Firestone GUM-DIPPED CORDS -and Their High Mileage Records

The high mileage records of Firestone Cords continue to emphasize the fact that Firestone methods are different and better. These records, steadily increasing in number and in mileage totals, justify the Firestone contention that there is one best way to build tires.

Among the primary sources of Firestone extra mileage is double gum-dipping—the saturation of the cord plies in a vat of liquid gum—thus coating each cord and virtually eliminating internal heat and friction.

Another is Firestone air bag curing, with its 200 pound pressure, which places every cord accurately and equalizes the tension.

By blending the rubbers of different plantations and types, and by tempering it before mixing, Firestone men add still more mileage.

Many cord tires are good—a few are better—Firestone users say one is best.

Those who have already experienced Firestone mileage, have stopped shopping and experimenting—they have made these cords standard equipment. Investigate your friends' success with Firestone Cords—and buy your next tire accordingly. Come in and get your share of extra mileage.

COHN AUTO COMPANY

UNION PACIFIC SYSTEM SHOPMEN WANTED

FOR RAILROAD SERVICE AND AT WAGES AS FOLLOWS:

- Machinists 70 cents per hour
- Boilermakers 71 cents per hour
- Blacksmiths 70 cents per hour
- Electricians 70 cents per hour
- Sheet Metal Workers and other workers in this line 70 cents per hour
- Freight car repairers 63 cents per hour
- Car inspectors 63 cents per hour
- Painters, freight cars 63 cents per hour
- Helpers, all crafts 47 cents per hour

These men are wanted to take the place of men who are striking against the decision of the United States Railroad Labor Board, and their status, and the FULL PROTECTION GUARANTEED, are explained by Mr. Ben W. Hooper, Chairman, in his statement of July 1:

"In this case the conflict is not between the employer and the oppressed employee. The people of this country, through an act of congress, signed by President Wilson, established a tribunal to decide such disputes over wages and working conditions, which are submitted to it in a proper manner. It is the decision of this tribunal against which the shop crafts are striking.

"Regardless of any question of the right of the men to strike, the men who take the strikers' places are merely accepting the wages and working conditions prescribed by a government tribunal and are performing a public service. They are not accepting the wages and working conditions which an employer is trying to impose. FOR THIS REASON PUBLIC SENTIMENT AND FULL GOVERNMENT POWER WILL PROTECT THE MEN WHO REMAIN IN THEIR POSITIONS AND THE NEW MEN WHO MAY COME IN."
