Beach Haines, proprietor of the Condon hotel, and a leading citizen of that town, was here for the ball games last week accompanied by Mrs. Haines. Rumor has it that M. B. had 500 iron men down on his team Tuesday and those who know him best know that he has the faculty for winning.

John Hughes visited the Cartwright ranch in Juniper canyon last Friday and got plenty on the trip in the way of heat and dust. Mr. Hughes says, however that he was astonished to see the fine appearance of the wheat fields out north at Lexington. The hot weather had not injured the crop to any extent and he thought that with a good rain soon, that section will produce a good average crop.

Prof. E. R. Curtner, who has successfully conducted the boys' public and high schools for the past three or four years, writes the Herald that he has accepted the principalship of the Wheeler County High School at Fossil and expected to move to that town last Saturday. After getting settled in their Fossil home they will motor to Payette, Idaho, where they will spend the summer vacation visiting friends.

Prof. and Mrs. Howard M. James and children accompanied by Mrs. Jordan, left Thursday morning in their new Ford for an extended vacation trip which will take them as far north as Tacoma and as far south as Long Beach, Calif., with side trips to Crater Lake and other points of interest en route. When they return they will probably locate at Arlington where Mr. James has been offered principalship of the Arlington high school. He also has an offer as principal of the Hermon school and had not fully decided which he would accept when he left here. Prof. and Mrs. James have given splendid parties in the schools here for the past two years and the best wishes of many friends will follow them to their new field.

Mr. Bengt started a town of his own in the Spokane district several years ago and gave it his name but later sold out there and went to Spokane.

Ray Young, who was dangerously burned in a powder explosion at the road camp some time ago, is reported improving at the Heppner Surgical Hospital. Mr. Young's condition was considered very serious for a few days last week and Dr. McMurdo, physician in charge of the case advised the calling of a specialist from Portland. Dr. Atkinson came out Wednesday night and returned the following day. Mr. Young was kept in a hot bath almost continuously for a couple of days and this treatment, which was first used for severe powder burns during the late war, had a decidedly good effect.

Mr. and Mrs. C. E. Glasgow, well known residents of Irrigon, where they own a fine ranch on the bank of the Columbia, were visitors here Saturday, coming over to do some shopping and to attend the Farm Bureau meeting. Mr. Glasgow reports everything going nicely in his district in spite of the fact that Jack Frost gave that community a hard wallop on his last visit some two weeks ago. The cherries and peaches were mostly killed but the apple and berry crops are generally unharmed. Mr. Glasgow said he quit irrigating Saturday morning at 4:00 a. m. and had to hurry back and get it again at 8:00 p. m. "No," declared Mr. Glasgow, "it is not altogether a matter of sitting in the shade and counting your money to run an irrigated farm about this time of year, a fellow can always find enough to keep him busy."

Mr. and Mrs. S. W. Spencer accompanied by their nieces Misses Margaret and Mary Crawford, returned Thursday from a pleasant outing at Ritter Springs where they spent several days. They drove via Condon going over but returned over the Monument Heppner road which Mr. Spencer says is now in fine condition. With the John Day highway completed, Mr. Spencer says, Heppner must, above all things, take steps to have the Monument road improved in a few of the worst places, or expect to lose practically all of the interior trade. It is only about one-half as far from Heppner to Monument as from Monument to Condon and a relatively small amount of work would put the road in such condition as would bring the bulk of that trade to this city.

GILLIAM & BISBEE'S COLUMN

Before summer-fallowing use a Disk, we have them in tandem or single.

What has become of Morrow county's early settlers? We don't know. They have surely left the country or may be with their Heavenly Father, for there is very little sign of any early settlements around our place.

A Rotary Rod Weeder pulls them out roots and all and leaves them on top of the ground.

We are well supplied with alfalfa and garden seeds.

We have plenty of poultry supplies suitable for baby chicks up to old roosters.

Come to us for sheep marking ink, Red Black and Green. Sheep shears and sheep dip.

MARY MILES MINTER in  
"The Little Clown"

A real honest to goodness circus story, using a real circus with lions, elephants, bears, coyotes, monkeys, not to mention the famous trained goose, "Mike" and the famous horse, "King George."  
Pat was a daughter of the circus. Dick Beverly was the son of an aristocratic Southern family. Dick loved Pat in the circus but realized that she was different from the girls of his own class when he took her to his home. Making a lady of the fun-loving little clown, who was good at turning cartwheels but not up on social usages, proved a very difficult task; but love

laughs at family traditions, even when the family scowls.
