MORROW COUNTY ATHLETIC ASSOCIATION IN DEBT

The Morrow County Athletic association was somewhat in debt at the close of the school term 1919-1920.

It was the time of the gasoline shortage and added to this a rainy day so that the gate receipts at the track meet were not enough to defray the expense incurred.

During 1920-1921 the track meet was called off and no provision made toward paying off the indebtedness.

This year during county institute it was decided to hold a track meet but for unavoidable reasons this was found impracticable so that each school that participated decided to plan other means for raising its share.

This week a check for \$15.00 was received from the Hardman schools, being the amount raised through the efforts of the Parent-Teachers organization. This together with the cancellation of their bill for transportation, is the first to be received and we wish to thank the organization and the teachers for this amount.

The larger schools of the county are making provision for their share which we hope to receive soon so that Morrow county will not be in debt at the close of this year.

LENA SNELL SHURTE, County School Supt.

ANOTHER OLD PIONEER PASSES

Isaac Redding Esteb, one of the pioneers of Morrow county, died at his home at Centerville, Washington, in his 94th year, Monday, April 10.

Mr. Esteb was a native of Indiana and came to Morrow county in 1884. Before coming to this county Mr. Esteb lived for several years near Independence, Oregon, where he was married to Alice Rice about the year 1875.

Besides his widow he is survived by three children: Fred and Samuel Esteb of Centerville, and Mrs. Oscar Keithley, of Eightmile.

The funeral was held at Centerville on Wednesday, at 2:00 P. M., interment being in the family burying plot on the Esteb farm near Centerville.

MEYER LAUDS WORK OF CO-OPP. MARKETING

ASSOCIATIONS MEET OBLIGATIONS PROMPTLY SAYS MEYER

Nearly \$70,000,000 assigned for loans to agricultural producers through cooperative associations by the War Finance Corporation during the last six months resulted in not one single case of default, Eugene Meyer, chairman of the federal board, told bankers and business men in Portland last week. Mr. Meyer is concluding a survey of agricultural conditions throughout the nation for President Harding.

"All of our dealings with cooperative organizations have been conducted without the slightest difficulty," said Mr. Meyer. "We have been exceptionally well pleased with our dealings with your wheat marketing associations of the Pacific Northwest. Credits totaling about \$10,000,000 were extended to the associations in Washington, Oregon, Idaho and Montana, and although a less amount than this was used, the organizations were able to absorb large sums all told. Their obligations have been met to the letter in all cases and we have not one point of complaint in the way the associations are being managed financially."

Mr. Meyer discussed general agricultural conditions throughout the country, declaring a perceptible betterment to have occurred during the last six months. He attributed this to a considerable extent to the many cooperative marketing institutions which have been put under way with the consequent ability for "orderly marketing" of agricultural products. Out of the approximately \$70,000,000 which the war finance corporation has placed in loans to growers through cooperative institutions, funds have gone into every section of the United States said Mr. Meyer. The Burley tobacco people have used \$10,000,000. In the south the cotton growers have profited exceedingly from the operations of their marketing associations coupled with the financial aid the government was able to extend to them.—The Producer.

LOCAL WAREHOUSE MAY ADOPT FEDERAL LICENSE PLAN

A. H. Lea, president of the Oregon Co-operative Whentgrowers association, accompanied by B. W. Emerson, N. E. Shearer and A. L. Rush, who are interested in the warehouse business, were here during the week conferring with stockholders of the Heppner Farmers Elevator Co. in the interest of federal license for warehouses. While no action was taken at this time is understood that the local company will probably adopt the plan and steps in that direction will be taken at an early date.

WALTER BARTHOLOMEW PASSES

Walter Bartholomew, a former resident of this county and the son of Mrs. Mary Bartholomew, of this city, died at his home in Portland Wednesday, April 12th, at the age of 47 years.

The body was brought to Heppner for interment and funeral services, conducted by Rev. W. O. Livingstone, were held at the home of his mother, on Chase street Sunday morning at 10:00 o'clock.

Besides his aged mother he is survived by his widow and the following brothers and sisters:

Harry, of Stanfield; Edward, of Washington state; Charles of Pine City; Frederic, of Estacada; Mrs. Ed Saling and Mrs. Clyde Saling, both of Estacada.

G. M. Blakely is in town for a few days from Monument. Mr. Blakely, who owns the Beymer ranch near Monument, lived at Shaniko for some time but returned to the Monument place last fall and he says that John Day valley is hard to beat. Lambing is pretty well along on his ranch and he thinks they will save about 60 per cent of the lamb crop, the low percentage being due to the cold weather.
