**RESOLUTIONS OF RESPECT**

Whereas, It has pleased God, in  
His wisdom, to call from his earthly  
labor our highly esteemed brother,  
Septimus William Spencer, and

Whereas, Brother Spencer was a  
charter member of this lodge and for  
many years faithfully and consistently  
served this lodge as secretary, ex-  
alted ruler and trustee and in many  
ways worked for the upbuilding of  
the Benevolent and Protective Order  
of Elks, it is fitting and proper that  
we, as Elks, make fraternal and  
merited acknowledgment and record  
of the high esteem and fraternal love  
in which we hold him.

Resolved, That while we humbly  
bow to the decree of the Exalted  
Ruler of the Universe we are filled  
with sorrow at the passing of our  
brother.

Brother Spencer was a true Elk  
and the virtues and principles for  
which the order stands were truly  
exemplified in his daily life than  
which no higher eulogy can be pro-  
nounced.

To the widow and other close re-  
latives of our departed brother we  
extend sincerest sympathy and con-  
dolence.

Resolved, That a copy of these  
resolutions be spread upon the re-  
cords of this lodge, a copy be trans-  
mitted to the widow of the deceased  
and copies be furnished the local  
press for publication.

**UNION PACIFIC OWNED  
BY SMALL STOCKHOLDERS**

Omaha, July 2.—The Union Pa-  
cific System of railroads has 51,016  
stockholders, according to a state-  
ment issued today by C. R. Gray,  
President. Approximately 43 percent  
of the stockholders are women and  
most of the stockholders are persons  
of moderate means, says Mr. Gray.  
The average holding, according to  
the statement, is 63 shares of a par  
value of \$100 each. No one person,  
firm, corporation or institution owns  
as much as two per cent of the ca-  
pital stock, the statement adds. Stock-  
holders reside in every state in the  
Union and in Alaska, Canal Zone,  
Guam, Hawaii, Philippine Islands.  
"Thus," says Mr. Gray, "Union Pa-  
cific stock, like a country's trade,  
follows the flag. This widespread  
distribution conclusively answers  
the statement that the railroads are  
owned and controlled by a few per-  
sons. To an extent not generally  
recognized, the railways are owned  
by the public. This subject comes  
home to every household when it is  
considered that life insurance policy  
holders and savings bank depositors  
are partners in the operation and de-  
velopment of our railways."

**THE WASCO WAGE SCALE**

The wage scale for the coming hay-  
ing and harvest season in Wasco was  
established the fore part of the week  
by a number of representative farm-  
ers appointed last Monday at the  
farmer's union picnic at Dufur by F.  
B. Ingles, county president of the  
union.

In establishing a wage scale it is  
not the intention of county farmers  
to obtain labor at low wages but  
rather to set prices reasonable  
enough to prevent a labor shortage  
during the harvest season.

It was pointed out that the scale  
was doubly advantageous inasmuch  
as it protects the farmer and the  
man seeking employment. With a  
wage uniformity throughout the  
county, there will be no danger of  
having transient labor shift from  
one farm to another seeking higher  
wages.

Following is the scale drawn up  
and approved by the farmers' union  
of Wasco county: Haying, \$2.50;  
header punchers, \$6.00; loaders,  
\$5.00; box drivers, \$3.00; separa-  
tor tenders, \$6.00 to \$8.00; engin-  
eers, \$6.00; hoe downs, \$3.00, spike  
pitch, \$3.50; sack sewers, \$4.00 to  
\$5.00; cooks, \$2.50 to \$4.00; bucks,  
\$5.50; roustabouts, \$3.00; net driv-  
ers, \$3.00.—The Dalles Optimist.

**FORMER RESIDENT VISITS HERE**

John Woodard, jr., son of a well  
known pioneer family of Heppner  
and Butter creek, was in town Satur-  
day shaking hands with many of his  
old friends. Mr. Woodard is now  
living at Nyssa, Oregon, where he is  
engaged in the sheep business. Times  
are none too good there, Mr. Wood-  
ard says, the alfalfa farmers being  
pretty hard hit by the inroads of the  
alfalfa weevil on their meadows. The  
weevil is a sort of small maggot and  
there are literally countless millions  
of them. They draw the juice from  
the alfalfa plant thereby damaging  
the quality of the hay. The only  
way to fight them is by cutting the  
first crop early then let the ground  
dry out before the water is again  
turned on and the dry heat kills  
them. Some farmers harrow the  
land after the first cutting to bring  
the pests to the surface where the  
hot sun soon puts them out of busi-  
ness.

**FORMER BOARDMAN MAN  
TAKES HIS OWN LIFE**

Beaverton, Oregon, June 27.—Er-  
nest Stump, an employe of B. S.  
Kingsley, local merchant, committed  
suicide early this morning. The body  
was discovered by Evone-Hetu and  
Clara Hennessey, clerks in the Kings-  
ley store, when they arrived to be-  
gin work, lying on a bed in the room  
with a .22-calibre repeating rifle be-  
side it. It was decided by Sheriff  
Alexander and Coroner Limber of  
Hillsboro that the dead man had  
placed the muzzle of the rifle in his  
mouth and pulled the trigger.

People who know Stump were un-  
able to account for the suicide. Be-  
fore locating in Beaverton, Stump  
was in business in Boardman, Ore-  
gon, and Battle Ground, Wash.

**Margin**

Leave an ample margin between your  
income and your expenses. What you  
lose in immediate pleasure will be amply  
repaid in the sense of assurance and  
self-respect which go hand in hand with  
a good-sized bank account.

Living on margin is diametrically op-  
posed to the principle involved in buy-  
ing on margin. The former is wise con-  
servation, the latter is speculation.
