## "BIGGER, BETTER THAN BEFORE"--HEPP, RODEO

MISS EVA PADBERG HAS BEEN CHOSEN QUEEN

30 Fire Eating Bronchs Already on the Ground. Thrills and Action Promised

"Bigger and Better Than Before," is the word sent out from Heppner Rodeo headquarters anent the coming meeting scheduled for Thursday, Friday and Saturday, September 27, 28, 29.

Miss Eva Padberg, charming daughter of Mr. and Mrs. William Padberg, has been chosen Queen of the Rodeo and those making the selection are positive that no better choice could have been made. Miss Padberg is a typical eastern Oregon ranch girl as much at home in the saddle as in her home and her selection will not only give general satisfaction but will add to the success of the occasion in many ways.

There will be no dearth of fire-eating, squealing, bucking horses and the trophy winners are assured of earning their prizes to the last notch. Already some 30 head of the snorting devils have been assembled at the grounds and are being given every attention that will insure plenty of snap and vigor in the outlaw equines. Other good specimens are yet to come and the management assert that when all are gathered the herd will include some of the very meanest cayuses in the state.

Some 40 wild steers and many elusive calves are also already gathered and from the present appearance of things there will be plenty of thrills and action every day.

Peterson, of Ukiah, will be on hand with his famous relay string and several other strings for that event are expected.

But all the fun and entertainment will not center at Rodeo grounds. Not by a long shot. There will be a first rate carnival show in town during the meeting and the kiddies and others will be surfeited on Ferris wheels and merry-go-rounds as well as other forms of entertainment and amusement. The management of the Rodeo have leased this con-

"IT'S TOASTED"

## HEPPNER SHOULD TAKE WARNING OF BERKELEY

A grass fire destroyed a large part of Berkeley, California, yesterday and the lesson should not be lost in other towns.

Heppner is in peril every day from the same cause and steps should be taken by the city authorities at once to have the dry grass and weeds on vacant lots, streets and alleys burned under strict supervision.

Heppner has had two costly baptisms of fire in recent years and we should not, under the command of old General Apathy, invite another.

At this time we cannot, as a community, afford it.

## HIGHWAY HEAD MAKES HEPPNER SHORT VISIT

### COMMISSIONER DUBY HERE

William Doby of Baker, recently appointed state highway commissioner to succeed W. B. Barratt of this city, was in Heppner for a short time Thursday with R. H. Baldoek, district highway engineer. The gentlemen were giving the Oregon-Washington highway the once over and Mr. Baldoek informed the Herald that the present contract between Heppner and Jones hill will be completed early this week.

Asked when Morrow county people might expect the highway completed from Jones hill to the Umatilla county line Mr. Doby replied that the highway commission is in about the same position as the wheat farmers and cowmen. They have an abundance of places to put money but no money to put anywhere. When the present contracts are completed, Mr. Doby said, the funds will be exhausted and as voting more bonds is not to be thought of the only remaining resource will be the auto and gasoline taxes and a large part of that will be required for maintenance of roads already built.

cession to the Carnival people and the city authorities are the arbiters as to its operation which they say must not violate any of the city ordinances. Good order is thereby assured.

Another feature that never goes begging for patronage in Heppner will be the dances to be held at the pavilion every night of the show. The well known Dalles band will be present to supply plenty of first class music day and night and the orchestra for the dances will be the best obtainable. In the exhibit hall adjoining the pavilion a real, old time '49 dance will be operated for the old fellows who have never learned the modern steps and where they may revel the night through in good, old-fashioned quadrills, reels, minuets, etc. This is not any traveling '49 outfit but just an old-time dance for old-time folks.

The management give every assurance that the show this year will discount last year's meeting and they have asked the Herald to urge

## PATRON'S ASSOCIATION ENTERTAINED TEACHERS

PLEASANT SOCIAL AFFAIR HELD LAST FRIDAY EVENING

Reception Held in Church Parlors Was Attended by Many Citizens

Members of the patron-teacher association were hostesses last Friday evening to the teachers of Heppner public schools, the affair being held in the parlors of the new Christian church on Gale street and attended by a representative company of residents of the Heppner school district.

An excellent program was given in the church auditorium at 8 o'clock when Mesdames Hopper and Miss Luola Bengo pleased the audience with a reading from Kipling.

Hon. S. E. Notson gave the address of welcome on behalf of the association and the community and Professor I. A. Mather responded for the teachers.

Following the program the audience were invited to the parlors in the spacious basement of the church where the guests were formally welcomed with past presidents and present officers of the association in the receiving line.

The remainder of the evening was most pleasantly spent with a new game in which the manufacture of some very wonderful poetry played an important part. Following the burst of poetic fervor the company came back to prosaic things and were able to do ample justice to the refreshments, which consisted of good old, prosy apple pie and coffee with whipped and straight cream punctuation.

### Ferguson-Crawford

Mr. Raymond Ferguson and Miss Coramae Crawford were united in marriage at 6 o'clock Sunday morning at the home of Rev. W. O. Livingstone, who performed the ceremony.

The couple are well known members of Heppner's younger set, the bride being a daughter of Mr. and Mrs. Vawter Crawford of this city, and the groom is a son of Mr. and Mrs. O. T. Ferguson, well known farmers of the Blackhorse district.

The happy couple left immediately after the ceremony for Walla Walla on a short wedding trip.

