**CONDON 7, HEPPNER 7**  
The Condon-Heppner football game played on the local field last Saturday was full of the old fight from start to finish with each team carrying the pigskin over for a touchdown. Heppner made her 7 points in the first half but lost the game in the second half when the quarter called for an on-side kick on her own 15 yard line. Athlon booted ball which didn't function properly and Condon recovered it on the Heppner 15 yard line. They carried it over for a touchdown with a couple of line bucks. They tied the score when they kicked goal.  
Heppner had a victory tucked under her belt for once in the last quarter when they carried the ball across for another touchdown. But was penalized ten yards for pushing on the play and with only a minute to play could not recover the ground.

ranch. The land is all in wheat now and next harvest we will determine how much wheat you destroyed and you may pay me for that if you want to."

The fact developed that Mr. Jones keeps one man on the ranch in the winter and he has been batching in the house and as no other way appeared for the county to get even with Jones for his unheard of conduct, Judge Campbell made it a part of the deal that Jones's man shall board with the county road crew as a star boarder.

Mr. Hendrix, however took a different view of the road question. He absolutely refused to give any right of way but offered to sell the county his ranch for \$50 an acre. He finally however, decided that he would let the road go through for \$10,000 damages but this offer the court flatly refused to consider.  
After returning to town the court decided to have the county surveyor make some estimates relative to equitable damages and report to the court at an adjourned meeting tomorrow. It is understood that the court will then make a tender to Mr. Hendrix and if that is refused the matter will be at once taken into the courts under condemnation proceedings.

Law never changed a man's religion or his nature—and never will.

**UNFAIR and UNNECESSARY TAX**

The Taxpayers' League of Portland are advising the voters here to vote against the Fair measure for the reason that taxes should not be used for purposes of this nature.

We advise the taxpayers of your community to do the same, you cannot escape your proportion of this tax no matter what the proponents of the Fair may say to the contrary. Therefore, vote 305 NO, so as not to increase your now overburdensome tax.
