IMAGINATION OF JULES VERNE IN NEW FILM

'Isle of Zorda' Adapted From French 'Mathias Sandorff'
The announcement of the Star Theatre that it will show "The Isle of Zorda," a film version of Jules Verne's story, "Mathias Sandorff," next Saturday, reminds one of what a marvelous imagination this French writer had.
What a gift, what a talent, what a genius is imagination. In his mind, Jules Verne could plumb the center of the earth; he could travel to the depths of the sea; to the heights of the moon; around the world;
He could imagine wonderful adventures; deep mysteries; dark intrigues; charming romances, as no other writer before or since him. And his pen was as vivid as his imagination. The imaginings of his own mind he gave freely to the world.
And what a man is Mathias Sandorff, hero of "The Isle of Zorda." Great-hearted, noble-souled, splendid he suffered every agony of the flesh and the spirit through betrayal. But he never gave up. At no time was the fight too great for his strength and courage. He rose again to the heights through his own tremendous efforts, and then he matched his wits against the greedy plotting of his enemies.
Mathias Sandorff's personality and story is said to carry you away from your daily atmosphere of monotony and petty troubles and into a world of adventure that every red-blooded, courageous person, in the bottom of their hearts, longs for. That means it is genuine entertainment.

The Junior Red Cross has added to its library nine new books chosen from the Teachers Reading Circle list. Teachers are asked to read these books during this school year so as to have their reading circle certificate before they sign their contracts for next year.

BREEZY NOTES FROM HEPPNER HI

Of main importance in school events for December is the grade operetta entitled "The Trail of Santa Claus." The scene takes place in a court of justice where Santa Claus has come up for trial. About twenty-four characters make up the cast, besides the chorus. This operetta will be very pleasing and enjoyable to the parents as well as school pupils, and we advise you not to make any other date for December 22.
What a noise in assembly early Monday morning! You would have thought something exciting had happened, but it was only the news that the pole for the Fresh pennant had arrived. The pole was put up Monday evening after school by several boys.
The second year sewing class has been very busy making the costumes for the chorus in "The Trial of Santa Claus." When these are done their next work is to make "home-made" dress forms. They will draft their own patterns for their silk dresses to be made later on.
The latest mystery—"What nice moonlight night will the Fresh choose to bring out their new pennant?" We'll wager the sophs and Juniors would give a lot of know.
Heppner Hi students had a real demonstration of "poets and poetesses" in school last week. For Senior English the class was told to write a poem and bring it to class. The subjects varied from "Ode to the Moon" to "Our English Lesson" and furnished much amusement to the listeners.
We have only one regret—that Thanksgiving comes only once a year (especially the holidays.) There will be no school on the Friday following, and many teachers and pupils are planning on spending their vacation out of town.
Hints of basket ball practice have been flying around assembly quite a bit lately. The girls' team will be coached by Mr. Mather and expects to start practice as soon as the hall is fixed. The boys will be divided into doughnut league according to weight and will include the seventh and eighth grade boys.
Junior class celebrated Thanksgiving by having a large dinner at the school house Friday evening. There were very attractive decorations and the menu consisted of fruit cocktail, roast turkey, candied sweet potatoes, mashed potatoes, cranberry sauce, Parker house rolls and mince pie. There were a few after dinner speeches after which they adjourned to the kitchen to do the dishes. The boys performed their duties to perfection, except that they got more water on the floor than they did in their dishpans.