Mr. and Mrs. Warner Reitman were in from their ranch north of Lone Sunday. Mrs. Reitman is teaching their home school this year, having started the term yesterday.

every business man and citizen to get into his multi-colored shirt and big, cowboy hat and hit the ball in true Rodeo spirit. To quote Chairman McNamar: "It is the spirit that quickeneth," and a loud shirt and big hat will help give us pep."

## JEREMIAH BROSNNAN PASSES TO LAST REST

WAS RESIDENT OF COUNTY FOR MORE THAN 50 YEARS

Many Warm Friends Regret Demise of the Genial Old Pioneer

Jeremiah Brosnan, one of the outstanding figures among the pioneers of Morrow county, passed to his last rest Sunday evening, Sept. 16, 1923, at St. Anthony's hospital, Pendleton, at the age of 85 years.

Mr. Brosnan had been in failing health for several months but a couple of weeks ago he showed improvement and was taken to Pendleton in the belief that the change would be beneficial but the worn out body failed to respond to the best care that skilled nurses and loving relatives and friends gave and he passed to other scenes.

Jerry Brosnan was numbered among the early pioneers and had been a resident of what is now Morrow county for more than 50 years. He was a native of Ireland and brought with him from the emerald shores of that country that spirit of optimism and good cheer for which his countrymen are noted. He engaged in the stock business after coming here and was successful in that line. His genial nature and ready wit won him many friends and his passing even at his ripe, old age will cause many a regret among those who knew him best.

Mr. Brosnan is survived by his widow, two daughters and one son. The children are: Mrs. Hugh Curran of Pilot Rock, Mrs. Samuel Nelson of Pendleton and John Brosnan of Lena.

The funeral was held today (Tuesday) at 9:30 a. m., interment being at the pioneer cemetery at Vinson.

### Deputy Sheriff Changes Name

When Deputy Vivian Yocum reported for duty at the sheriff's office Monday morning she was accompanied by a young gentleman whom she introduced to other courthouse satchels as "my husband, Mr. C. A. Kane." There were evidences of surprise, not to say bewilderment, on the faces of the courthouse crowd and some of the old time "joshers" were inclined to the opinion that the deputy was spoofing them—but she wasn't.

The ceremony was performed at 10:30 o'clock Sunday evening at the home of the bride's sister, Mrs. Haphold, Rev. Livingstone officiating.

Mr. Kane is a resident of Wasco where his bride also resided before coming to Heppner a few years ago.

Mrs. Yocum has been chief office deputy in the sheriff's office for a couple of years and is credited with high efficiency in her work. She will remain in the office until Sheriff McDuffee can select her successor after which the young couple expect to reside at Stockton, California, where Mr. Kane will be connected with the Holt Manufacturing Co.

## TERRIFIC FIRE WIPES OUT 600 HOMES AT BERKELEY

Information reached here last night by radio that a terrific fire was raging at Berkeley, California and that the entire city was threatened. Six hundred homes had already been destroyed and buildings were being dynamited in a mighty effort to save the University of California which is the pride of the Golden state and of the coast.

The fire started from an insignificant grass fire that got beyond control when the wind freshened and swept the flames into the city.

## FOLEY SELLS HEPPNER HOTEL TO EUGENE MAN

Pat Foley, proprietor of Hotel Heppner, was here from The Dalles Friday accompanied by Mr. Bell of Eugene, who was negotiating with Mr. Foley for the purchase of the hotel. Mr. Bell conferred with the directors of the hotel company and received assurance from them that no objection to the deal would be coming from them if he could satisfy them of his financial responsibility, which it is understood he was able to do. Mr. Bell and Mr. Foley returned to The Dalles Friday evening and as this is written it is not known here whether the deal has been closed.

Mr. Bell is said to be an experienced hotel man, with a wife and a grown son and daughter who would all assist in operating the place if the deal is made.

Later—Manager Fisher received word from Mr. Foley last evening that the deal between himself and Mr. Bell has been completed and that they will be in Heppner Thursday to complete the transaction and the transfer of the property to the new owner.

## YES! COMMERCIAL MEMBERS WERE NOT HUNGRY

FRIDAY NIGHT'S DINNER WAS CALLED OFF

Club Officials Regret Lack of Interest in Face of Needed Action

...The commercial club meeting announced for Friday evening when members were called to meet at the Elkhorn for a chicken dinner failed to materialize, the inference being that the members were not hungry. This was in no way any reflection on Ed Chinn's popular restaurant, because the last meeting the club held was at that place and the dinner was fine. President Van Marter and Secretary Sweek undertook to sell tickets for the dinner Friday morning but found most of the citizens so well fed and so partial to home cooking and the company of their wives, children or sweethearts as the case may be, that they did not look with favor on a community dinner with their neighbors and respectfully declined to purchase. The dinner was, therefore, called off.

Officers of the club regret the lack of interest on the part of members because, they say, there are several matters of great importance to the town that demand attention and the purpose of the meeting that failed was to discuss these matters in an effort to do something to help conditions in Heppner. The officials are inclined to be somewhat pessimistic about the club's future, as one mistle about the club's future, but one organize after a lapse of a year or two between meetings.

George Thomson, who has been in a Portland hospital for several weeks where he underwent an operation on his knee, has returned home but is still using crutches. His physicians assure him, however, that he will soon be all right again.
