRIL 1st GREAT SUCCESS

The Dress-Up dance given by the Elks Saturday evening was a huge success. The affair was a free-for-all, go-as-you-please party so far as costumes went and there were many original and striking rigs in evidence. Mrs. Charles B. Cox was awarded first prize and Ralph Thomson, second. The party was informal and everybody was out for a good time and no one was disappointed.

MAHONEY'S BURGLAR VICTIMS AT PORTLAND

Mr. and Mrs. W. P. Mahoney returned from Portland Sunday evening where they visited for a few days at the home of his brother, T. J. Mahoney. They were guests at the Portland home when it was entered by a burglar early one morning last week and Mrs. Mahoney was the only one to experience the thrill of watching a robber select what he wanted from her possessions.

Mrs. Mahoney was awakened by the noise when the man opened the dresser drawers but thinking discretion the better part of valor she kept still and watched him until he left and went down stairs. She then awakened Mr. Mahoney who in turn aroused his brother and they reached the kitchen in time to see the fellow go through a window. Mr. and Mrs. Mahoney lost a few dollars in change and some small articles but the thief left most of his more valuable loot when he took his hurried exit from the kitchen. The man was captured a couple of days later.

RAILROAD PROFITS

The railroads of the United States in 1921 had a net operating income of \$615,625,619, which is an annual rate of return on valuation of \$ 1-3 per cent.

UNIVERSITY OF OREGON CONCERT PLEASSED

An audience that crowded Star Theatre to the doors greeted the University of Oregon Symphony Orchestra last Thursday evening at what was doubtless one of the very best musical entertainments ever given in Heppner.

The orchestra consists of 25 members including Director Rex Underwood all of whom are gifted performers. The program consisted of twelve numbers starting with the overture, "William Tell," and closing with "Mighty Oregon," a splendid orchestra selection.

Features of the evening were the violin solo by Miss Alberta Potter, and the violincello solo by Miss Lora Teahner. Both these young performers delighted the big audience and received hearty encores.

Added interest was given to the entertainment by the fact that two of the company, Miss Margaret Phelps and Mr. Arthur Campbell are natives of Heppner, although Miss Phelps is now a resident of Pendleton.

The orchestra is said to be the largest University orchestra now

traveling in the country. They travel in a special car and before coming to Heppner they visited Baker, Pendleton, La Grande and other Oregon towns. They went from here to Hood River where they gave an entertainment Friday night.

POISON PLANT BULLETIN IS READY FOR STOCKMEN

Morrow county farmers and stockmen who have to put stock on ranges that carry stock-poisoning plants can now get an experiment station bulletin on methods of preventing or reducing losses of animals by range poisoning. The report was written by William E. Lawrence, who has visited most of the districts of the state where these poisonous plants abound, to study the plants and learn from stockmen the best practices in avoiding losses. The reports tells the kind of plants, where found, how and when they are most poisonous, how to prevent or lessen losses, conditions of poisoning, symptoms of poisoning, and as much as possible about remedial treatment after poisoning. Stockmen should apply to their county agent for copies.

Difference in Minds.

To the living and affirmative mind difficulties and unintelligibilities are no dross, which successively rises to the surface, and dims the splendor of ascertained and perceived truth, but which is cast away, time after time, until the inciter silver remains unsullied; but the negative mind is lead, and, when all its formations of dross are skimmed away, nothing remains.—Coventry Patmore.

Billings on Bravery.

True bravery is very easy to detect, for it is as much a part and parcel of a man's every day life as his clothes is. Everything that a truly brave man does is done from principle not impulse, and when no one sees him he is just as heroic as he would be if he was in the eyes of the multitude.—"Josh Billings" (Henry W. Shaw).

**Do You?**  
 If your income averages \$1000.00 per year you would probably be able to live on that comfortably. If your income increased to \$2,000.00 per year that would probably seem a bare sufficiency. But what has become of the extra \$1,000? If you can live on \$1,000.00 per year you can save money on \$2,000.00 per year.
