Here's the Secret Of that wonderful "round" tone

On hearing The Brunswick for the first time every music lover exclaims at its wonderful full, round, life-like tones. Back of the grill is the secret — an oval horn built entirely of wood on the violin principle. Sound waves are amplified and sent out to the listener in correct acoustical "circles." No metal touches them. That's the secret!

IRRIGON

Mrs. C. C. Grijam spent Monday and Tuesday in Portland visiting relatives and doing Christmas shopping. The ladies society of the church will give a card party and pie social Saturday evening, December 16, at which time they will raffle off several quilts. They assure everyone of a good time.

Irrigon has started the basket ball season of 1922-23 with a fine aggregation of players. The game with Boardman on Friday evening resulted in a score of 21 to 19 in Irrigon's favor. The Irrigon quintette kept in the lead throughout both halves of the game. "Bill" Knight as forward was one of the fastest and steadiest men on the team. He was a speedy man on the floor and a spectacular shot. Another speedy forward was Ray Dempsey, while Dove Knight and Roy Dempsey as guards made it very difficult for the Boardman team to shoot baskets. Lyle Seaman, the center, is a "south paw" and this took the Boardman center unawares. Dove Knight was unfortunate and had his right eye badly injured during the game.

There are many strange things to be discovered, and one of them that the girls have an aggregation of basket tossers that are hard to beat. Measured in the development of material, their game with Boardman was an exceptionally fine one. After a hard fight Boardman was only able to score two baskets against them. When the whistle blew the score stood 2-4 in favor of Boardman. The line-up for the girls was: Forwards, Jewel Howard and Shirley Hendrick; guards, Hazel Smith and Leola Benefiel; centers, Ouida Hendrick and Freda Seaman. They were good losers and we must congratulate

both teams on their fair, clean playing.

The farm bureau held its regular monthly meeting Saturday evening December 9th. The election of officers was dispensed with until January meeting in order that there might be a larger number of members out to vote. Dancing followed the meeting, after which refreshments were served. Owing to disagreeable weather not a very large crowd was present, but all who were report a good time.

Mrs. Debbie Bell McCune has moved to Boise, Idaho, where she will spend the winter. Mr. W. C. Van Winkle and family have moved into her home and the family of Frank Rider have moved into the Dawson house formerly occupied by the Van Winkles.

Mr. and Mrs. C. E. Glasgow and daughter drove to Hermiston on business Monday.

Bishop Wisdom returned the 11th of last week from Mable, Oregon where he had been for several months.

Mr. and Mrs. C. C. Broeker of Hermiston were visitors in Irrigon Sunday.

Mr. Ernest Benefiel and daughter, Mrs. Nell McCarthy, of the Willows are visiting with the home folks this week. Mr. Benefiel has finished his grading contract at Willow creek and as soon as the weather moderates will leave for Pendleton where he has a contract.

The boys' basket ball team will leave Friday on a trip which includes Heppner and Ione. They will meet the Ione basket tossers on Friday evening and Saturday evening will play the Heppner team.

The school is giving a school program on Friday evening, December 22. They invite all parents and friends to come and celebrate the Christmas with them.

Mr. Paterson and Mr. Johnson of Paterson, Washington, attended the

dance given by the farm bureau Saturday evening and remained over night at the C. E. Glasgow home and returned home Sunday.

scratches. Young Bob thinks there is nothing like having mules properly educated to know just how to behave in an emergency.

WINTER SHORT COURSES WILL START JANUARY 2

Short courses that offer Oregon farmers who can find time to take them the best and newest ideas in modern farming practices in Oregon, which have been arranged by the state agricultural college to start on January 2 at Corvallis.

The grounds, buildings, equipment and most all of the staff of specialists that have made the Oregon college famous the civilized world over, will be available for use by the short course men and women. Courses of rural Oregon not yet recognized fully or fully used, will be pointed out as well as time will permit. Following are the seven courses:

Tractor mechanics, Jan. 2 to Mar. 17; general agriculture, same; horticulture, same; dairy herdsmen's course, Jan. 2 to June 10; dairy manufacturing, Jan. 2 to 27; Jan. 28 to Feb. 24; horticultural products, Feb. 5 to 24; bee culture, March 19 to 24.
