INDIAN MAIDEN FRESHMAN AT UNIVERSITY OF OREGON
UNIVERSITY OF OREGON, Eugene, Oreg., Nov. 5.—Eleanor Houk, of the Blackfoot tribe, is the first Indian girl to attend the University of Oregon. Her home is in Brown Ing, Mont., a small town situated a few miles from Glacier national park. She received her grammar school education and a part of her high school education at Carlisle, Pa., the largest Indian school in the United States, which was abolished during the war by the government.
Coming to Oregon in 1918, she entered high school and graduated in 1920 with high honors. The following year she taught in the lower grades at Chemawa. This fall she enrolled at the University as a Freshman, with the intention of completing four full years in the department of physical education.
You get more useful education from mixing with plain people than from mixing with professors.
